Welcome to Sir Graham Balfour School which OFSTED in May 2014 found to be a ‘Good’ school with ‘Outstanding’ features. I hope you find the information it contains useful and informative.

**Our vision is summed up in our mission statement –  
‘Learning, Working and Succeeding Together’**

For us, the ‘together’ is absolutely critical; collaboration, cooperation and teamwork are essential for developing the skills, knowledge and confidence necessary for academic and personal excellence. As well as the drive to achieve academically, the ability to self-regulate, to communicate clearly with others, to know and be proud of who you are, to be compassionate to others and to be ambitious for yourself and others are equally important.

We passionately believe that the circumstances of birth or upbringing should not be the key determining factors to success in life and we are relentless in our ambition for ALL children to achieve as well as possible at Sir Graham Balfour School, regardless of their sexual orientation, socio-economic, ethnic, religious or gender status.

## Our Values

Our aim as a school, working alongside parents and our community, is to help students to become outstanding and effective citizens; to make responsible, appropriate and healthy choices in all things. Staff and parents will not always be there, at the point where critical decisions need to be made. This is why we are committed to **values based learning**; *rules* prescribe a set of appropriate/inappropriate behaviours (e.g. don't run in the corridors) which are specific to given contexts, whereas *values* provide a set of aspirational guidelines within which children must choose the right behaviour or action for the vast array of contexts they will be faced with in life (e.g. how do I need to move around the school if I am taking responsibility for myself and others?).

These are the values which we believe will help our students to become excellent citizens of Stafford and beyond:

- Commitment to excellence
- Responsibility for ourselves and others
- Ambition for ourselves and others
- Care for the local and wider Community
- Respect, Kindness and Compassion for ourselves and others
- Perseverance and resilience
- Pride in working hard and the success it brings

Our values drive and shape every aspect of school life, taking the place of school rules. They seek to reinforce the development of the whole person, in addition to the academic. They are values which will, if routinely exemplified and embedded, give our young people all the skills and characteristics necessary to become outstanding citizens of the future.

# Faculty Information

## **The Humanities Faculty at Sir Graham Balfour**

The Humanities Faculty consists of four subject areas, Geography, History, Religion and World Studies and Business Studies. The faculty team is currently made up of 9 full time members of teaching staff, including The Head of Faculty and Lead Teachers of Humanities, in addition 3 members of Leadership Group also contribute to teaching within the faculty.

We pride ourselves on being forward thinking and innovative, taking on new initiatives and developing strategies to meet the needs of our students. Whilst the four individual subject areas of Geography, History, Religion and World Studies and Business Studies operate independently, with the freedom to develop resources and schemes of work as each team feels is appropriate for their subject, the faculty structure provides an overall consistency of approach across the four areas as well as mutual support amongst the faculty team. The faculty staff all operate in a flexible manner with all teachers contributing to the teaching in more than one subject area and the successful candidate will be expected to operate in a similar manner contributing to the teaching of Religion and World Studies and/or Geography in Key Stage 3.

The Faculty is based in a suite of 6 dedicated rooms, all of which have projectors. In addition the faculty has its own dedicated bank of 30 laptops and 16 iPads which are available for teachers to book to support learning and teaching.

Our teaching resources are readily available to all members of the Humanities faculty on the school's internet platform 'Office 365'. One of the many strengths of the faculty is the willingness of staff to work together, sharing resources, ideas and skills. We are a well-organised, friendly and supportive faculty which is highly regarded within the school.

## History in Sir Graham Balfour

Our 5-year curriculum is focused on developing students skills as historians to not only be successful at GCSE and A Level History but also to develop the skills which makes Historians highly employable in a wide range of careers.

In Key Stage 3 students study either 3 or 4 History lessons a week, in Key Stage 4 the subject is a popular option with 3 or 4 option groups typically in a year group and a good record of successful results at GCSE level on the EDEXCEL GCSE specification. The department also offers A Level History, again through the EDEXCEL A Level specification and is a popular option with students with a good track record of positive results and students going on to study History related subjects at university.

There is a positive attitude to the subject from our students; our curriculum gives the students a chance to learn in a creative and expressive way. We believe that our team should have the freedom to teach lessons creatively and to suit the needs of the students in the class, but our curriculum provides the framework for content, skills and assessment. This gives our team the guidance we need to be successful in our classrooms.

The topics we teach in year 7 include Religion in the middle ages, Henry VIII, The English Civil War. In year 8 we teach The industrial Revolution, Health in Victorian England, The Titanic and Female Suffrage. Year 9 includes The Causes of World War I, Life in the Trenches, The Treaty of Versailles and Causes of World War Two

# Commitment to Safeguarding

Sir Graham Balfour School recognises its legal duty under s175 Education Act 2002 and the 1989 and 2004 Children Acts. We take seriously our responsibilities to protect and safeguard the interests of all students. This organisation recognises that effective child protection work requires sound procedures, good inter-agency co-operation and a workforce that is competent and confident in responding to child protection situations.

Our Safeguarding Policy aims to provide a framework which ensures that all our practice in regard to safeguarding children is consistent with the stated values and procedures that underpin all work with children and young people. Statutory guidance defines a child as anyone who has not yet reached their 18<sup>th</sup> Birthday.

The Policy has regard to the statutory guidance 'Working Together to Safeguard Children' 2015 and 'Keeping Children Safe in Education' 2016 (KCSIE). The Policy is in keeping with Staffordshire Safeguarding Children Board's (SSCB) policies and procedures and their training strategy and reflects what the SSCB considers to be safe and professional practice. Child protection has to be considered within professionals' wider "safeguarding" responsibilities that include a duty to co-operate under the Children Act 2004 and takes account of the need for children to 'be healthy' and 'stay safe'.

This document also seeks to make the professional responsibilities clear to all staff (teaching and non-teaching, including temporary and supply), governors and volunteers to ensure that statutory and other duties are met. All staff and volunteers need to have read and be familiar with this Policy, and all our internal procedures around referral, including contact details of the Designated Safeguarding Leads (referred to as DSL(s) in subsequent paragraphs).
