

Welcome  
to excellence  
in education

"Una enseñanza creativa, basada en una educación en valores, permite a nuestros alumnos fraguarse un futuro profesional basado en la excelencia".

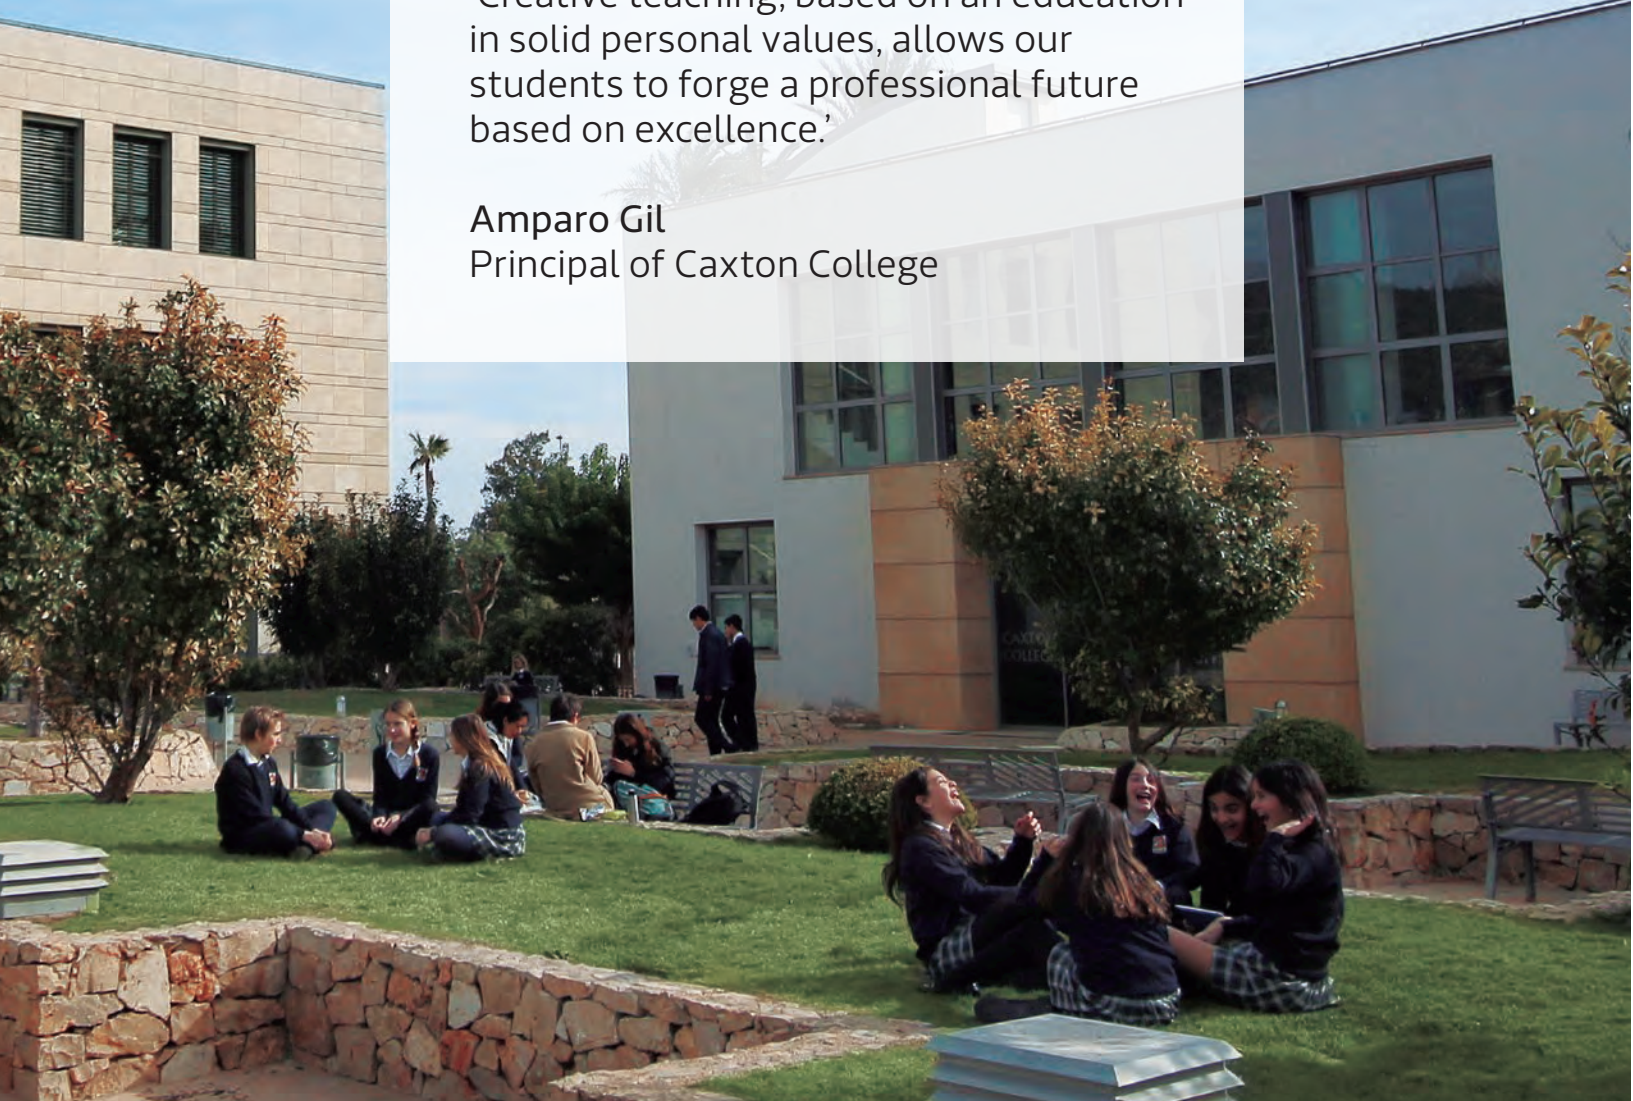

Amparo Gil  
Directora de Caxton College

# British school since 1987

'Creative teaching, based on an education in solid personal values, allows our students to forge a professional future based on excellence.'

Amparo Gil  
Principal of Caxton College

# Honeste Vivere

## School Ethos

### Whole child

The educational system at **Caxton College promotes a whole child approach.**

Therefore a fundamental part of the learning process is the combination of sporting, cultural, artistic and craft activities which develop personal qualities and interests, enabling students to learn how to make the most of their leisure time.

### Cultures

An understanding and sound knowledge of both **Spanish and English cultures** is considered a fundamental facet in the education of our students.

#### Educación integral

El sistema educativo seguido en **Caxton College promueve la educación integral de nuestros alumnos.** Por ello, parte fundamental del proceso educativo es el conjunto de actividades culturales, deportivas y artísticas que fomentan los intereses y cualidades personales, proporcionando una base firme para el aprovechamiento del tiempo de ocio y para el crecimiento personal.

#### Culturas

La comprensión y conocimiento del mundo de habla española e inglesa se considera un aspecto básico en la formación de nuestros alumnos.

### Learn

We pursue an **experimental methodology** that focuses on the **pupils' natural desire to learn.**

We aim to awaken the pupils' curiosity and interest in their surroundings, encouraging them to learn how to learn.

