Principal: Rukhsana Sheikh BSc (Hons), MA, Vice Principal: Cate Swift BA (Hons)

Thank you for enquiring with regards to a job vacancy at Ernest Bevin College.Please view information about the college, details of the post and an application form. We value your interest.

Our aim is to appoint a candidate who will contribute fully and feel valued in our team of professional teaching and non-teaching staff. If you would like to visit the college please contact us on 020 8672 8582. You can also visit our web site - **www.ernestbevin.london**

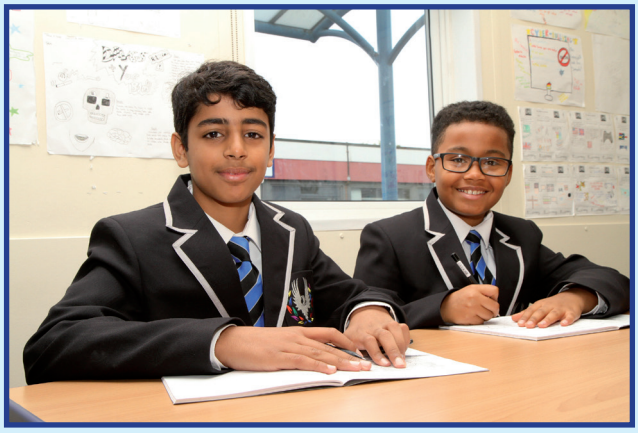

The college benefits from working with pupils with a wide range of abilities and talents. It is richly multi-cultural and oversubscribed. The co-educational sixth form offers students a wide range of 'A', 'AS' level and BTEC courses.

Over the last few years the college has been recognised by many national awards. Our current awards are shown below.

We look forward to hearing from you.

Rukhsana Sheikh
Principal

Bevin believes in...
respect, opportunity, happiness, resilience, tolerance

Why work at Ernest Bevin College?

Ernest Bevin College is a six form entry boys' school, maintained by Wandsworth Education Authority. The current roll is 1,250 students, including approximately 370 in the co-educational Sixth Form. One third of the annual intake is selected by means of a general ability test. The College continues with its original specialisms in Sports, Maths & Computing. The College is a STEM Assured College - one of only four schools in the country to achieve this. As a result, the College will aim to become a STEM hub which will open up a vast number of opportunities for our students and staff.

Leadership: The College is led by the Principal, Vice Principal, four Assistant Principals, three Senior Teachers, a Director of School Business and Head of Network and Learning Resources. The College operates a Faculty system whereby each Faculty is led by a member of the Leadership Team. Each Faculty supports and monitors pupil progress rigorously through our Quality Assurance Cycle. The Head of Year leads a team of tutors who are responsible for the wellbeing of their year. The ethos of the College is one of high expectations of behaviour and learning in conjunction with a warm, friendly and positive environment. The College has a track record of succession planning and staff have many opportunities for internal promotion.

Colleagues: The College has a highly stable and committed staff who have high expectations of themselves and their students and who work very hard to meet individual needs. We like to look after our staff by providing support and training and a good environment in which to work. The facilities in subject areas are of a high standard and every classroom is equipped with an interactive whiteboard or Smart TV. The majority of staff are provided with a tablet PC. New members of staff are supported through a comprehensive mentoring programme with a dedicated mentor. Staff have many opportunities for social activities: there is a free yoga class once a week and access to our wide range of sporting, keep fit and swimming facilities all free of charge. There is also free tea and coffee throughout the day, a half termly staff quiz and a huge number of social events during the year.

Environment: The College buildings are of a very high standard, providing excellent facilities in all curriculum areas. We have recently refurbished our Science Laboratories and Food Technology Room which reflect our desire for continuous improvements in our learning environment. The College opened its new £7 million Sixth Form Centre and Sports Complex in recent years which has provided us with new Sixth Form accommodation, including a lecture theatre and common room.

Success: We are extremely proud of the achievements of our students. In 2018: 47% of the Year 11 achieved both English and Maths at Grade 5+, 62% of the Year 11 achieved both English and Maths at Grade 4+.These figures are above the national average for boys. Our Sixth Form has grown steadily over the last six years both in terms of the number of students and their achievements. Over 80% of our Year 11 have returned to our Sixth Form. This year 110 (82%) of students from our Sixth Form went to university, 22 have gone onto Apprenticeships.

Sport: The College has a proven record of sporting success at local, regional and international level. The sports facilities are of the highest standard and include a sports hall, a 25m swimming pool, a dojo (for judo) and a fitness suite. We work with Greenhouse with four dedicated sports coaches training our students to compete at national and international levels in the sports of judo, table tennis, volleyball and rugby. We have just opened a Cricket Academy in partnership with Twenty20 Community Cricket which will enable students to benefit from professional cricket coaching and a full programme of competitive matches alongside their studies. We are the only school in London to open a new Combined Cadet Force unit (CCF) in recent years and the Royal Marines will be working with some of our students.

The Maths Department

The department currently consists of 9 members of staff including two post holders with responsibility for KS3 and KS4.

The Edexcel curriculum specification is followed in KS4 and 5 within the Department and the department runs Maths Clubs, UKMT and the Maths Hub project for KS3 within the borough.

In the Summer exams 2018, 30% of pupils achieved grade 7- 9 up from 19% in 2017 and 55% of pupils achieved grade 5 – 9 also up from 47% in 2017. In 2016, 95% of pupils achieved A*- G GCSE grades, 67% of pupils achieved A*- C grades with 23% of pupils achieving A*- A grade. This figure increased to 72% grade 4 - 9 in 2017 with the New Maths GCSE's which was above the national average for boys. KS5 results in Summer 2018 were 19% A*- A grades, 62% A* -C grades and 100% A* -E grades up from 2017 results.

