

## TEACHER OF MATHS

### JOB DESCRIPTION

#### Key responsibilities

##### Teaching and Learning

- Ensure a very high quality of Maths teaching and learning.
- Teach highly engaging and effective lessons that motivate, inspire and improve pupil attainment.
- To stay up-to-date with new initiatives in Teaching and Learning and to ensure they are implemented in the Department.
- To review and amend, as appropriate, the schemes of work annually according to developments in education.
- To develop the use of experiential learning by organising College Educational visits.

##### Assessment

- To ensure that student work is marked regularly (in line with the whole school marking policy) and meaningful targets are set to help learners make progress.
- Ensure that there are effective and meaningful assessments in place.
- Monitor and evaluate the progress of all students within your classes, addressing underachievement as and when identified.

##### Catholic Ethos

- To recognise that we are a Roman Catholic College based on Gospel values and to ensure that we live by these values.
- To be fully supportive of the ethos of the College.
- To support the Christian practice of the community and to encourage boys to participate in Christian action.