### Positive

We consider it essential that the pupils **develop positive intellectual and moral habits** thus enabling them to fulfil their potential.

#### Aprendizaje

Perseguimos una **educación activa**, principalmente **basada en la exploración por parte del niño.** Se pretende crear un interés por el entorno, intentando que los niños tengan curiosidad por aprender.

#### Positividad

Consideramos fundamental la **formación de hábitos intelectuales y morales** como base sólida para alcanzar la mayor plenitud humana.

## Responsible

We encourage our students to develop all the necessary attitudes to be **responsible citizens** and **competent professionals**.

## Educators

Classroom activities are seen as a joint task between teachers and pupils. We acknowledge the fact that **parents are the most important educators** of their children. Therefore, we encourage parents to develop their role as educators through criteria in line with the educational beliefs of the school.

---

### Responsables

Queremos que los alumnos desarrollen las actitudes necesarias para ser **adultos responsables y futuros profesionales**.

### Educadores

Entendemos la **educación como una empresa común de profesores, padres y alumnos**. No obstante, el colegio reconoce que la responsabilidad principal de la educación de los hijos recae sobre los padres, y por tanto, estimula su tarea de educadores principales y fomenta la unidad de criterio en la acción educativa. Les animamos a ejercer esa responsabilidad de acuerdo con los principios educativos del colegio.

## Skills

We aim to provide pupils with the skills necessary to form **independent opinions**, enabling them to make personal decisions in response to situations which will arise in their lives. These skills will help them to learn to utilise all the information on hand and to use their judgement.

