

Woodbridge Park

Changing the world and changing lives

What our staff say

A committed, driven team of staff

Ann Bloor - Exams Officer

I have been with the 'Service' for nearly 14 years and in the role of Exams Officer for the past 4 years. The role is extremely varied, dealing with a number of different Exam Boards, subjects and I enjoy the challenges the role sometimes brings.

Student's needs and support are paramount and I have a good, strong relationship with members of staff who ensure that the best chance is given to our students.

Seeing individuals who have challenges in various parts of their lives succeed in examinations gives me and the whole school team great motivation and satisfaction.

We have seen the attendance of students for formal examinations increase year on year.

Anne Plaister – PSICHE Lead

I have been at Woodbridge Park Education Service Primary Centre for over 14 years, although I have been working with children and young people for over 25 years. My passion is working with children and young people especially those with SEND and SEMH. I have been the PSICHE Lead for a year and I feel that in a changing environment on and offline, children and young people need to know how to be safe, healthy and how to manage their academic, personal and social lives in a positive way. At Woodbridge Park Education Service, we strive to do this across all sites, through a comprehensive PSICHE programme of lessons including explicit and implicit learning opportunities and experiences which reflect the young peoples' increasing independence and physical and social awareness.

I am proud to be part of the Woodbridge Park Education Service staff team and the relationships we build with our young people and their families.

Joan Wren - Assistant Headteacher, CATE

Working in the CATE Centre is a highly rewarding yet challenging experience. We support students with a diverse range of needs, who are often very anxious about school when they first attend the service.

Being part of a community which puts students at the heart of everything we do makes me feel proud and privileged. I have had a number of different roles within CATE over the years and am very excited to be leading the new Sixth Form provision.

I am also an art teacher and a keen advocate for promoting art within the curriculum. No two days are the same at CATE. We work together as a close knit team and support each other with all aspects of the job.

Ryan Barrett - Site Manager, The Bridge

My name is Ryan Barrett and I am the site manager for The Bridge Primary Centre. My job is to deliver a comprehensive caretaking, cleaning and site management service for our brand new primary school. I joined WPES 18 months ago and I enjoy my job as no 2 days are the same. Some days I am undertaking maintenance of the site, and the site grounds and other days I am meeting contractors on site and managing small projects around the building. I also manage a small team of cleaners on a day to day basis who make sure the school is super clean for the children and staff. I also look after the health and safety aspects of the building and make sure that it's a safe place for staff/students and visitors to work in.

Since I started working for the WPES I have thoroughly enjoyed every moment of it. The staff team have been very welcoming and it feels we are part of one big team striving to give the children the best possible chance of education. There are new challenges everyday which always keeps you focused to deliver the best you can. I have also got to know the children and some days I am asked to help out by playing football with them. WPES is a great service to work for and I am looking forward to many years with the service going forward.

Nikki Carter - Head of PE

I am passionate about teaching, learning and sport and I think it is vital that students have a good understanding of the importance of having a healthy active lifestyle and being engaged in a life-long love of physical activity.

I am passionate about supporting our young people; giving them opportunities to help their future self, and not just in the classroom. I feel we all have a role to play within our community.

The vision to develop a high quality alternative provision where the curriculum is centered on the needs of each individual student was very inspiring to me and why I wanted to come and work at WPES.

Ania – Hospital Lead Teacher

My name is Anna and my job is the Hospital Lead Teacher at the Hospital Classroom on the Paediatric Ward at the West Middlesex University Hospital. I work with a team of three other teachers. We teach children on the ward, and also at bedsides and in our classroom.

Our aim is to provide distraction and continuity of education to the children and young people who are in hospital. It is a privilege to work with students who are unwell - their bravery and resilience never ceases to amaze me. When children are engaged in learning they often forget they are in hospital and sometimes they want to stay in the classroom even when they've been discharged! Then we know we've really made a difference.

What our students say

“I like being here because I feel good about me.”

“I love it here because I get the help I need with my mental health and my academic work. Relationships are amazing and I feel safe.”

“I like being here because I’m not bullied. I feel safe and I learn more.”

What we can offer you

A unique professional platform that will provide a sense of moral purpose and a range of unrivalled experiences

Whatever role you choose to apply for at Woodbridge Park, it will provide you with a unique professional experience. We operate across five very different settings which means that for many staff, no two days are the same.

We are one big family at Woodbridge Park and our sense of common purpose and a commitment by everyone to work collaboratively, and with collective responsibility, provides a stimulating and supportive professional environment.

The Executive Leadership Team works hard to ensure that every single member of staff realises the importance of their role in changing the lives of some of the most vulnerable children and young people in the UK. We want everyone to feel valued and to see the contribution they are making to the greater good and in meeting our collective vision and mission.

We commit to professional development and to supporting each other thrive personally and professionally. Professional development is unique with us as we can offer our staff:

- The chance to work with a wide range of highly experienced professionals from across the full education sector
- The chance to work across many different settings

Woodbridge Park

A high quality multi-site alternative provision across the London Borough of Hounslow

Our vision:

To develop a high quality alternative provision where the curriculum is centred on the needs of each individual student; students will be engaged supported, stretched and challenged within a safe and happy environment where the voices of students, parents/carers and staff will be both respected and valued.

We provide an outstanding service to a range of learners who are not suited for mainstream education, from the Early Years Foundation Stage up to Key Stage Five. We operate 5 different settings across the London Borough of Hounslow:

- The Bridge Primary Centre in Bedfont, Feltham
- The KS3 Centre in Isleworth
- The KS4 Centre in Feltham
- CATE Medical Provision in Brentford
- A Hospital School at West Middlesex Hospital, Isleworth

**Will you be the next to
come and change the
world and to come and
change lives?**
