

Senior infrastructure and cloud engineer (VNOPS22)

salary circa £50K

Exeter School is the leading co-educational day school in the Southwest, educating over 1,000 pupils aged 3-18. We are looking to appoint a senior infrastructure and cloud engineer to join our school, a school of great character, to start as soon as possible.

This role focuses on leading the school's transition to cloud infrastructure, ensuring system security, and modernising IT systems. This post manages Microsoft 365, Azure, and networking systems, oversees projects related to virtual infrastructure, CCTV, and MDM platforms, and provides technical expertise for system improvements.

The ideal candidate has proven experience managing enterprise-level cloud platforms like Microsoft Azure and Microsoft 365, along with extensive expertise in network management, security, VPNs, and firewalls. A security-focused mindset and experience with MDM platforms, including Microsoft Intune and JAMF, are essential.

We offer generous benefits, including free school lunch during term time, free on-site parking and use of indoor swimming pool and fitness suite. The salary for the role is circa £50,000 depending on skills experience and knowledge.