## Values

**Education** at Caxton College is based on **Christian values** whilst at the same time respecting freedom of belief.

## Respect

The aim of our co-educational system is to promote **mutual respect as well as self-respect**.

---

### Habilidades

Pretendemos dotar a nuestros alumnos de las habilidades necesarias para que aprendan a **desarrollar sus propios criterios y a tomar decisiones personales** como respuesta a las distintas situaciones que surgirán a lo largo de sus vidas. Estas habilidades les permitirán manejar la información del entorno y aplicar sus propios juicios.

### Valores

Respetando siempre la libertad de creencia, la **educación impartida se inspira en valores cristianos**.

### Respeto

Un objetivo de nuestro sistema co-educacional es fomentar el **respeto mutuo**.

The road grew muddier and muddier  
and the wheels began to spin  
Mr Gummy looked at the  
some of you will  
he said.

## **Educación Infantil**

*Mentes curiosas, manos creativas,  
corazones solidarios*

Sus primeros pasos en inglés los dará en un entorno seguro y adaptado a sus necesidades.

Explorará áreas didácticas de manera creativa y divertida.

Experimentará una saludable relación con el medioambiente como un factor de enorme importancia en su desarrollo intelectual y emocional.

Le motivamos a ser independiente y solidario en una atmósfera afectiva en la que es feliz.

1 - 5 años

Inquisitive inds,  
creative hands,  
caring hearts

## **Early Years & Foundation Stage**

Our youngest children take their first steps in English in a safe environment that has been purpose-built to suit their needs.

---

Here, they can explore different educational areas and learn through creative play.

---

They will build a healthy relationship with the environment which is a vitally important part of their intellectual and emotional development.

---

We encourage them to be independent but caring, in a friendly, happy atmosphere.

**1 - 5 years old**

## **Educación Primaria**

### *Mejorando sus capacidades*

Iniciará un itinerario en el que le proponemos trabajar en áreas de aprendizaje creativo.

Le fomentamos principalmente la reflexión, la investigación, la disciplina y la autonomía.

Le enseñamos a manejar sus emociones.

Recibirá unos valores humanos que le ayudarán a crecer como persona.

6 - 12 años

# Achieving their potential

## **Primary Education**

This is the start of a new journey, where children are taught through creative learning.

---

We encourage above all reflection, curiosity, discipline and the ability to work independently.

---

Children are taught how to handle their own feelings.

---

They will develop the personal values which will help them to grow as individuals.

**6 - 12 years old**

## **Educación Secundaria**

*Creatividad en las aulas, unidad y diversidad en un entorno de aprendizaje innovador*

Comienza un viaje en el que le ayudamos a descubrir sus pasiones intelectuales y vocación profesional.

Le ofrecemos un modelo educativo dotado de una gran variedad de asignaturas prácticas que le permitirán aplicar sus conocimientos a través de proyectos, exposiciones y talleres relacionados con el ámbito científico y humanístico.

Desarrollamos su capacidad oratoria para hablar y transmitir ideas en público.

Le ayudamos a que tome conciencia de los problemas sociales participando en trabajos cooperativos a favor de organizaciones solidarias y voluntariados.

12 - 16 años

reativity in classes,  
unity and diversity, innovative  
learning environments

## **Secondary Education**

Students now start a new stage in which we help them to discover where their academic interests and professional vocations lie.

We offer them an educational model which includes a wide variety of practical subjects that allow them to apply their knowledge through projects, presentations and workshops related to the fields of Science and the Humanities.

We help them to put their ideas into words by developing their public speaking skills.

Our students become aware of social problems by cooperating with non-profit and voluntary organisations.

**12 - 16 years old**

## **Bachillerato**

### *Mirando al Mundo*

Emprenderá un bachillerato basado en el modelo del Reino Unido cursando asignaturas de Advanced Level (AL) que le dará acceso a universidades de todo el mundo. Además, para acceder a los campus españoles se le preparará en las materias requeridas.

Durante esta etapa le orientamos permanentemente para que su elección universitaria sea la más acertada.

Le incentivamos a tomar posiciones de liderazgo para su futuro profesional.

En un clima de interculturalidad y mediante programas de voluntariado le guiamos para que se convierta en un ciudadano culturalmente abierto y solidario.