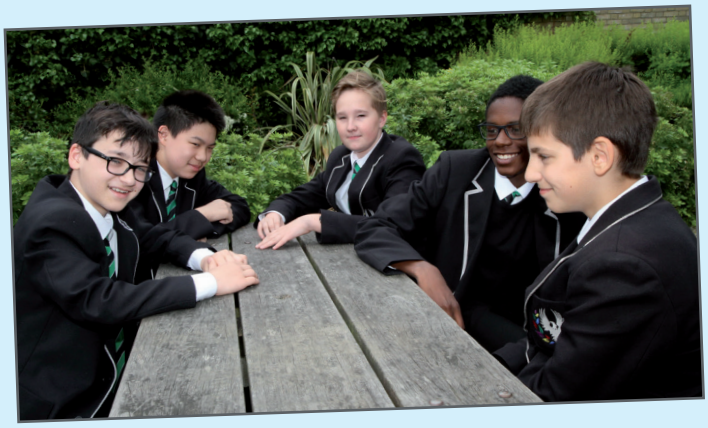

Maths is a popular subject at EBC with majority of the high achieving pupils staying on at the College for their A-levels in Mathematics.

At KS5 there are currently 55 pupils taking A2 maths, 2 pupils taking AS Further maths and 54 pupils taking AS maths and 6 pupils taking A2 Further Maths.

The department is currently looking to recruit a well-qualified and enthusiastic teacher of Mathematics to join a highly successful, high achieving and supportive department. We offer excellent professional development and training opportunities within the department. The successful candidate will be given the opportunity to teach Mathematics across KS3, 4 and 5 and will be expected to build on the strengths and further raise the attainment and aspirations of the pupils and be a team player.

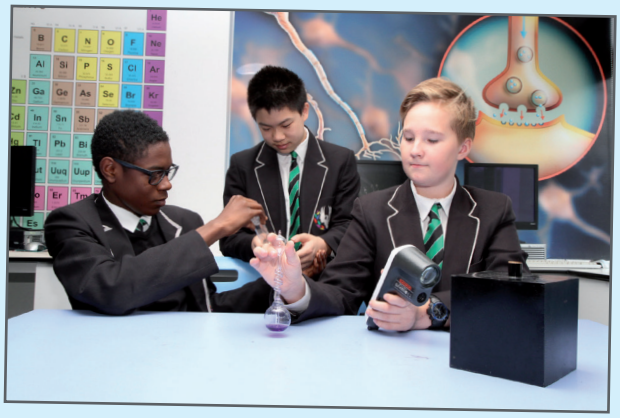

January 2019

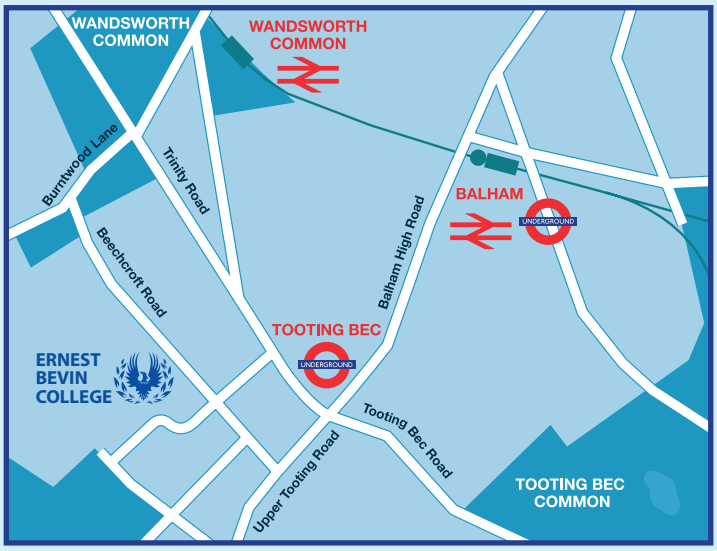

The college is situated a short walk from
Tooting Bec underground,
Wandsworth Common and
Balham main line stations.
Numerous bus routes serve the local area.

Geraldine (Exams Officer)

Ernest Bevin College is one of the best schools I have found over the years for a truly community feeling whereby you feel appreciated and if you are ever down then someone is there to listen or help.

Michael (Head of Maths)

I have been at Ernest Bevin for a long time and have experienced many transformations in my entire time here. What I enjoy most is the sense of community and the open door policy that gives staff the opportunity to discuss any issues they may have.

Sharon (Health, Social and Well-Being Coordinator)

Ernest Bevin has a very dedicated team many of whom have worked here for years. The school offers opportunities to move up in your career and also has a very friendly atmosphere.

Lydia (Head of Citizenship)

Lots of hard work but also lots of rewards which make it all worthwhile.

Ghassan (Teacher of Computer Science)

Ernest Bevin is a great school to work in. You are surrounded by supportive members of staff and an excellent teaching and learning environment. I have enjoyed my time here so far and would recommend this school to anyone that wants to join the team.

Nasir (Director of School Business)

The staff at Ernest Bevin College work very hard to get the best out of every single pupil. I have never seen such a strong commitment to releasing every child's potential anywhere else.!

Robert (Learning Support Supervisor)

Moving to Ernest Bevin was great for me. The support and encouragement from others has been fantastic. Everything that the school does has the students best interests and their success at its core.

Aine (Teacher of English)

Ernest Bevin is a brilliant school to develop your teaching skills at, as it is such a supportive environment. Help and advice from colleagues in Bevin can be found from anyone at anytime, anywhere.

Alexandria (Teacher of Maths)

Bevin is vibrant and exciting!

No two days are ever the same!

Adrian (Learning Resources Manager)

Working at Ernest Bevin by providing a service to the college and students for 45 years. It must be good!
