Application Pack Teacher of ICT

February 2020

Dear Applicant

Thank you for responding to our advertisement for the post of Teacher of ICT. We hope you will find the details of the post both interesting and informative.

Historically we have been a training school, but are now a partner in the Redborne Teaching School. Our extensive infrastructure developed to support CPD continues, however, as an independent facility dedicated to supporting the need of our local school community.

Stratton is a thriving Upper School with around 1,000 students on roll. The school has grown considerably in recent years; it is popular with the local community and includes over 250 students in the Sixth Form. In many respects we are a true comprehensive school with a full ability range. As the only education provider in the town, our challenge is to move effortlessly between preparing Yr13 students for top universities to working with students who without our support could have rejected the concept of education. Our students are our best advertisement, although closely followed by the dedication of our staff.

Staff at all career stages benefit from excellent on-going training opportunities provided by the school, including support for colleagues seeking to enhance their professional development by studying for further qualifications or are preparing for promotion.

If you think you can make a positive contribution to the learning of our students and would like to work and learn in a continuously improving school, then we would be delighted to receive your application. We ask that letters of application do not exceed two sides of A4.

The closing date for applications is 12 noon on Monday 24th February 2020. We hope you will want to work with us and look forward to hearing from you.

Whatever your decision, we wish you good fortune in your search for the right post.

Yours sincerely

Roz Hodges
Principal

The Computer Science and ICT department

Computer Science and ICT at Stratton Upper School

The department has raised its profile significantly over the last year and we are seeking an enthusiastic and passionate teacher who will be able to build on the success of the current team and bring their own ideas and creativity to develop the department further.

The Curriculum

Computing is offered as a core subject in year 9, providing an overview of National Curriculum Computing topics. At Key Stages 4 and 5 we offer courses in Computer Science as well as traditional, vocational IT options. Students join the school in Year 9 with differing prior experiences of Computing. The Year 9 scheme of work is planned to introduce them to a new application or concept every six lessons, allowing them to develop a broad range of skills that are transferable across the curriculum as well as good preparation for further study in either IT or Computer Science. As the year progresses the pedagogical style of the scheme of work more closely mirrors that of GCSE requirements.

At Key Stage 4 both BTEC Tech DIT and GCSE Computer Science are offered. The department benefits from strong numbers in both courses. This is despite the Department requiring all Computer Science students to be higher attaining mathematicians.

The Key Stage 4 courses follow into the Sixth Form with both Computer Science A-level and Level 3 BTEC in Information Technology offered. Uptake for these subjects has increased over the past couple of years.

Wider Support

Colleagues within the Computing Department pride themselves on their full involvement with whole school activities and their generous support of colleagues across other faculties whose own ICT skills may need some enhancement. The school has benefited greatly from this contribution, particularly through the Department contribution to school marketing & promotion, website development, awards systems and whole school displays.

ICT across the school is supported by a dedicated network team who work particularly closely with the Computing Department.

Facilities

The Department enjoys generous teaching space currently organised across four classrooms. Each of these is well equipped with 30 work stations, digital projector and whiteboard.

Computers run windows 10, office 2016 and creative software such as Photoshop, After effects, Premiere pro, Blender and SketchUp. Our students mainly use Python for their programming with the use of Idle, Visual Code and Mu editors. We also have some students working with C# in Unity and Visual Basic.

Department resources and online communication/collaboration with students takes place in Microsoft Teams, with online workbooks and online assignment submission.

Extra curricular Opportunities

The computing department run several clubs, events and trips.

Coder club introduces the basics of coding through the use of the BBC microbit, Raspberry Pi computers, Sonic Pi music software, Kodu gamelab, and Python programming

Events such as the Hackathon enable students to work in teams and utilise their Computing skills to produce programs and products.

Trips to Computer Science conferences and museums enable our students to link the work and skills they learn in the classroom to real world activities.

The Computing department manages the whole school Tech Team, which is a group of students who assist the Network Team in running and repairing IT within the school.

Job Description

Post Title	Classroom Teacher
Responsible to:	Head of Department/Faculty or other specified TLR holder within the Department/Faculty.
Post Grade	MPS/UPS
Purpose & Accountability	<p>The post holder will have the following accountabilities.</p> <ul style="list-style-type: none"> • Student outcomes and progress within allocated teaching groups • To ensure the progress of identifiable groups of learners e.g. disadvantaged, SEND, gender etc. • Student well-being and attitudes to learning within and allocated form group.

Whole school work	<ul style="list-style-type: none"> • A willingness to take on the role of form tutor. 	<ul style="list-style-type: none"> • A willingness to lead extra curricular activities within the school.

