

Re: Achievement Coordinator

Dear Candidate,

Thank you for your interest in Bohunt School Wokingham.

We are seeking a charismatic and driven individual who will be at the vanguard of the development of the new school. If appointed, you will have the unique opportunity to establish the culture, ethos and expectations for all members of the community. If you are passionate about learning; confident you can meet the challenges of establishing and delivering innovative education; and developing a similar passion in others, then I would encourage and welcome your application.

We opened in September 2016 to our first cohort of year 7 students and moved into new state-of-the-art buildings in July 2017. The school is already oversubscribed and has quickly established an impressive reputation.

The post represents an educational blank canvas. You will be joining the House Team, alongside other achievement coordinators and will take responsibility for our students' progress and achievement. You will be instrumental in shaping the strategic development and growth of the school, working alongside other senior colleagues to help our youngsters develop into 'game changers' of their own futures. As I said in the advert, potential is as important as experience.

Applications from both teaching staff and support staff are welcome, where applicants feel they have the necessary skills and qualities to effectively perform the role. Applicants would undertake duties linked to a substantive salaried role as well as the achievement coordinator role of their house paid on a leadership bursary. This leadership bursary will be reviewed as the school grows and houses grow in size. Although there are no subject specialisms specifically required, English, Maths or Humanities backgrounds would be helpful.

The new school is a landmark project for Wokingham Borough Council, with substantial investment in the first new secondary school in Wokingham in over 50 years. Interest and expectations of the school are very high across the community and we are already oversubscribed.

This is an exciting time to be joining the Bohunt Education Multi-Academy Trust, which already comprises of five other secondary schools in the South East: Bohunt School Liphook, Priory School Southsea, The Petersfield School, Bohunt School Worthing and City Academy Norwich. Bohunt Wokingham features various innovations in learning environments and technology that have been pioneered by BET over time: dynamic learning environments, the use of ICT to enhance learning and excellent sports facilities, as well as innovating at the leading edge of learning ourselves. The trust, recognised nationally and internationally, has a proven track record of offering exceptional opportunities to develop professionally, and to

Proud to be part of the Bohunt Education Trust

make a difference and work within a team committed to raising very high standards even further.

Starting at a new school is a unique opportunity and will come with many questions. For an informal conversation about the role or to meet me I can be contacted by e-mailing on head@bohuntwokingham.com. If you would like to visit, to get a flavour of our educational ethos and culture please contact Sharon Rolland via email srolland@bohuntwokingham.com

If you are interested in this post please complete the application form and provide a letter of application. On the application form please ensure that all periods not in education, employment or training are explained and include details of any subjects you could offer.

The supporting letter should be no longer than two sides of A4. It is your opportunity to tell us a little bit about your personal philosophy of education, why you are attracted to this post and any other details which you think are relevant.

Finally, I look forward to receiving your application should you decide that you wish to contribute to the development of Bohunt School Wokingham.

With very best wishes,

Ben Godber
Head of School, Bohunt School Wokingham
