PROFILE SUMMARY

This is a rare and exciting opportunity to join an ambitious team in a new premium school in Cairo, Egypt.

We are looking for exceptional teachers who bring with them excellent pedagogical skills, a forward-thinking attitude, and outstanding experience from the best schools in the world.

Colleagues joining us will be part of Inspired – a leading global education group renowned for its relentless pursuit of educational excellence. At the heart of this promise to parents is the commitment to hire the very best teachers to inspire and support students to achieve their best each day.

Having a global outlook is important at King's School The Crown, because not only are you part of the King's Group, with over 50 years of excellence behind them, but you are also part of a global community of over 110 schools.

Sharing of knowledge and best practices across the world will become part of daily life for teachers and will also provide global opportunities for students to expand their perspectives to ensure they become global citizens of the world.

ABOUT KING'S SCHOOL, THE CROWN

King's School The Crown is the only premium international school in the region to offer an integrated early years provision, providing education for students from 3 months to 18 years old, all in one brand new and bespoke campus.

A FOCUS ON ACADEMICS

Early Learning School – EL1 to Reception

The Early Learning School is housed in its own bespoke designed learning environment. Inspired by the ethos of Reggio, Inspired Early Years uses the brand-new Cambridge curriculum for 3 to 5 years. The environment is designed specifically to enable child-led and exploratory learning, both inside and outside the classroom.

Primary School – Year 1 to Year 6

The Primary School is a vibrant, lively community, with a broad curriculum where children are given space, countless opportunities and support to grow in confidence and discover their individual talents. A supportive teaching and learning environment, and a commitment to academic, creative, cultural and sporting excellence will enable a momentum to succeed.

Form tutors are supported by subject specialist teachers and support staff who, together, bring a wealth of experience and diverse talents to the Primary School. Developing confidence is also of central importance to the community and children will be encouraged to explore and represent the core values of the school.

Senior School – Year 7 to 13

The Senior School provides a dynamic, flexible curriculum with a rigorous academic, creative and sporting education which aims to challenge and engage, offering a secure foundation on which to continue into higher education and beyond. Students will progress through international GCSE and A-level programmes or IB Diploma programmes. The wider curriculum helps develop lifelong skills in building and maintaining relationships, leadership skills, oratory and presentation competencies and preparation for independence in adult life. This vital approach values these developing competencies in young people, as well as the mental health and well-being of each student.

“ I am incredibly excited to be part of an all new undertaking in Egypt, where my passion for education and international experience can bring to life King’s School The Crown.”

Joel Worrell

Founding Executive Headmaster

OUR HEAD

Joel has an extensive career at numerous highly-rated international schools across New Zealand, the UK and China. He has an undergraduate degree in Science, with a postgraduate qualification in the teaching of Mathematics and a Master’s degree in Educational Leadership. Joel has relocated to Egypt with his family to lead this amazing school on behalf of Inspired Education. Here is Joel’s message to those seeking a career within the Inspired Education Group and King’s School, The Crown.

As part of an all-new undertaking in Egypt, King’s School is the first Inspired school in the country and is part of a bold plan to extend the King’s College Group premium school brand – with four schools planned for Egypt. I am incredibly excited to be developing a team of the highest calibre staff – they will enjoy the first class and bespoke facilities, within a campus that is designed to transition pupils smoothly through the entire education journey from 3 months to 18 years. Any start-up school is an incredible journey and a professional experience for educators that are unlike anything that they will have experienced in established schools.

Opportunities for staff development, leadership and personal growth abound in a new school, but this also comes with the critical importance of staff who are flexible, collegial and who can demonstrate the problem-solving, communication and resilience skills that we work so hard to instil in our pupils.

Any international move is a significant decision, even for experienced expat staff especially when families are involved. Should you wish to have more information, or have any specific questions not answered in this information pack, please get in touch and I will be pleased to speak to you.

ABOUT INSPIRED

Inspired is a leading global premium schools group educating over 80,000 students across an international network of over 110 schools in twenty-four countries across six continents.

Inspired students benefit from the unique global connectivity of premium schools that are anchored in their local communities. The individuality of every student is unlocked through a holistic curriculum focused on the three pillars - Academics, Sport and Performing Arts, to ensure every student achieves their full potential.

Through this global approach, we aim to inspire and prepare students to be global citizens, ready to seize their exciting futures and truly flourish with the confidence and attitude needed to thrive in their ever-changing world.

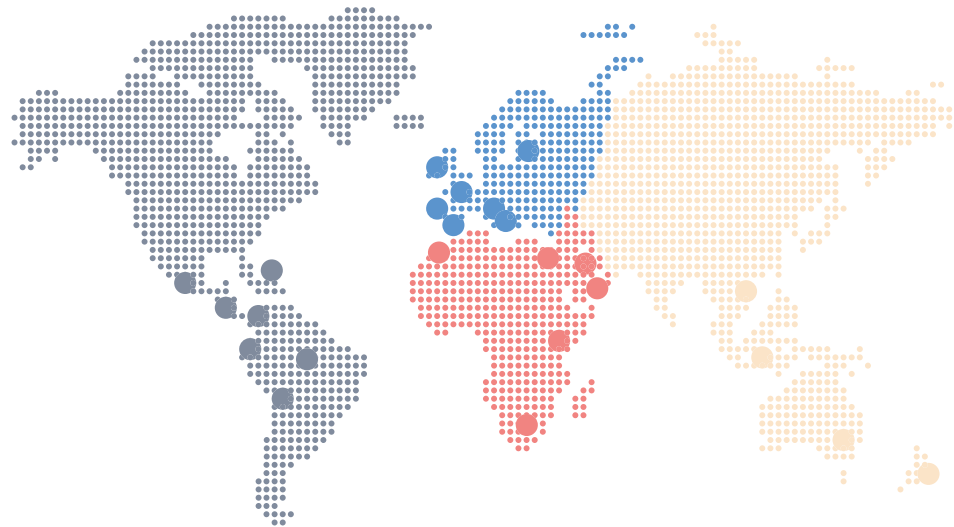

Inspired schools are among the highest performing in the world, most are non-selective and are proud to add considerable value to every student. These Schools regularly achieve highly in league table rankings across the world. Most importantly, Inspired students not only attain outstanding academic results but also graduate to some of the best universities and careers in the world.

