Geraldine (Exams Officer)

Ernest Bevin College is one of the best schools I have found over the years for a truly community feeling whereby you feel appreciated and if you are ever down then someone is there to listen or help.

Michael (Head of Maths)

I have been at Ernest Bevin for a long time and have experienced many transformations in my entire time here. What I enjoy most is the sense of community and the open door policy that gives staff the opportunity to discuss any issues they may have.

Sharon (Health, Social and Well-Being Coordinator)

Ernest Bevin has a very dedicated team many of whom have worked here for years. The school offers opportunities to move up in your career and also has a very friendly atmosphere.

Lydia (Head of Citizenship)

Lots of hard work but also lots of rewards which make it all worthwhile.

Alastair (Assistant Principal)

Ernest Bevin remains an organisation in which people; pupils and staff alike, are important; particularly when times are tough for them. Humanity and compassion abound.

Jim (Head of Physics)

Working at Ernest Bevin has a community feel where staff at all levels are approachable and support and encourage each other to succeed. The students we teach are hugely varied and can offer significant challenge and rewards for any teacher. Working here has allowed me to develop my career and expand my ability as a teacher.

Aine (Beginning English Teacher at Ernest Bevin and now a NQT)

Ernest Bevin is a brilliant school to develop your teaching skills at, as it is such a supportive environment. Help and advice from colleagues in Bevin can be found from anyone at anytime, anywhere.

Alexandria (Teacher of Maths)

Bevin is vibrant and exciting! No two days are ever the same!

Adrian (Learning Resources Manager)

Still working here after 44 years. It must be good!

Djamel (Head of Year)

Bevin is a place where passionate teachers create eager learners.
