believe, inspire, succeed

Dear Colleague,

Thank you for requesting an application pack for the position of head teacher at Parklands Primary School. We are proud of the pupils, staff and school community and look forward to welcoming you to the school should you take the opportunity to visit.

If you do visit, you will see highly motivated pupils, exhibiting outstanding behaviour, receiving a holistic curriculum that develops the life skills of the whole child; these are as equally important to us as Reading, Writing and Maths. Sport and music are also passions of both pupils and staff, as is reflected in the various awards and trophies you will see around the school.

As a governing body, we are proud that the school has the grounds, trained staff and facilities to offer Forest School to many of our pupils. We recognise the importance of outdoor as much as indoor learning. Our impressive facilities also include our library, IT suite and resources, and well-equipped hall.

At present the school is celebrating its 50th birthday and the pupils have been immersed in learning about the 1960s. Their enthusiasm for this topic is as bright as the psychedelic displays around the school, which will brighten anybody's day and make a visit worthwhile!

Contained within the pack you have further details regarding the recruitment process including salary and start date. We highly recommend you take time to look at our website where further information about the school can be found.

We are dedicated, supportive governors and look forward to meeting you and receiving your application soon.

Best wishes

Josie Vass

Chair of Governors

On behalf of the governing body