The exciting combination of Inspired's global standings and the King's College group's 50+ year history of academic excellence enables students to consistently graduate with exceptional results, with over 90% going on to their first-choice university.

THE INSPIRED LEARNING APPROACH

Our approach is defined by supportive academic excellence and the exploration of life skills to develop students' self-confidence and self-assurance.

Our Three Pillar Approach

We do this by delivering a focus on the individual and offering a broad curriculum based on the three pillars. Academics are at the centre of our approach but are also complemented equally by Performing Arts and Sport. This rich curriculum ensures that every student can discover their passions and develop their skills. Students are encouraged and supported to excel across all areas, even those they find more difficult.

Academics

Central to all our schools, our core of academia teaches our students critical and lateral thinking to inform the understanding and application of a wide variety of disciplines. At King's School, we follow the British Curriculum to Year 11 and then the International Baccalaureate Diploma Programme to Year 13.

Sport

Inspired's sporting pillar stands for health, wellbeing, fun, motivation, self-discipline, and self-esteem. Whether it's about involving students in team sports or introducing them to individual pursuits, we aim to provide an athletics programme to suit every student. King's School students can get involved in a broad range of sporting pursuits including football, basketball, cricket, swimming, and tennis.

While some students in each school go on to achieve national and international honours, all students benefit from the fitness, enjoyment, and life-long interest that sport can spark. The physical exercise involved also contributes to the mental alertness necessary for successful study.

Performing Arts

The arts help to instil confidence and self-assurance within our students to nurture and develop their interests for life. This confidence is derived from performance, the appreciation of the arts as fundamental to the human experience, and a creative approach to all that our students do.

From drama lessons and public speaking to instrumental music lessons and visual arts, King's School students get to experience it all as part of the core curriculum.

It is one of the largest destinations for tourism in the world.

EGYPT

Egypt's population is approximately 104 million people, and Cairo alone has a population of around 20 million, making it one of the most populous cities in the world. The median age of the population is around 25 years old, indicating a relatively young demographic, which could present favourable conditions for the education market.

Egypt has a rich history that spans thousands of years, and its cultural heritage is evident in its architecture, museums, and rich culture. It is one of the largest destinations for tourism in the world.

Geographic convenience, ample sunshine and silken beds of sand have made Egypt home to many of the world's most stunningly remarkable beaches.

King's School The Crown, is based in West Cairo, an upscale neighbourhood in the country's capital. Situated by the Nile, Egypt's capital Cairo holds some of the country's best historical and contemporary offerings, lively streets that never sleep, and diverse neighbourhoods. The dynamic metropolis features numerous heritage sites that imbue the city with a distinct charm and offer a glimpse into its Islamic and Coptic histories. These include the renowned Al-Muiz Street, Amr Ibn Al-As Mosque, the Hanging Church, and the Saint Samaan Monastery.

WHY JOIN US

Be at the forefront of international education. When you join Inspired, you become part of a unique global teaching community committed to delivering the highest quality education to every student.

You will be joining other passionate and dedicated professionals with unrivalled access to extensive guidance, support and growth opportunities – and most importantly providing your students with the very best start in life.

- You will have the opportunity to work in world-class facilities and in the stunning international settings
- Travel and explore the world through Inspired's unique network of schools and positions
- Grow, progress and accelerate your career within one company across over 110 schools
- Work with and learn from some of the world's best School Leadership Teams and Principals, Heads and Business Managers
- Enhance your skills and knowledge through global communities of practice
- Join a high-performing team with a commitment to excellence and work with like-minded driven and passionate individuals
- Have the ability to make an impact across multiple schools by driving best practices

OUR PEOPLE

Great teaching comes from great teachers. So, we take great care while selecting new team members. We hand-pick teachers from around the world to ensure that students receive educational excellence.

We believe true excellence in education is only achieved through an inspiring and passionate team of exceptional teachers and specialists who are dedicated to preparing happy and motivated students who stand tall and make their mark anywhere in the world as global citizens of tomorrow.

Specialist knowledge, excellent qualifications, an outstanding reputation and the skills and imagination to turn the curriculum into dynamic lessons are some of the core qualities we look for when recruiting Inspired teaching staff.

Some others include:

- The ability to demonstrate responsive teaching which promotes excellent progress and outcomes
- To be able to reflect systematically on the effectiveness of learning in their classrooms which informs future planning and pedagogy
- To always demonstrate professional regard for the ethos and practices of the Inspired group, maintaining high professional standards, including attendance and punctuality
- Maintain the highest personal standards, acting with honesty, integrity, resilience and flexibility
- To treat students with dignity, build relationships rooted in mutual respect for the rights of others and listen to the voice of the student
- To contribute to the design and provision of an engaging curriculum
- To model the positive expectations, values and behaviours expected of every student
- To use all relevant data and tracking systems to monitor student progress, identify student underperformance and inform planning and interventions

Please refer to the specific job description for the requirements and standards for each role.
