

**Beaumont School
Teacher of Spanish
Details for candidates**

Beaumont School is seeking to recruit a well-qualified, enthusiastic and committed teacher to join an existing team of 10. The Languages department is a flourishing and friendly department and new staff are well supported. The MFL department was judged as outstanding by Ofsted in a subject inspection in March 2008. This post represents an excellent opportunity for a talented teacher to contribute to our thriving department. MFL is a high status subject at Beaumont and the successful candidate will have many opportunities for professional development. Ideally the successful candidate will be able to teach one language to A-level and a second language to GCSE.

Curriculum

Half of year 7 study French and half study German. All students study Spanish. All students take one language to GCSE and many take two. Results are good with around 70% of student achieving a higher grade pass each year.

French, German and Spanish are all offered at A level and we have a language assistant for each of these languages. We have good uptake in all languages in the Sixth Form.

Resources

The department is well-resourced. We have seven fully equipped classrooms and our own ICT room. Each MFL classroom is equipped with a multi-media projector.

Enrichment activities

The department offers many enrichment opportunities for students. There is a wide range of trips and visits on offer, including exchanges for all three languages, as well as lower school residential trips.

If you feel that you can offer the subject expertise, creativity, commitment and ability to enthuse, we would very much welcome your application.

Martin Atkinson
Headteacher

Sue Lutz
Head of Modern Languages
