Dear Applicant

RE: Science Technician – Fixed Term Contract

Thank you for your interest in a post at our school and I hope that you will find the enclosed information useful.

This post is an opportunity for you to develop your career in a highly aspirational All-through Co-operative school. Our Lower School currently has children in Reception through to Year 6 and our Upper School continues to develop the potential of our students from the time they join us in Year 7 through to the time many of them leave to take up places at Russell Group universities.

Preston Manor has a creative climate of success with results exceeding national averages among a diverse and truly comprehensive school community. We are proud of the feedback from visitors we often receive on our positive ethos including most recently Ofsted (2016).

Our children and students respond to the challenges of learning with enthusiasm and excitement and are as keen to succeed as their teachers. Teaching and support staff are committed and hardworking, friendly and sociable and there is a strong emphasis on professional development in an innovative and supportive atmosphere.

I do hope that you will consider applying to join this successful and happy school and look forward to receiving your application.

Yours sincerely

Beth Kobel
Head
