

Welcome to Business, Economics and Health and Social Care at All Hallows

As a department we offer something for everyone as we feel that it is important to provide students with options so that they can achieve their very best. The department has grown over the years as different courses have been introduced under the business umbrella. We offer both academic and vocational courses and all our groups are mixed ability. All of our courses help students to understand the world around them and the many conflicting issues that exist.

At KS4 we have 3 groups studying GCSE Business in both Year 10 and Year 11. We also have two groups studying BTEC Tech Award in Enterprise. We also have a groups studying BTEC Tech Award in Health and Social Care in both Year 10 and Year 11

At **KS5** we have 1 group for both Business and Economics in years 12 and 13. There is 1 group studying BTEC National Extended Certificate Level 3 in Business and another group studying Health and Social Care. Within the school we also offer other BTEC Nationals at Level 3 in IT and Sport.

We have an excellent reputation for delivering quality BTEC qualifications at both level 2 and 3. As a department we recognise the importance of matching students to the appropriate course that will enable them to reach their true potential.

We are a dynamic team who use their talents to deliver the varied courses we offer. We are an extremely hard working department and would describe ourselves as being pro-active, positive, supportive and kind. We work very closely together in order to share ideas and continue to develop our department. Our job is to enthuse, motivate, educate and convince students that they can do it. We have high expectations and standards that students very quickly learn to meet. Students also learn that they can trust us to deliver high quality lessons that help them prepare not only for their exams but also for their future careers.

Please do not hesitate to contact me at: s.sheehy@allhallows.net
