Teacher of History
Dear Applicant,

Thank you for your interest in applying for the post of Teacher of History at Oasis Academy Don Valley. I hope that you find the information provided helpful and welcome any further questions throughout your application process.

It is an exciting time to be joining Oasis Academy Don Valley as we expand our team in preparation for the opening of the secondary phase of the Academy. As our new Head of Technology, you will play a central role in curriculum design, ensuring there is clarity in progression from Year 7 to Year 11 allowing all of our children to make outstanding progress leading to exceptional outcomes. You will play a pivotal role in supporting the Academy in enabling systems, structures and routines.

We are looking to recruit a leader with a passion for Technology and a firm belief that all children can achieve. You will have the opportunity to design a bespoke curriculum, which clearly demonstrates progression from year to year. Answering the questions if a child is to achieve exceptional outcomes at the end of Y11 what should they know, understand and be able to do at the end of each academic year, ensuring that year 7 provides a solid foundation for that journey.

In this pack, you will find information on both Oasis Academy Don Valley and Oasis Community Learning as a multi-academy trust. I have also included a job description outlining expectations and duties for the role along with a person specification you can use to match your experience and suitability against.

For over a decade Oasis Community Learning has been helping children and young people reach and realise their potential

Born from the Oasis global charity, previously established in 1985 by Rev. Steve Chalke MBE, our first academy opened in 2004. It was Steve’s vision to open a school that was inclusive of all and provided opportunity for the whole community. Since then we have grown as a family into 49 academies spread across the UK, each connected to a community Hub. We are proud to be one of the largest Multi-Academy Trusts in the UK.

We work in some of the most socially disadvantaged areas, but believe passionately in each of the communities we are based in. We are committed to helping every community realise its potential.

This is made possible by the outstanding people who work for us - leaders with vision, determination and drive to raise standards. In fact we are securing better education across the group and closing the gap for our disadvantaged students each day through exceptional teaching and support. In just two years our sustained improvement has seen the percentage of Ofsted inspected academies attaining ‘Good’ or better from 30% to over 81%.

Vision for Education
Exceptional Education at the Heart of the Community

OASIS’ AIMS:
Transform Lives - Every person matters and everyone is loved and valued.
Transform Learning - We have a passion for learning and we want everyone to achieve their full potential.
Transform Communities - We are committed to community development and the aim of all our work is to increase community cohesion locally, regionally, nationally and globally.

OASIS PHILOSOPHY OF EDUCATION
Our philosophy of education is underpinned by three important Hebrew principles: Inspirational Leadership, Deep Learning and Healthy Communities

Inspirational Leadership: Rabbi (my teacher; my guide; my role model; a term of respect)
Through personal example and strong relationships, all teachers are encouraged to be inspirational role models for their students. In this way, a teacher is not simply a purveyor of ‘knowledge’, dropping it into the minds of those they teach. Instead, they are communicating and bringing knowledge, wisdom and understanding through their words, actions and whole lives, helping students to reflect and think for themselves.

Deep Learning: Yada (to know; to see; to perceive; to understand; to experience; to have a relationship with)
Gives students the opportunity to encounter and experience learning personally and relationally. It is never an abstract, theoretical or academic idea simply to be contemplated but, rather, primarily about gaining wisdom – the practical application of knowledge to every area of life. Life is not straightforward; learning from failure and mistakes and being resilient is an important part of it. It is hands-on learning throughout life which can only be obtained through on-going active, intentional engagement with it and with others.

Healthy Communities: Shalom (peace; completeness; nothing missing; nothing broken; well-being, wholeness)
Seeks to ensure that every classroom encounter, each piece of curriculum planning, each assessment experience are all shaped, informed and delivered in the light of our desire for wholeness and well-being in the widest sense of the word; for everyone at every level of their lives – academically, vocationally, physically, spiritually, morally, socially, economically, environmentally and culturally.
