About our Trust

Feversham Education Trust (FET) is relentless in its drive to provide outstanding education in a secure learning environment for all learners.

Welcome from the Chairperson

For me, it's quite simple; pupils only get one chance.

It is our role as leaders to provide the best quality of education for all learners, regardless of background, gender, faith and prior experience. I am determined that one's birthplace should not predetermine outcomes for life opportunities for young people. In an ever increasing competitive and challenging society we need to ensure every young person has access to and achieves outstanding learning.

In order to do this we need the highest quality workforce and leadership to secure outcomes for learners. We have full commitment to on-going professional development of all staff and expect the highest standards.

As we all know, education is the key to improving life changes and raising aspirations for young learners and their contribution to communities as economically active citizens.

I am proud that we have consistently provided all of the above for one school, one workforce. Now is the time to unlock the capacity in others.

“Everybody will achieve their best”

Our vision is that all learners will be given opportunities for their talents and abilities to flourish. In response to the ever-changing demands of the 21st century, we will provide an innovative educational environment that will encourage and allow students to be aspiring and successful; that will build their capacity to be resourceful and adaptable; that will create in them the qualities of resilience and self-confidence.

Underpinning our vision is the following set of core values to which we require all students and staff to invest commitment:

- Be self-respecting individuals who take personal responsibility for their own learning.
- Show respect for, and tolerance of, others
- Be sensitive to the needs of others and have the capacity to empathise with the experiences of people from diverse communities.
- Display determination, perseverance and a ‘can do’ approach.
- Be able to respond positively to the challenges they will encounter in the changing learning, work and social environments in the 21st century.
- Work hard and achieve their best

At the core of our vision is a concept of our school as the dynamic heart of a flourishing learning community that will extend to the locality and connect with the wider learning communities of the Bradford district.

School Improvement Priorities

Our school improvement priorities are

- To raise standards and accelerate progress
- To further close the gaps for different groups of students

These improvement priorities are expanded upon in detail in the school improvement plan.
