WELCOME FROM THE HEADTEACHER

Heritage High School is a thriving 11-16 secondary school in the heart of the community. We are an increasingly popular school, all year groups are oversubscribed and we currently have 1,000 scholars on roll. Collectively we are committed to the very best for our scholars.

In a fast-moving world where nothing is certain, we want our scholars to know that they will be supported and equipped to make good choices as they grow from children into young adults. We are a school that offers high quality pastoral care and believe it is important to know each individual. We offer support to all scholars to ensure they feel safe and cared for, giving them the best chance of success in life. Heritage High School aims to help all of our scholars to develop into caring young adults, aware of their place in the modern world and able to make a difference.

We believe that learning should be interesting, engaging and relevant. Our curriculum has been carefully designed by subject specialists to ensure that all scholars have the opportunity to pursue their interests and that scholars are challenged to succeed to the best of their abilities.

Employability and progression are key drivers that underpin our curriculum to offer scholars relevant paths upon leaving school, supported by expert advice regarding the routes on offer. This is all supported through the outstanding facilities that we have on offer at the school including specialist science labs, design technology workshops, fantastic PE facilities, dance and drama studios.

We are a school that encourages and expects all scholars to take a full and active part in their own learning through active participation in all lessons. In addition to lessons through the school day we offer a wide range of extra-curricular activities across several areas.

The quality of our teaching is high and maintaining this is my number one priority. To achieve this all employees at Heritage High are fully supported to develop themselves professionally. Our in-house and Trust professional learning programme is a particular strength and all employees are encouraged and expected to tap into the array of opportunities on offer.

In November 2023 the school was graded as Good school in all aspects by Ofsted, reflecting the journey of improvement we have been on. We are committed to providing the very best for the young people in our care and I hope that together we can drive the school forwards to even greater success.

To develop and improve the school further we need to recruit the best people at every opportunity. We are looking for people who are committed to improving the life choices of Heritage scholars and who can fit the friendly, hard-working and ambitious profile of the employees already here.

If you would like to visit the school please do not hesitate to contact us. We are always happy to meet prospective applicants and to talk openly and honestly about the post on offer. I look forward to receiving your application.

TOP TIPS FOR A SUCCESSFUL APPLICATION

Here are our top tips to help your application stand out and give you the best chance of getting shortlisted for an interview.

1. Always read the job profile

The job profile includes details of the responsibilities of the role and the essential and desirable criteria we are looking for in the person specification. This list of criteria is what we will use to put together our shortlist, the more essential and desirable criteria you meet, the more likely you are to be invited for an interview. Make sure to read what we are looking for, and then highlight which points you meet when completing your application.

2. Complete as much detail as possible

We get many application forms where half of the information is missing. We understand application forms can be a lengthy process, but poorly completed application forms give the impression that little effort has been made by the applicant. There also may be vital information missing that we need when making our decision. It is important to make sure your details are accurate and up to date. When going over your work history, make sure you mention any relevant experience you got from those roles and do not leave gaps in your employment history. Where there are genuine gaps, address these in the appropriate section.

3. Make sure your supporting statement is well constructed

Your supporting statement is your chance to show how you meet our person specification, so make sure you have the job profile document available to refer back to. This section is where you can really sell yourself and tell us anything that is relevant to the role you are applying for, and to highlight anything that will make your application stand out. Please ensure your supporting statement is focussed and should normally not extend beyond two sides of A4.

4. Proofread your application before submission

Once your application is complete and ready to submit, do one final read over to check for any mistakes and to make sure you are happy with all the information you have provided. Perhaps do one more check over the person specification and make sure you have demonstrated how you meet the criteria including examples where appropriate.

5. Be truthful

While you want to highlight all the experience you do have, be careful not to exaggerate your work history. This may get you an interview, but may not get you any further than that. Also be honest about what grades you received from any education you have, as we will ask to see proof of qualifications.

6. References

We ask all applicants to provide the details of two people who will act for you as a referee. Please ensure one of them is your current/most recent employer and the other is from your most recent employment prior to this. If you do not have two employment referees, for example if you have just left school or university, you should use the course leader as your referee.

Your employment referee should not be a colleague but, the name of the most senior person who can provide a reference on behalf of the organisation. If you are currently working at a school the Headteacher **must** be cited as your referee. Make sure to provide all the relevant information; name of the person, what role they hold, in what capacity they know you and their email address. There is a tick box for you to let us know if you are happy for us to contact that referee before interview. We will never contact someone you do not give us permission to contact before interview. Once you have been offered a role, we will still wait for you to give us permission to contact that referee. Please note that any job offer is conditional upon receipt of two satisfactory references.

Equal Opportunities Monitoring

The Trust is committed to providing equality of opportunity to all candidates. As part of our application process we ask you to complete a separate equal opportunities monitoring form. This form is never shared with hiring managers and it will in no way affect your application. This information is collected for the Human Resources department to review statistics on who is applying for our jobs, and what we can do to attract a more diverse workforce.

We also want to identify anyone who may need adjustments to enable them to have a fair chance at the interview stage.

The Two Counties Trust is a Disability Confident Employer, amongst other things, this means that if you declare you have a disability and you meet all of our essential criteria (available in the person specification document) you should be offered an interview.

Please note that the Trust is committed to promoting and protecting the physical and mental health of all our employees.
