ABOUT CASTLE EAST SCHOOL

Anna Mears Headteacher

Castle EAST School opened September 2021 and offers specialist education for pupils between the ages of 9 - 16 years who have communication and interaction needs and autism. Our school educates and supports children and young people to develop a range of skills and qualities with support from a team of staff who are hugely ambitious for pupils to achieve both their academic and social goals. This age range means that ultimately the school provides a curriculum covering three Key Stages.

The maximum capacity of the school will be 120 pupils.

The addition of a school that will meet the needs of learners that have diverse communication and interaction needs is of particular importance to EAST. Not only is this specialised school the first addition to the EAST family, beyond the three high schools that collaboratively worked together to establish EAST, but it is also the living fulfilment of our ethos to provide all children in our local area with the opportunity to easily access excellent educational opportunities.

CLASS TEACHER

Castle EAST School are seeking to appoint a Class Teacher to start in the new academic year. This is a unique and extremely exciting opportunity to play a role in creating a truly outstanding provision where pupils with specific needs genuinely excel. As a specialist provision we are looking for staff who are committed to meeting the complex and holistic needs of young people with C&I needs so that they can reach their full academic and personal potential at Castle EAST.

The successful individual will not necessarily have experience of working in a provision for pupils with special needs; irrespective of your experience, training will be fully provided and form part of the school induction process for all staff. Our vision is aspirational and our teachers, who are extremely well supported, provide a fantastic standard of educational opportunities for students so that they can reach shared aspirational goals. Castle EAST School is looking to appoint an outstanding teacher who is inspiring, imaginative and have the ability to plan differentiated learning opportunities that meet the needs of all our pupils, many of which will have had very mixed educational experiences. Excellent classroom management skills and high expectations with the use of personalised approaches to support behaviour and reduce anxieties will be essential. Furthermore, all teaching staff are expected to prepare for and lead our students' Annual Reviews. This is a truly unique environment which provides excellent development for staff whilst working in partnership with parents, colleagues and other professionals to achieve the best possible outcomes for pupils. All of our staff work tirelessly and meticulously to promote and safeguard the welfare of children and young people within the school.

For prospective applicants, it is important to understand that teachers will be responsible for planning and delivering various subjects across the curriculum. A flexible mind-set is required with the likelihood of teaching across stages and subjects expected. This is something that we will very openly discuss with applicant during the interview process. A willingness to develop knowledge of the wider curriculum is essential, an area that you will be supported with.

EAST Vision

Who are EAST?

EAST was established on 1 September 2019. At its inception, three secondary academies were formally partnered together: Bungay, Farlingaye and Kesgrave High Schools. In 2020, we applied to establish a Free Special School in Bungay, for children with interaction and communication needs. Demonstrating our commitment to local, inclusive education, we are proud to announce that Castle EAST School is open. EAST SCITT, our 'School Centred Initial Teacher Training' is an accredited Provider offering secondary (11-16) and primary (5-11) school-based initial teacher training awarding Qualified Teacher Status (QTS). We see this as the most effective way to find and develop future teachers to work in this vibrant county. We are delighted with the popularity and quality of EAST SCITT!

We are very confident that EAST will create a stronger future for our schools and continue to improve outcomes for our students. It is through a commitment to working together that we will continue to collectively and individually achieve great things, providing a first-class educational experience for our students and an excellent working environment for staff.

Our Vision: Where everyone can achieve

We measure our **success** through a combination of **performance**, **growth** and **happiness**, as individuals and collectively.

Our **cornerstones** are the foundations of our vision; they underpin all that we do and shape the way we work with everyone in our trust and our extended educational community; from parents & carers to partners, suppliers and local government.

We do not believe there is a one-size-fits-all for success and achievement and will always do our best to support the aims and ambition of the individual.

#2 Inclusivity

We believe a great quality education, opportunities for personal development and participation should be available to everyone regardless of their personal circumstances. That's why our schools today already cater for many specialist needs and our trust is committed to developing the teachers of the future.
