

Teacher of Mathematics MPS/UPS, Full/Part Time from 1 January 2019

NEWPORT GIRLS' HIGH SCHOOL

An outstanding grammar school for girls

Welcome from the Headteacher

Thank you for downloading information about the post of Teacher of Mathematics for January 2019. This post is advertised as a fixed term post for two terms but could become substantive in September 2019. We can offer the opportunity to gain valuable experience in an outstanding, high-performing grammar school for girls. The post would ideally be 0.8 (4 full days) but full time would be considered if a candidate could offer a second subject. Experience teaching A-level is ideally sought, but not essential. This post is suitable for both high performing NQTs and experienced colleagues.

I joined NGHS in January 2018 and consider it a true privilege to lead our wonderful school, which focuses not only on ensuring students achieve their best, but also on providing opportunities to excel outside the classroom. Each week's diary is full of opportunity and the weekly school newsletter, 'Newport News' (available on our website) will give you a flavour of the sorts of projects that our students and staff are involved in. From a plethora of trips to local and far-flung destinations to participation in the Duke of Edinburgh Awards Scheme to maths challenges at local, regional and national level and sporting achievements galore, there is a clear desire among students and staff to work hard and to make the most of every opportunity offered to the School.

Our new school building opened in February as a result of our massive fundraising campaign 'inspiring minds'. Thanks to donations from families of NGHS students and an academies fund bid, our sixth formers now have state-of-the-art building and space to work. With an additional six classrooms, reception and office space, the school can breathe again, having been crammed into a building which we had long outgrown. Students from all years benefit from this.

Professionally, staff are supported and led by Heads of Faculty and there is a strong sense of community in the staff room with social events planned throughout the year. All staff belong to a T&L Focus Group (of their choice) so that everyone can work together with colleagues to consider their professional practice in an area that interests them. As a small school, there is a real sense of everyone working together when it comes to organising events and supporting house competitions. Our house system is a key feature of our school and fierce (but also friendly!) rivalry is seen at house competitions. Regular attendance monitoring leads to rewards for forms with the greatest number of students hitting our ambitious attendance target.

Sixth Form Atrium which provides much-needed workspace for independent study

Our curriculum is unashamedly academic with a three year KS4 programme. This means that there is time to enjoy learning at KS4 and not to be examination focussed at all times. In our Sixth Form, we offer a range of facilitating and practical subjects and our results demonstrate the commitment of both students and staff to enabling girls to achieve their full potential. Students from other schools join NGHS in Year 12 and thrive. Alongside the academic life of the school is a well resourced pastoral provision. A recent, well-represented parental survey demonstrated that 100% of parents feel that their child is safe at NGHS and our dedicated pastoral and safeguarding teams ensure that students' emotional wellbeing is at the forefront of all that we do at NGHS.

This short information pack will hopefully equip you with the resources necessary to make a decision about applying for this post. I sincerely hope that you will apply. I know how much time it takes to complete an application and thank you in advance for ensuring that it is with us by the deadline.

With all good wishes,

Michael J Scott Headteacher October 2018

Department Information

Head of Faculty: Mr A Heighway

In mathematics lessons we work with students to increase their ability to problem-solve and think logically. We hope that many of their experiences will be ones that interest them, leading to a feeling of success and satisfaction in attaining a result or an illuminating appreciation of an idea. Whilst much of the maths curriculum may not be visibly useful in real life situations, mathematics has become increasingly important as a means of organising and communicating experience and information. A student's development, in what can be a challenging subject, may not always be straight forward. Thinking about new and complex topics, expressing ideas logically and presenting solutions in an orderly manner is explicitly valued in lessons but acknowledged to sometimes be vexing! Students will need to be able to persevere but plenty of help is offered.

The first two years at the school are important in laying a foundation of understanding of number relationships, data handling, geometrical arguments and, possibly most importantly, a familiarity with the ways that algebra can be utilised to express general rules and manipulated to rigorously establish results. All students aim for and are prepared for the highest grades at GCSE. Last year, Maths achieved a tremendous Progress 8 score of +0.71 with 90% attaining Grades 7-9 and over a third of Year IIs tackle the Level 2 Further Maths qualification which stretches the most able, but also provides preparation for further, advanced level study. Over 82% achieved Grades A-A[^] and 100% Grade B and above in this demanding, additional qualification.

At A level we offer both maths and Further Maths following the OCR specification. We enjoy a good deal of success academically with a high proportion of students opting to study to an advanced level. This is something we take pride in but also something we seek to improve upon! Currently we have access to

Integral Maths Content, but we are constantly working to provide greater student access to electronic resources, including video clips and worked examples on blogs so that students can pursue ideas independently and review work.

