# CULTURAL EXPEDITIONS

## BENVENUTI A MILANO!

*This year the students had the chance to navigate through one of Europe's cosmopolitan and economic hubs, enhancing their life skills, broadening their cultural knowledge and of course, learning about Italian cuisine. Visiting a new city, in a foreign country, certainly inspired their curiosity and their ability to adapt and communicate within different and unusual settings. As we explored the piazzas and historic sites of Milan, meeting new people and learning about new cultures, the students proved to be trustworthy and responsible, thus making their teachers particularly proud of them. We visited historical buildings, museums and we also had time to enjoy some excellent Italian cuisine, and see a fashion factory!*

# WINTER EXPEDITIONS

## NORWAY EXPEDITION

*Our seven adventurous Senior School students donned backcountry Nordic skis for the first time this year. After a warm up afternoon, they embarked upon a six day journey which took them from mountain hut to mountain hut in the wild but beautiful mountains south of Espedalen. The team worked hard, taking care of themselves and each other in temperatures which rarely crept above -5 and which often fell much lower! They took up the challenge of route planning and navigating and at the end of each day made a new home in a different unmanned mountain hut where they would make a fire for warmth as well as to melt snow to drink and cook with.*

# SUMMER EXPEDITIONS

## CAMPING EXPEDITIONS

*Back to basics! On camping trips, students took advantage of the opportunity to leave technology behind and spend some time enjoying the simple pleasures of being outside with their friends. From Year 5, students developed their camp craft skills and learnt to take care of themselves and their camp mates in all kinds of weather, as well as planning and cooking tasty, nutritious meals. For the older students, camping expeditions were often combined with hiking to allow the students to complete self-supported multi-day journeys.*

## WATERSPORT

*During the Summer Term, students took the opportunity to cool off by trying their hands at a range of water sports including kayaking, stand up paddle boarding, canyoning and wakeboarding.*

# SUMMER EXPEDITIONS

## TREKKING

*Students from Le Régent College have taken full advantage of their beautiful Alpine surroundings by getting out and about and exploring on foot. Our students have hiked through forests, Alpine meadows and along a historical bisse, as well as scaling Alpine summits. During the Autumn Term, every child in Years 5-11 took on the challenge of hiking to the summit of a local peak. This year, mountains scaled by Le Régent students included La Cravasse 1883m (Years 5 and 6), Tete du Portail 2335m (Years 7 and 8), Col de la Roue 2640m (Year 9) and Le Grammont 2172m (Years 10 and 11).*

## CLIMBING

*During the Autumn Term, students in Years 5-11 had the opportunity to have a go at indoor climbing at La Moubra climbing wall: a fantastic modern wall that we are lucky to have on our doorstep. In the summer, we take advantage of the great weather by rock*

*climbing outside. From April, students had the opportunity to really make progress by joining the Le Régent Climbing Club, where students climbed once a week on a Friday evening.*
