University of Birmingham School – Information for Candidates

University of Birmingham School opened in September 2015 in a new £23 million building located on the University of Birmingham's Selly Oak campus. In that first year, we welcomed 150 students into Year 7 and nearly 200 students into the Lower Sixth Form. In September 2020 we reached full capacity and currently have over 1,170 pupils / students and nearly 130 staff.

At University of Birmingham School, we are pioneering a comprehensive school and sixth form for a truly diverse and inclusive learning community that creates great citizens. We are proud to welcome 11-19 year olds from all across Birmingham through our doors to be part of our state-of-the-art school, and give them the opportunity to develop great character and achieve academic success in a thriving community - without limits.

Our partnership with the University of Birmingham gives our pupils, students and our staff unrivalled access to their world-class resources, research and people. This partnership makes us the UK's first secondary University Training School and gives us endless opportunities to collaborate, learn and grow as a school.

Our diverse curriculum is supported by a school-wide enrichment programme that ensures all pupils and students have the opportunity to explore their passions and develop as well-rounded citizens with great character.

By balancing character development with academic success, we are creating better citizens, better communities, and a better world.

How is University of Birmingham School different?

1. Character Education

A feature of many of the most successful and traditional schools in the country is that that their structures support, not necessarily by design, the development of character. Underpinning our ethos and provision is the first difference in our school - a focus on 'taught, sought and caught' character education.

2. Enrichment Programme

A second distinctive feature of the school is our enrichment programme. This timetabled opportunity allows the teaching staff, alongside trainee teachers, university sports coaches and professional services staff to provide an unparalleled programme of activities and host special activities for all students within the curriculum and as extra curricular clubs and classes before and after school.

3. Links with the University of Birmingham

The third distinctive feature of the School are the possibilities created through the extensive links with the University resources, staff, pupils, students, and alumni.

Why should you apply to work at University of Birmingham School?

We are committed to developing a school of the future, one focused to self-improvement and the pursuit of excellence in all aspects of our work and play. We aim to nurture, encourage and challenge all of our pupils and students to make the best of the opportunities available, to enjoy their time with us, and to realise their potential so that they can go on to make a real difference to other people and the communities in which they live.

We are seeking to recruit committed and ambitious individuals determined to transform the lives of our children. In return, you will have the opportunity to work in outstanding facilities, with and for aspirational children and their parents/ carers, and receive the best quality professional pedagogical and academic support to continue to develop your knowledge and skills in a unique and high profile environment. You will also have access to the physical and intellectual resources of a world class University.

As the School has now grown to full capacity, the department and pastoral teams have also grown and, dependent on performance, this is reflected in the payment to those who hold leadership or responsibility positions. In addition, there will be growing opportunities to be involved in a whole myriad of professional development opportunities as we seek to exploit our position and utilise our resources to lead on research based teaching and learning.

We aim to play a full part in the learning community of Birmingham and beyond by developing exciting and ground breaking relationships with businesses and collaborations with other primary and secondary schools.

Whilst we will be expecting a lot of each member of our community, the well-being and happiness of all is a priority. From experience we believe that people work best in institutions that value and promote a 'high accountability but high autonomy' approach. From time to time events occur that affect our personal and working lives. Under such circumstances, we will endeavour to provide the flexibility in approach and seek to provide access to whatever resources are required to support you when you need them.

We will expect you to do your best; to be an outstanding role model; to be committed to self-improvement; and, like the students, to demonstrate resilience and be fully committed to exploiting the opportunities available. We do hope, along the way, you will enjoy yourself and get the personal satisfaction and reward from doing what is the most important role in a modern society.

We look forward to receiving your application. We intend that our graduates will go on to make a difference to the lives of others – the real value of education. Join Team UoBS today.
