

Are you a dedicated teacher with a passion for shaping young minds and preparing them for success in the realms of economics and business? If so, we invite you to be part of our vibrant school community.

As a Teacher of Economics and Business, you will have the exciting opportunity to impart knowledge, critical thinking skills, and a deep understanding of the business world and economic principles to our students. You will play a vital role in shaping the next generation of entrepreneurs, economists, and leaders.

We are seeking to appoint a colleague who can deliver engaging and thought-provoking lessons that cover a range of topics in Economics and Business at GCSE and A Level, creating a dynamic classroom environment that encourages active participation and collaborative learning.

At Bow School we believe in fostering a supportive environment where teachers can inspire and challenge, guiding students on their learning journey and preparing them to be world and career ready.

Bow School is committed to safeguarding and promoting the welfare of our students and expects all staff and volunteers to share this commitment.

This post is subject to an Enhanced Disclosure and the successful applicant will be subject to relevant vetting checks before an offer of appointment is confirmed and will be subject to rechecking thereafter, as appropriate