The curriculum is designed to offer students problems to solve, extension tasks to broaden their understanding, exam-style practice questions and homework tasks that both review current work and extend upon it. In meetings we aim to improve and develop resources collectively, regularly updating them and being particularly mindful of the ways that ICT can enhance understanding, given the importance of technology for the reformed A-level curriculum.

Some mathematical opportunities are provided outside normal lesson times: STEP support and preparation, National (high attainer) Maths Challenges, extra help clubs, maths lectures, code breaking challenges, as well as linking to other subject disciplines within the school are all regular extracurricular activities.

The maths department currently consists of five teachers, all of whom are maths specialists with considerable knowledge of advanced mathematics. No particular specialism is sought in this appointment. The new appointee will benefit from the experienced team's knowledge whilst also having the opportunity to contribute to the further development of the department.

Studying maths to an advanced level is popular with the students. Many students value the qualification and appreciate that it complements a range of subjects as well as being highly favoured by employers as an indicator of methodical thinking. Several students continue to study maths as part of, or as the main focus of, their degree courses.

TEACHING AND LEARNING

- \Rightarrow To manage student learning through effective teaching in accordance with the department's schemes of work and policies.
- \Rightarrow To set high expectations for all students, to deepen their knowledge and understanding and to maximise their achievement.
- ⇒ To ensure continuity, progression and cohesiveness in all teaching.
- \Rightarrow To develop teaching resources, particularly with regard to the differentiation for pupils of different abilities, and the increased use of ICT.
- \Rightarrow To use a variety of methods and approaches (including differentiation) to match curricular objectives to a range of student needs, and ensure equal opportunities for all students.
- \Rightarrow To seek to care for and develop the teaching and learning environment, paying due regard to the display of students' work.
- \Rightarrow To set homework regularly, (in accordance with the School Homework Policy), to consolidate and extend learning and to encourage students to take responsibility for their own learning.
- \Rightarrow To work effectively as a member of the subject team to improve the quality of teaching and learning.
- \Rightarrow To engage with the SENDCO in order to benefit from their specialist knowledge and maximise the support given in lessons and to update pupil SEND records as necessary.
- create an environment of mutual respect which enables students to feel safe and secure and which promotes their self-esteem.

MONITORING, ASSESSMENT, RECORDING, **REPORTING & ACCOUNTABILITY**

- \Rightarrow To assess students' work systematically and use the results to monitor progress and inform future planning, teaching and curricular development.
- \Rightarrow To give students' regular feedback, both orally and through accurate marking (in accordance with the School Marking Policy) and encourage students to respond to feedback.
- \Rightarrow To be familiar with statutory assessment and reporting procedures and to prepare and present informative, helpful and accurate reports to parents.
- \Rightarrow To meet with parents at Parents Evenings and to write reports to parents as per the published reporting schedule.
- \Rightarrow To participate in arrangements for preparing pupils for public examinations and assessing pupils for the purposes of such examinations.

- \Rightarrow To use positive management of behaviour to

SUBJECT KNOWLEDGE

- \Rightarrow To have a thorough and up-to-date knowledge and understanding of the National Curriculum programmes of study, grade descriptors and specifications for examination courses.
- \Rightarrow To keep up to date with research and developments in pedagogy and the subject area.
- \Rightarrow To promote high standards of education and the value of scholarship and encourage students to take a responsible and conscientious attitude to their own work and study

PROFESSIONAL STANDARDS

- \Rightarrow To be a role model to students through personal presentation and professional conduct.
- \Rightarrow To arrive in class, on or before the start of the lesson, and to begin and end lessons on time.
- \Rightarrow To cover for absent colleagues as is reasonable, fair and equitable under the Rarely Cover policy.
- \Rightarrow To co-operate with the Headteacher in all matters concerning Health and Safety and specifically to take reasonable care of their own Health & Safety, and that of any other persons who may be affected by their acts or omissions at work.
- \Rightarrow To be familiar with the School and Department handbooks and support all the School's policies.
- \Rightarrow To establish effective working relationships with professional colleagues and associate staff.
- \Rightarrow To strive for personal and professional development through active involvement in the School's appraisal system and performance management procedures.
- \Rightarrow To be involved in extra-curricular activities such as making a contribution to clubs and visits.
- maintain a working knowledge and ⇒ To understanding of teachers' professional duties as set out in the current School Teachers' Pay and Conditions document, Teachers' Standards and teachers' legal liabilities and responsibilities relating to all current legislation, including the role of the education service in protecting children.
- \Rightarrow To liaise effectively with parent/carers and with other agencies with responsibility for students' education and welfare.
- \Rightarrow To undertake any reasonable task as directed by the Headteacher.
- \Rightarrow To consider the needs of all students within lessons (and to implement specialist advice) especially those in targeted groups.