Procedure for Application

If you wish to be considered for this vacancy you should complete the application form, giving the names and addresses of two referees, and submit a concise letter of application. This should be typed and should include the following information:

- A brief outline of what you have achieved in your present or most recent post
- A statement about why you want this job
- An indication of the strengths and expertise you could offer the school
- How your experience has prepared you for this role

We are not in a position to accept a generic CV instead of an application form. Additional sheets or a separate letter may be attached to the back of the application form if there is insufficient space.

Completed applications should be returned to Nicola Richardson, HR Officer either by post or by email.

The Governing Body of Stratton Education Trust is committed to promoting equality of opportunity for all staff and job applicants. We aim to create a supportive and inclusive working environment in which all individuals are able to make best use of their skills, free from discrimination or harassment, and in which all decisions are based on merit.

We do not discriminate against staff on the basis of age; race; sex; disability; sexual orientation; gender reassignment; marriage and civil partnership; pregnancy and maternity; religion, faith or belief.

The Trust takes Safeguarding very seriously. As a matter of routine, all successful applicants will undergo DBS and barred list checks. Teaching staff will also be subject to a prohibition check. Disclosure of criminal records will be required for any applicants invited to interview.

Canvassing any member of staff or member of the governing body either directly or indirectly, is prohibited and will be considered a disqualification. We do however encourage candidates to discuss very informally either by telephone or by arranging a pre-application visit.

If you have not heard from us within two weeks following the closing date, regretfully you must assume that your application has been unsuccessful on this occasion, in which case the Governors would like to thank you for your time and your interest in the school.

Stratton Education Trust

Stratton Education Trust was formed on 1st February 2012. Its key function is the provision of education to students aged 13 to 19 at Stratton Upper School, Biggleswade.

We are ambitious for our students. All our colleagues contribute to the development of the young people we serve regardless of their role.

Our Mission is simple – The Best Outcomes for all students

We achieve this through our vision that every member of our community is known, valued and supported to achieve in all areas at the highest level to become successful and confident lifelong learners.

Excellence: We nurture an ethos of great work every day and a drive for maximum progress in every lesson.

Community: We ensure everyone is known as an individual and treated with kindness. We embrace our differences and celebrate the achievements of all.

Dialogue: We insist that everyone has the opportunity to grow into confident and articulate communicators.

Challenge: We take risks and are supported to try new approaches. We expect to find work difficult and push the boundaries of our comfort zone.

Resilience: We cultivate the ability to thrive in the face of change, challenge or adversity with perseverance and don't give up until we succeed.

Passion: We inspire curiosity and interest to nurture enquiring minds. We appreciate and pursue opportunities with enthusiasm, positivity and open minds.

Stratton Upper School

Stratton Upper is a 13 to 19 school with a roll approaching 1,000 students, including Sixth Form. We are the only upper school serving Biggleswade and the surrounding villages. This has both advantages and responsibilities. An advantage is that any competition from neighbouring schools is minimal and this has enabled us to develop increasingly collaborative relationships with them. Our unequivocal responsibility however, is to ensure that we support the needs of all students within our catchment. It follows that we accommodate students from across the full spectrum of ability and that we are truly inclusive.

Information concerning our 2018 exam outcomes can be found on the school website. We are now embarking on an ambitious programme to raise standards, transform our curriculum and help our students realise what they are truly capable of achieving. Our ambition for school improvement continues with even more purpose, driven by our commitment to open as many opportunities for our students as we possibly can.

To achieve our vision we guide our students to be self-motivated, enthusiastic learners who are equipped and inspired to love learning throughout life as much as we do.

In practice, our approach is based on high expectations, high aspirations and high levels of trust. Our starting point is our working assumption that staff and students alike are committed to personal fulfilment and expect to work in an environment of success and respect.

We find there is very little need for traditional lists of dogmatic school rules and attendant lists of sanctions and consequences. Our expectation is that our students will always “do the right thing” because we have inspired them to commit to our shared values, which centre on aspiration, mutual support and of course, learning. When this is challenged (and it is, we are a school with 1,000 13 – 19 year olds!) we resolve the issue swiftly, but we also reflect the extent to which our own actions, as adults and professionals, contributed to the situation.

We recruit professionals who share our vision, who focus on the long game, knowing that schools thrive on quality relationships between staff and students.

Candidates should be aware of our adherence and commitment to these values.

The holistic experience of being a Stratton student is of vital importance to us. Our staff are incredibly giving of their time, which means we can offer a vibrant, extracurricular range of activities. In 2014, we took part in a humanitarian expedition to Peru, in 2016 students returned from a similar expedition to Borneo and our latest humanitarian visit returned in August 2018 from Costa Rica.