16 - 18 años

# Looking towards the future

## **Sixth Form**

Students now start out on a Sixth Form programme based on the British model, taking AL (Advanced Level) subjects which will give them access to Universities all over the world. In addition, if they wish to gain entry into Spanish Universities, students will prepare the required examinations.

---

In this stage of their education, we continually give them career guidance, so that their choice of University course is the right one for them.

---

We encourage them to aim for leadership positions within the school, to prepare them for their professional future.

---

In a multicultural environment, and through voluntary programmes, we guide our students to become culturally open-minded and committed citizens.

**16 - 18 years old**

# In touch with the rest of the world

## ***Old Caxtonians***

Our students receive an education which allows them to aspire to some of the best Universities in the world, whether English-speaking or Spanish.

---

A method that encourages responsibility in the students, based on critical thinking and thorough research, a culture of hard work and good communication skills, all ensure that our students can expect a promising future global career.

## Old Caxtonians

### *Conectados con el mundo*

Nuestros alumnos reciben una base educativa que les permite aspirar a matricularse en las mejores universidades del mundo tanto del ámbito anglosajón como del hispano.

Un método que fomenta la responsabilidad del alumno, promueve la capacidad crítica e investigadora, la cultura del esfuerzo y las habilidades de comunicación, le asegura un futuro profesional altamente prometedor y universal.

Marta Uncio, studying Engineering at Cambridge University.

## **Actividades culturales**

### *Alimentamos su talento*

Ponemos a su disposición una serie de aulas opcionales que ampliarán su universo artístico, cultural y creativo para que profundice en sus pasiones.

Un área desde donde abonamos el talento de nuestros alumnos a diario para que la esfera cultural sea una guía y un faro en sus vidas.

### **Creatividad**

Pintura, escultura y teatro.

### **Nuevas tecnologías**

Robótica.

### **Cálculo mental con ábaco**

### **Idiomas**

Chino, francés, alemán, valenciano y español para extranjeros.

### **Música y danza**

Ballet, urban dance, zumba, piano, guitarra, violín, oboe y percusión.

### **Programas externos**

CREST Awards.

The Duke of Edinburgh's Award.

# Nurturing Talent

## **Cultural Activities**

We offer a broad range of optional activities to develop pupils' artistic, cultural and creative skills, so that they can pursue their passion, whatever it may be.

We are constantly striving to further our students' talent, so that the world of art and culture can be a guide and a beacon in their lives.

### **Creativity**

Painting, sculpture and drama.

### **New Technologies**

Robotics.

### **Mental Arithmetic with Abacus**

### **Languages**

Chinese, French, German, Valencian, Spanish as a Foreign Language.

