- There is no limit to what every person can achieve.
- Creativity and challenge help us get better every day.
- Learning should be personalised.
- Unique global opportunities enhance the learning experience.

The NAE Commitment
At Nord Anglia Education, we work every day to inspire our schools, our students and our employees to be the best they can be, and we are ambitious for them all to achieve more than they thought possible in their personal, social and academic endeavours. Within our family of schools, this aspiration is underpinned by a commitment to always act with **respect, integrity, openness, courage and ambition**. These qualities are the foundation of how we approach our work and roles within NAE and are shared by everyone in our global family.

Promote and embodies **The CORE 7 Leadership Capabilities:**

- **Accountable** – Establishes a high performing culture and accepts accountability for organisational performance.
- **Strategic** – Leads opportunity and is committed to continuous improvement aligned with the organisational vision and direction
- **Collaborative** – Works collaboratively with others to achieve organisational outcomes
- **Entrepreneurial** – Creates organisational value for diverse stakeholders and achieves commercial success
- **Enabling** – Drives excellence through valuing and developing others
- **Agile** – Achieves personal and organisational success within a changing, dynamic and complex environment
- **Resilient** – Demonstrates personal resilience within a demanding environment of high expectations

- Role-model the ‘Be Ambitious’ philosophy each day
- Feedback as a valued member of the team and the wider organisation
Dear Applicant,

Nord Anglia Education is the world’s leading premium international schools organisation. Our 56 international schools are located in China, Europe, Middle East, Southeast Asia and the Americas. Together, they educate more than 51,000 students from kindergarten through to the end of secondary education. We are driven by one unifying philosophy: we are ambitious for our students, our people and our family of schools.

Most of the Nord Anglia schools benefit from our performing arts collaboration with The Juilliard School as well as our Global Campus, which offers unique global experiences for students at every age. Many of our schools will also benefit from our new approach to teaching STEAM subjects (science, technology, engineering, arts and maths) through our collaboration with the Massachusetts Institute of Technology (MIT). Our goal as the leading international schools organisation is to provide an education so that students can succeed academically, socially and personally.

Nord Anglia School, Foshan is expected to open in September 2019 and provides state of the art teaching and learning environments for up to 2304 students. The unique international learning experience at NAS Foshan will offer students aged 6 - 18 years old the best of eastern and western education resources and philosophies. The bilingual curriculum will be based on the Guangdong K-12 curriculum blended with globally respected international curriculum elements and teaching methods. Students will gain a solid foundation of Chinese culture, whilst equipping them with the knowledge and skills they will need to be successful in an increasingly globalized world.

We have a global community of over 10,000 teachers and staff, working in 56 schools located in 27 countries around the world supporting our students’ learning. Together, we educate over 51,000 students globally from the ages of 2 to 18 years old.

Our students come from a wide mix of backgrounds and cultures and a typical school may have up to 60 different nationalities. A Nord Anglia Education student benefits not only from the richness and expertise within their own school environment, but also from other schools across the Nord Anglia Education family through our Global Campus. Similarly, our teachers can interact with fellow teachers around the world through Nord Anglia University, our bespoke online platform designed by teachers for teachers to provide unrivalled professional development opportunities.

Although our schools are non-selective, year on year our students’ academic achievement exceeds global averages across every key stage. On average, our students’ score almost four points above the global average in their IB Diploma, and one in three students goes on to study at one of the world’s top 100 universities.

International Principal
Willem van der Sluis