Performing and visual arts are a strength with regular multimedia exhibitions, drama, music and dance productions. Our sports facilities are excellent and support a full range of individual and team sports and our students have enjoyed particular success in racket sports over recent years. Our current push is to become a centre of STEM excellence in the local authority.

General Information

Our Stratton catchment area incorporates the town of Biggleswade and a number of small villages in the Bedfordshire and Cambridgeshire countryside.

Biggleswade lies on the A1 and mainline railway, making it an ideal town for commuting into London (35 min to King's Cross). Other centres of employment include Cambridge, Bedford, Stevenage, Milton Keynes and Peterborough. Each of these towns and cities are accessible within 45 min travel time from Biggleswade. Employment in Biggleswade has traditionally been in market gardening and engineering. Both these industries still have a presence in the area, but are no longer the significant employers they once were.

Biggleswade is set to expand over the coming years. Population is expected to rise by at least 25% and we are already seeing significant economic investment in the town. Biggleswade has been featured in a number of national newspapers as *the* place to live, combining with its strong communication links, reasonable house prices and of course, good schools!

The school is ready for an expected expansion in numbers due to these demographic changes. Our new science centre was opened in September 2017 and has provided the additional 13 classrooms needed.

The welfare and well-being of all members of our community is of central importance and we expect staff, pupils and students to give high priority to the needs of others and their development. The school is known for its strong pastoral care and support for students with special educational needs and disabilities.

We aspire to be a school where learning is fun and fosters the joy of learning within the boundaries of good order and discipline.

Staff Development

Stratton Education Trust places a great deal of emphasis on the continual development of its colleagues. We are an outward facing school and play a significant role in the following organisations:

The Biggleswade Community Union of Schools (BCUS) an association of all education providers in our area dedicated to developing seamless education provision from ages 0 to 19;

Central Bedfordshire Upper Schools Heads Group;

Redborne Teaching School;

The Academy of Central Bedfordshire, an alternative provision free school established by the Central Bedfordshire Upper Schools;

Cambridge University Department of Education;

Colleagues expect to engage in professional development through a mixture of school-based training, addressing holistic priorities and an individual assessment of needs.

Final Comments

We are fastidious in our recruitment of new colleagues. Potential applicants must share our vision and commitment to providing the very best education to our students that we possibly can and promote our ethos. Applicants must be team players who are able to see how their contribution fits into the bigger picture. They must be dedicated, skilled, highly professional individuals who are passionate about their work and enjoy working with others that share these values.

Choosing to apply for a job is potentially life changing. It is important that we assist you as much as we possibly can in assessing whether we are the right environment for you, as much as we assess whether you have the right skill set and attitude for us. Please do not hesitate to contact us if you require additional information, or would like to visit us as part of your application process.

DBS and the Recruitment of Ex-Offenders Policy

In accordance with the Disclosure and Barring Service Code of Practice this policy is made available to all job applicants at the outset of the recruitment process. The DBS Code of Practice is available at <https://www.gov.uk/government/publications/dbs-code-of-practice>

- As an organisation which uses the Disclosure and Barring service, the Governing Body of the School complies fully with the DBS Code of Practice and undertakes not to discriminate unfairly against any subject of a Disclosure on the basis of conviction or other information revealed.
- We meet the requirements in respect of exempted questions under the Rehabilitation of Offenders Act 1974. A DBS check will therefore be carried out before appointment to any job at the School is confirmed. This will include details of convictions cautions and reprimands, as well as 'spent' and 'unspent' convictions. A criminal record will not necessarily be a bar to obtaining a position.
- We are committed to the fair treatment of applicants on all protected grounds and in relation to all history of offending.
- We promote equality of opportunity for all with the right mix of talent, skills and potential and welcome applications from a wide range of candidates, including those with criminal records. We select all candidates for interview based on their competencies, qualifications and knowledge.
- Application forms and recruitment information will contain a statement that job applicants will be required to disclose their criminal record if they are invited to interview and a DBS check will be carried out if they are offered the job. The information will only be seen by those who need to see it as part of the recruitment process.
- At interview, or in a separate discussion, we ensure that an open and measured discussion takes place on the subject of any offences or other matter that might be relevant to the position. Failure to reveal information that is directly relevant to the job sought could lead to withdrawal of an offer of employment.
- We undertake to discuss any matter revealed in a Disclosure with the person seeking the job before withdrawing a conditional offer of employment.
- We ensure that people at the School who are involved in the recruitment process have access to professional advice to identify and assess the relevance and circumstances of offences. We also ensure that they have received appropriate guidance in the relevant legislation relating to the employment of ex-offenders, e.g. the Rehabilitation of Offenders Act 1974.

Having a criminal record will not necessarily bar you from working at the School. This will depend on the nature of the position and the circumstances and background of your offences.
