About the School

Downe House is one of the UK's leading boarding and day Schools for girls aged 11 to 18. With a charm and character of its own, the School is set on a beautiful 110-acre site in the village of Cold Ash, situated 3 miles from the market town of Newbury. The School is passionate about creating a strong learning and inspirational environment and community, where every individual matters.

Downe House was founded by Olive Willis in 1907, who held a strong belief that a school should meet the needs of young women by prizing the individual and creating a strong community. With over 550 pupils, Downe House lives out the message that "each individual matters", an ethos as strong today as it was over 100 years ago, alongside the core values of kindness and respect for others. The aim is also to prepare girls to play a full and positive role as citizens of a global community and to become outstanding women of the future.

Our immersive education gives girls the freedom and space to nurture their talents at their own pace. Inspirational teaching, enriching Co-Curricular opportunities and personalised curricula bring out the best in each girl, with holistic pastoral support. The lifelong friendships formed here create an unrivalled network of talented alumnae helping each other succeed beyond Downe House.

The School has an established reputation for academic excellence as well as outstanding pastoral care. We offer a flexible approach to suit the individual needs of our pupils and their parents, and girls have the choice of joining us as full boarders, flexi boarders or day pupils. Many of the girls are boarders and they live in one of the twelve on-site boarding houses. The emphasis is very much on creating a 'home from home' environment and each house is staffed by a committed and caring team of staff – some of whom are residential. Our ethos is to put families at the heart of our education, from creating the right balance between family time, to working closely with parents to ensure every girl gets the most out of School life.

Our international focus reflects our commitment and ambition to share our education management expertise on a global scale and to provide genuine opportunities for staff and young people all over the world. Academic staff have the opportunity to participate in a global teacher exchange program, with our partner school in Australia. Selected pupils can also attend an international School for a short term or gain global internships for work experience. We are committed to creating a diverse and global community within our founding School in Berkshire, alongside our international Schools in Oman and the Kingdom of Saudi Arabia as well as our pioneering online DH Academy.
