

Welcome to Sherwood Park School

Sherwood Park is a school for pupils aged between 3 and 19 years that have Severe Learning Needs (SLD), Profound and Multiple Learning Difficulties (PMLD) and for those who in addition are on the Autistic Spectrum (ASD) and Complex Needs.

From September 2016 the school will be based on two campuses, Sherwood Park Campus and Sherwood Hill Campus.

Sherwood Park Campus

The campus based in Streeters Lane, is a single-storey building situated at the east side of the London Borough of Sutton, adjacent to the Historic Carew Manor, on the edge of Beddington Park, Wallington. The whole site offers a modern, purpose-built environment with grounds that are in keeping with the local surroundings. It caters for children aged between 3 and 19 years that have Severe Learning Needs (SLD), Profound and Multiple Learning Difficulties (PMLD) and children aged 3- 11 who in addition are on the Autistic Spectrum (ASD) and Complex Needs.

NEW - Sherwood Hill Campus

The new campus, opening in April 2016, located in Stanley Park Road, Carshalton is a three storey Secondary School which has been specifically designed and built for pupils aged 11 – 19 (Key Stage 3-5) who have as their primary learning need Autistic Spectrum Disorder (ASD) with Complex Needs/Severe Learning Disabilities.

For the last 18 months we have been working closely with Sutton Local Authority and Architype to plan and design a purpose built inspirational learning environment to meet the needs of those pupils co-located on a shared site with Oakfield – Primary ASD provision and Woodfield Primary School – both new to the site.

We hope the new campus will be a vibrant, inspirational learning place designed specifically to meet the very special needs of learners with ASD. In order for them to achieve aspirational outcomes our facilities will include low arousal classrooms with 1.1 learning areas, sensory room, gym for OT and sensory circuits, spa pool, therapy room, art/ D/T room, Lifeskills area, specialist recreation areas including a Muga and bike track and outside learning environment.

At Sherwood Park School the Staff, our Governing Body and Headteacher value the immense support that we receive from the many people associated with our school and appreciate the different ways in which we are helped. We believe that together we can provide a comprehensive education that addresses the individual needs of our pupils and enables each to achieve their fullest potential within an environment that is stimulating, safe, diverse and happy. Whether our pupils attend either Sherwood Park Campus or Sherwood Hill Campus we will be supporting our ethos of Valuing the Individual, Celebrating Achievement and Learning for Life