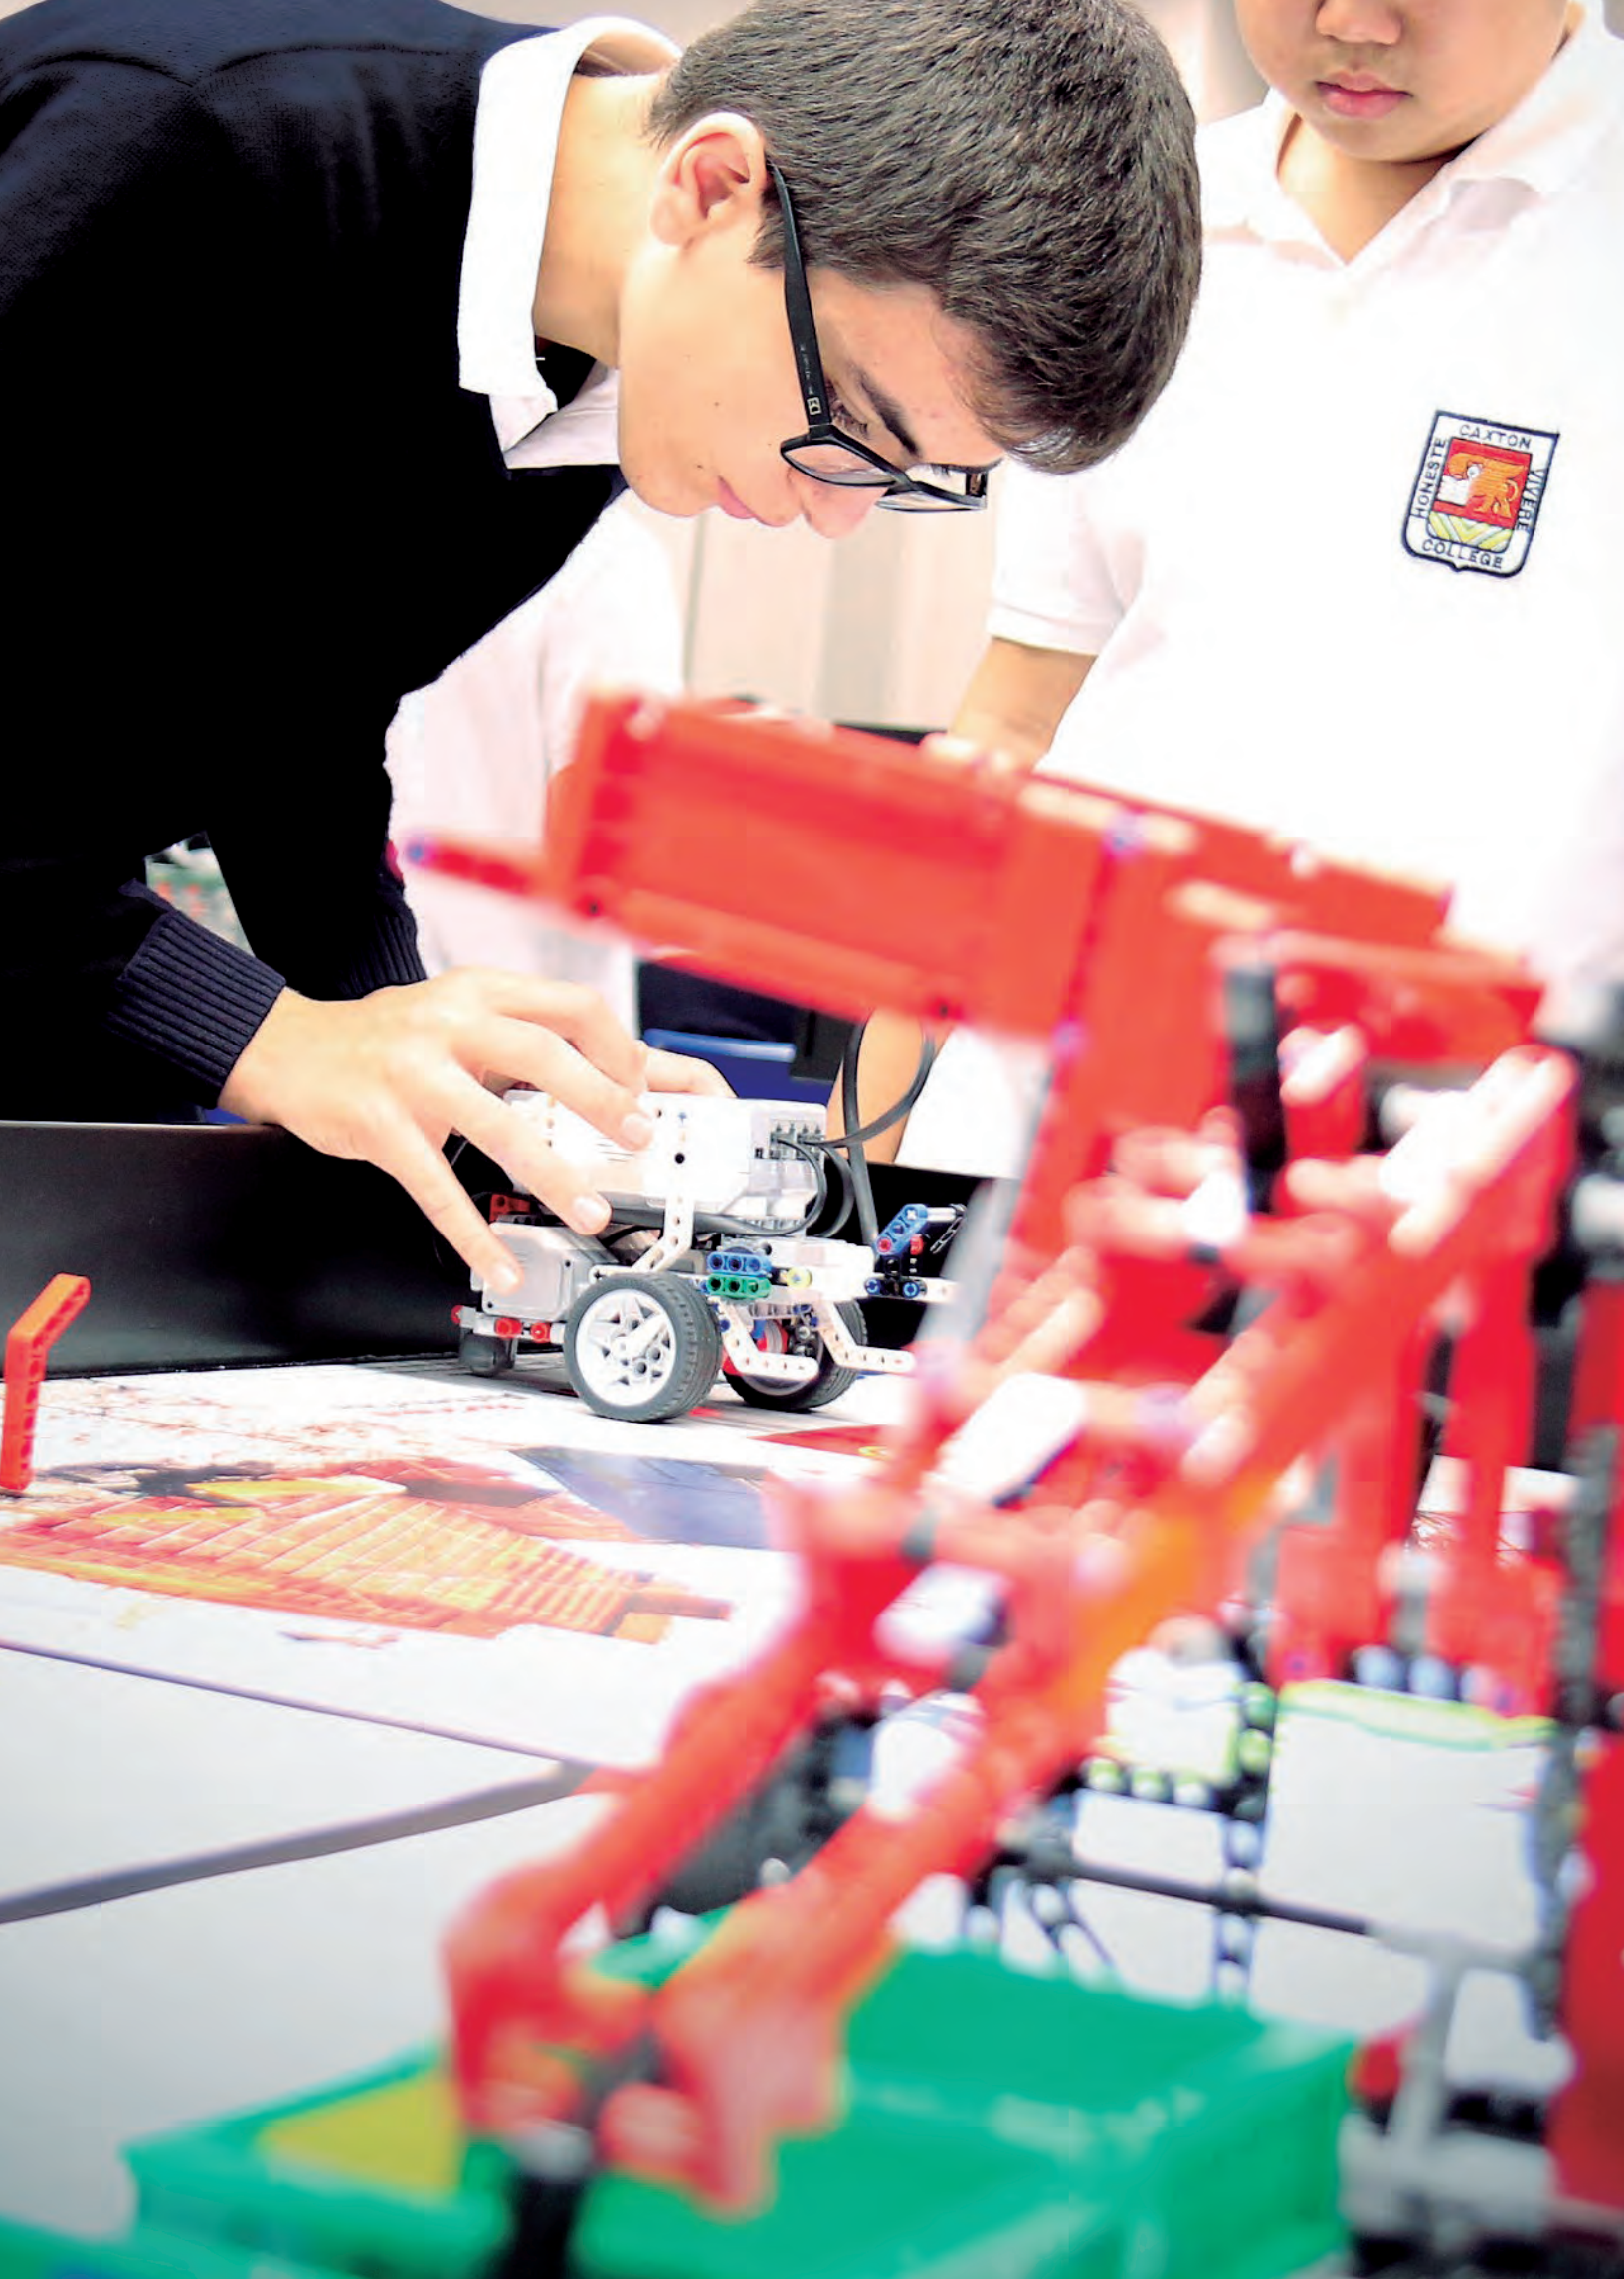

### **Music and Dance**

Ballet, urban dance, zumba, piano, guitar, violin, oboe and percussion.

### **External Programmes**

CREST Awards.

The Duke of Edinburgh's Award.

## **Aprendizaje aumentado**

*Aulas con la última tecnología integrada para el aprendizaje de las Ciencias y las Humanidades*

Asistirá a una experiencia educativa innovadora que tiene lugar en la conexión de las humanidades con la tecnología.

Participará de una propuesta educativa donde la Tecnología de la Información le ayudará a potenciar la creatividad, el trabajo en equipo, la motivación, la reflexión, la investigación y el pensamiento crítico.

Un modelo didáctico con el que generará contenidos con sus dispositivos tecnológicos fuera del aula y, posteriormente, el profesor le orientará de manera personalizada e interactiva.

# Classrooms equipped with the latest technology for learning in Science and the Humanities

## ***Increased Learning***

The students will be involved in an innovative educational experience which happens where Humanities are linked with Technology.

