Dear prospective candidate,

Thank you for your interest in the Head of Maths position at Les Beaucamps School.

We are a small, four form entry high school with approximately 500 pupils aged 11-16. We are looking for a skilled, energetic and enthusiastic leader to support the school in its journey of improvement towards excellence. This is a rare and exciting opportunity to lead a successful department and to make a significant contribution to the school on its journey to reach its potential and provide the outstanding education that our children deserve. We have a committed team of staff who are dedicated to achieving the best from and for our pupils. We are also fortunate to enjoy extensive support from our parents and local community.

We have close working relationships with the other secondary schools on the island and expect the successful candidate to continue to foster these alliances and maintain these strong supportive links. The island has made a bold decision to transform secondary education to one all ability 11 – 18 school on two sites. During this period of transition we are looking for someone to take the helm in Maths, someone who can contribute to the substantial changes ahead. We need a leader who puts children first, someone who can contribute to the school's team spirit and someone who is enthusiastic and passionate about learning.

If you think this sounds like the challenge you are after, then I would love to hear from you.

Please feel free to contact me direct via email sophie.roughsedge@lesbeaucampshigh.sch.gg. You can also view our website which is currently being re-built www.lbhs.gg

Yours sincerely,

Sophie Roughsedge
