Success is an Attitude

The Chalfonts Community College is an inspiring learning community where 'Success is an Attitude'.

The Chalfonts is the one of the largest secondary schools in South Buckinghamshire (1650 students, 260 in the Sixth Form) yet doesn't 'feel' like a massive school. Many students travel by coach from surrounding villages and we attract students from outside our catchment area.

As a larger than average school we can offer an enviable range of both curricular and extra curricular opportunities for all students of all ages. We strive to be the best we can be and our results have been consistently good.

Learning will be exciting, interactive and will prepare students for their future. They will become independent learners who achieve their full potential.

Visitors frequently comment on the 'buzz' they feel in The College. We always seek to recruit professionals who enjoy working in an innovative, caring environment.

Our Mission

As a student-centred learning community we are determined to raise standards for all. ICT is integral to the learning process, with a technological, mathematical, scientific and vocational culture.

In active partnership with our community, students will be inspired to develop their skills, confident and self-esteem. They will be life-long learners and successful in an ever-changing world.

A professional learning environment

The College offers a broad and balanced curriculum. As well as a strong focus on literacy and numeracy, we nurture the independent learning skills that benefit students throughout their lives. Parents are involved in every stage of their child's journey and The College shares effort and attainment through termly assessments, annual reports and parents' evenings.

On top of this, we have excellent facilities for use by all students including:

- Leisure Centre and swimming pool onsite
- A brand new fitness suite and dedicated weights room with multi-gym equipment
- Sports hall, astro-turf pitches, tennis courts and a large sports field
- Fully equipped Apple Mac and PC suites with iPad banks
- Learning Support Centre with a fully resourced library
- A modern Sixth Form

Our Principal – Mr R Denial

I am proud to be the Principal of this school which is a place that ensures all students regardless of background or belief, achieve and succeed in all that they do.

We want all of our students to be inspired to love learning. We have high expectations of everyone within our community as we prepare our young people for life and work in the 21st century.

Finally our students

'Everyone at The Chalfonts is always smiling; that's what makes it such a fantastic learning environment'