They will be part of an educational programme where Information Technology will help them to enhance their creativity, teamwork, motivation, reflection, research and critical thinking.

An educational model where they can create content on their electronic devices outside the classroom and, afterwards, receive personalised, interactive guidance from their teacher.

## **Actividades deportivas**

*A favor de una vida saludable*

Le proporcionamos una vida deportiva dinámica a la vez que competitiva donde se trabajan valores individuales y colectivos.

Ajedrez  
Baloncesto  
Fútbol  
Tenis  
Pádel  
Judo  
Kárate  
Natación  
Patinaje  
Gimnasia rítmica  
Multideporte  
Equipos escolares de competición  
Olimpiadas Caxton

# Encouraging healthy lifestyle

## ***Sporting Activities***

We provide all the elements of a dynamic sporting lifestyle, while at the same time encouraging competitiveness, so that students can learn to develop both as individuals and as part of a team.

Chess  
Basketball  
Football  
Tennis  
Paddle tennis  
Judo  
Karate  
Swimming  
Skating  
Rhythmic gymnastics  
Athletics  
School teams taking part in competitions  
Caxton Olympics

Visits from renowned experts in the fields of science, art, literature, sport or business give students a broader view of the professional world.

## Enriquecimiento curricular

### *Más allá de las aulas*

La visita de prestigiosos profesionales relacionados con la ciencia, el arte, la literatura, el deporte o la economía le aportará una enriquecedora visión del mundo profesional.

Adquirirá nuevos conocimientos que le ayudarán a reforzar las asignaturas estudiadas en el aula.

Vivirá cercano a la realidad, para que pueda sentirla e incluso tocarla, sabiendo que su futuro profesional se construye en su día a día escolar.

# Beyond the classroom

## **Curricular enrichment**

They will gain greater knowledge with which to expand on what they have learnt in the classroom.

They will experience the real world, and come to realise that their future careers are built on what they learn daily in school.

### **Caxton International Study Centre**

Un programa intensivo de inglés para incorporarse al sistema británico.

Una oportunidad única para acceder a la Educación Secundaria del sistema educativo británico.

Conseguirá un excelente nivel de inglés y español en una atmósfera internacional.