PASTORAL RESPONSIBILITY

- Every subject teacher will be expected to have \rightarrow pastoral responsibilities, usually including the role of form tutor (shared if part time).
- \Rightarrow To record and report such assessments.

Person Specification

Area of interest	Essential	Desirable
Qualifications	 i. Academic degree in Mathematics or related subject (e.g. Economics, Finance, Engineering) ii. QTS/PGCE or other route into teaching 	iii. First/2:1 degree result
Experience	 i. Successful teaching record in current school or on placement (if NQT) ii. Experience teaching classes in KS3 and GCSE iii. Evidence of CPD or relevant PGCE training 	 iv. Teaching experience in a high achieving school v. Teaching experience in an outstanding school vi. Experience teaching A-level mathematics (new or legacy specification)
Knowledge and skills	 i. Knowledge of the KS3 and new GCSE maths curriculum ii. Knowledge of best practice in assessment iii. Interest and ability to stretch and challenge able girls iv. Understanding of the issues surrounding confidence in mathematics 	v. Knowledge of how the use of ICT can benefit pupils' understanding of the mathematics
Personal and Professional Qualities	 i. Belief in sustaining high standards of excellence ii. Ability to prioritise, plan, organise well and work as part of team to achieve objectives iii. Willingness to support students in the role of form tutor iv. High standards in dress, attendance and punctuality v. Suitability to work with children and satisfactory Enhanced Disclosure with the DBS. vi. Sense of Humour! 	vii. Knowledge of issues facing girls in a single-sex, high achieving environment viii.Commitment to wider aspects of school life

Application Process

Please complete the application form and a covering letter addressed to Mr M J Scott, Headteacher which should not exceed two sides of A4.

Applications may be submitted via email to **headteacher@nghs.org.uk** or by post. NGHS is a committed to safeguarding and promoting the welfare of young people in our care. We expect all staff to share this commitment. The successful applicant's appointment will be subject to satisfactory pre-employment clearances including a Disclosure and Barring Service check. In line with safer recruitment practices, if the successful applicant has worked abroad, a certificate of good conduct will be requested at the point of provisional offer. All applicants are expected to include two referees; one of whom should be their current or last Headteacher (if not working in a school at this time). The School reserves the right to request a reference from **any** previous employer.

The supporting statement should address your particular strengths and how your experience to date has prepared you for this particular role. Please use the person specification above.

The closing date for applications is 9.00am on Monday 12 November. Shortlisted candidates will be contacted shortly after this date.

Rehabilitation of Offenders Act 1974

The work for which you are applying will have regular contact with children and is exempt from the Rehabilitation of Offenders Act 1974. Therefore, you are required to declare any convictions, cautions, bind-overs, or prosecutions pending you may have, even if they would otherwise be regarded as 'spent' under this Act. These details should be enclosed in a separate, sealed envelope marked 'confidential' – for the attention of the Chairperson of the appointing body. The envelope should state clearly the name of the school and the work for which you are applying and be returned with your application form.

The information you give will be treated in confidence and will only be taken into account in relation to an application where the exemption applies.

The Authority is entitled, under arrangements introduced for the protection of children, to check with the Disclosure and Barring Service for the existence and content of any criminal record of the successful applicant prior to the confirmation of appointment.

Therefore, successful applicants will be required to complete a disclosure form to enable a check to be undertaken. Failure to consent to this could prevent the application being considered further. This check involves details being obtained of convictions, including those considered 'spent' under the Rehabilitation of Offenders Act 1974, cautions held at national level and may also include non-conviction information. You will receive the results of the check from the Disclosure and Barring Service, who will also forward a copy to the Authority. Information received from the DBS will be kept in strict confidence and will be destroyed in accordance with guidelines laid down by the DBS. The disclosure of a criminal record will not necessarily bar you from appointment, unless the Authority considers that the conviction renders you unsuitable for appointment. In making this decision, consideration will be given to the nature of the offence, how long ago and what age you were when it was committed, and any factors which may be relevant.

Failure to declare a conviction, caution or bind-over may, however, disqualify you from appointment, or result in dismissal or disciplinary action if the discrepancy comes to light.

Under the Criminal Justice and Court Services Act 2000 it is an offence for an individual who has been disqualified from working with children to knowingly apply or accept or do any work in a 'regulated position', such as the post you are applying for.

Equal Opportunities Policy

NGHS is an Equal Opportunities Employer.

The School's Equal Opportunities Policy states that it will give equal treatment to all persons within its organisation regardless of sex, marital status, race, colour, nationality, national origin, ethnic origin, sexual orientation, disability, age and not allow any individual to be disadvantaged by any other condition which cannot be shown as justifiable.

Health

Appointment to the post will also be subject to a satisfactory health record. A medical examination may be required by the School.

For more information about the post, please contact

Mr M J Scott, Headteacher