# Preparation for the British educational system

## ***Caxton International Study Centre***

An intensive English programme for students wishing to join the British educational system for the first time.

---

A unique opportunity to gain entry to a British Secondary education.

---

Students can achieve an excellent level in both English and Spanish, in an international environment.

## Instalaciones

### *Más que un colegio*

Disfrutará de un ecosistema educativo que no le pondrá freno a sus sueños académicos, artísticos y deportivos.

Durante este viaje educativo le acompañará un equipo humano cualificado compuesto por 150 profesores y 250 profesionales al servicio de su aprendizaje y bienestar personal.

# More than just a School

## **Facilities**

Students enjoy a unique educational ecosystem where nothing will stand in the way of their dreams, whether academic, artistic or sporting.

During this educational journey, they will be accompanied by a qualified team made up of 150 teachers and 250 professionals, all working towards the same goals: their education and welfare.

### **Education**

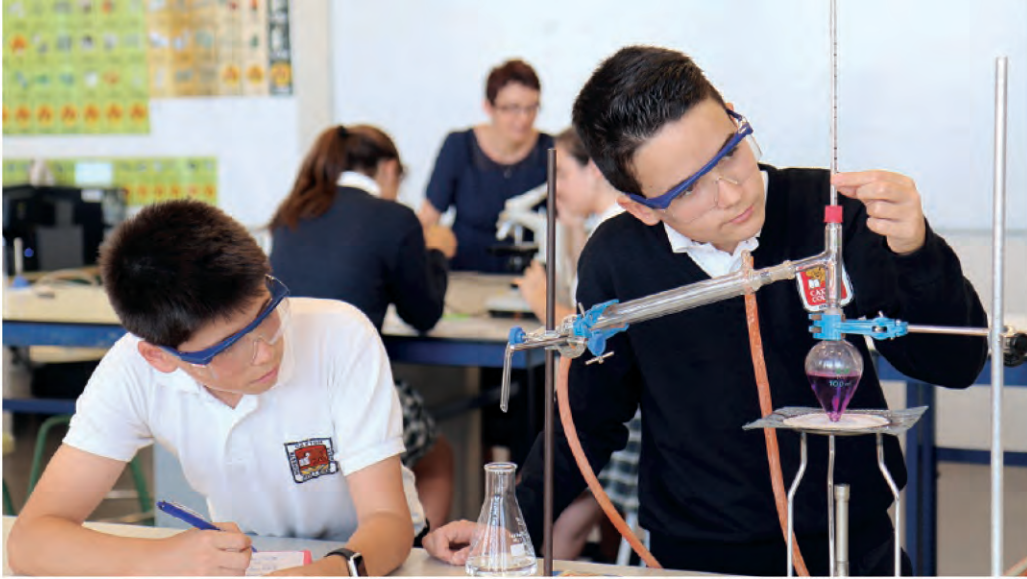

99 classrooms, fully equipped with interactive whiteboards  
2 Chemistry laboratories  
2 Physics laboratories  
3 Biology laboratories  
3 ICT suites  
2 Art rooms  
3 Music rooms

## British Curriculum Subjects and Examination Boards

A recurrent leading model in international educational ranking lists

English is the lingua franca of all the Key Stages here, where British culture coexists with Spanish, by means of a wide range of subjects chosen to develop the student's critical thinking and research skills.

Students are assessed both on theory as well as on practice. These tests are prepared and marked by external British Examination Boards, linked to the most renowned Universities in the United Kingdom.

### From Year 7 to Year 9

Students study a wide range of subjects, all of which they must pass in order to move on to the next Key Stage. In Year 9 they sit the external English as a Foreign Language examination (IGCSE ESL).

## Asignaturas del Currículum Británico y Juntas Examinadoras

Un modelo que históricamente copa los rankings internacionales educativos

El inglés es la lengua vehicular de todos los ciclos educativos en los que la cultura británica convive con la española a través de unas asignaturas planteadas para desarrollar la capacidad investigadora y crítica del alumno.

Los exámenes evalúan a los estudiantes tanto desde el plano teórico como desde el práctico. Estas pruebas las preparan y corrigen Juntas Examinadoras Británicas externas al colegio y vinculadas a las universidades de mayor reconocimiento en Reino Unido.

### Year 7 - 9

Los alumnos estudian un amplio abanico de asignaturas que tienen que aprobar en su totalidad para pasar al siguiente ciclo. En Year 9 se presentan al examen externo de Inglés como Lengua Extranjera (IGCSE ESL).
