

Teacher of Biology

Appointment Brief

To start | September 2018

One of the top co-educational schools in the country

Biology at Caterham

The Biology Department at Caterham is one of the most successful departments in the School with well qualified and enthusiastic staff who bring their own exciting styles and charisma to their teaching. The Science Faculty has won numerous Good Schools Guides Awards over recent years. We are looking for someone to share our vision and practice of dynamic teaching and learning and to further enhance our success.

All members of the Faculty are encouraged to use the flexibility of our syllabus and approach to pursue their own passions and interests within the subject, from Junior Science through to IGCSE and A-Level. We aim to encourage an atmosphere of enthusiasm for the subject and debate about it, both amongst ourselves and with students.

The Faculty has recently moved into a new multi million pound building providing us with a total of 15 fully equipped laboratories, and a three spacious prep rooms.

In the First Year pupils are taught Science by one teacher for 5 periods a week. Biology is taught by specialist teachers in the Second Year for 2 periods per week, and in the Third to Fifth Year for 3 periods per week.

In the First and Second Year pupils follow an in-house programme that addresses key areas of the subject and serves to give hands on practical and an exciting experience of the subject. They finish the Second Year enthused and keen to continue armed with the practical competence to become very good Biologists.

We follow the Edexcel IGCSE specification which we start teaching in the Third Year. All pupils follow the Triple Award Course until the end of the Fourth Year, when some pupils may opt for Double Award in the Fifth Year.

Our teaching programme is augmented by Science trips to places such as the Science Museum, Marwell Zoo and the Science Centre at Herstmonceux. In this way, all students are encouraged to engage in the subject in an active way.

At A level our numbers are excellent, making Biology one of the biggest departments in the School. We are pleased that many of the stronger GCSE candidates opt for the subject in the Sixth Form. We currently follow the AQA specification.

As with the Lower School, the department seeks to encourage and provide opportunity for students to develop their interest in the subject beyond the classroom. Our best pupils are trained and entered for the Biology Olympiad. Oxbridge sessions are held regularly to stretch, challenge and prepare our most able students.

Many of our A-Level students go on to pursue Biology and related degree subjects in Higher Education. Every year students studying Biology successfully achieve places at Oxford and Cambridge.

The Department currently consists of six full time members of staff plus one full time and one part time technician.

The Role

We are seeking a teacher to:

- ♦ Teach Biology from Second Year to Upper Sixth level
- ♦ Teach Science at First Year level as required
- ♦ Plan stimulating and informative lessons, in line with the departmental schemes of work
- ♦ Mark student work and tests regularly in line with departmental policy
- ♦ Contribute to oral and written assessment, reports and references for pupils
- ♦ Lead Biology help sessions as part of a departmental rota one lunchtime per week
- ♦ Educate the student body more broadly, drawing on specialist skills, knowledge and experience; for example by giving occasional lectures, running a Biology related club or assisting with Oxbridge preparation
- ♦ Undertake and check demonstrations and class experiments before using them in lessons
- ♦ Participate in relevant meetings and INSET
- ♦ Develop and improve one's own skills and knowledge, within the School's performance management process by engaging in lesson observations, seeking pupil feedback, and evaluating performance together with respective line managers in academic, pastoral and co-curricular areas.

The ideal candidate will:

- ♦ Possess a relevant degree, preferably in Biology from a top university
- ♦ Be an excellent communicator
- ♦ Have excellent subject knowledge and a passion for their specialist area
- ♦ Be well organised with a track record of high achievement
- ♦ Have a genuine interest in children's education and be passionate about guiding them to success
- ♦ Be a reflective practitioner with a desire to improve
- ♦ Be experienced in teaching to A level
- ♦

The person appointed will be expected to play a full and positive part in the life of the School. Therefore, the ability, and a willingness to become involved in, and contribute to other co-curricular activities will be essential.

The School

One of the top co-educational schools in the country

Caterham School is one of the leading co-educational HMC schools in the country. We are committed to providing an environment in which all pupils are challenged to be the best they can be and one in which pastoral care and well-being underpin academic, co-curricular and sporting excellence. The majority of our pupils are day pupils but we are also a thriving boarding community, which enriches the educational opportunity and experience for all.

We believe in providing an education for life for all Caterhamians and we seek to ensure that the learning experience at our school blends the best of tradition with the exciting opportunities provided by new technology. Learning how to learn is a key facet of a Caterham education and is in our view an essential skill for life in the twenty-first century. We believe that a truly excellent school is about more than academic achievement alone: it is also about developing a passion for learning, a capacity for independent and critical thinking, self-awareness and resilience, self-confidence without arrogance and genuine interests that extend beyond the confines of the classroom.

At Caterham School we focus on developing the whole person, aiming to ensure that each pupil leaves here ready for the challenges of life at university and beyond and understanding their responsibilities towards others. We want our pupils to leave Caterham well equipped to engage positively with a rapidly changing world as accomplished problem solvers and innovators,

confident in their ability to lead and with a clear appreciation of and respect for the views and potential of others. In so doing we remain true to our founding Christian principles and values.

All round the campus you will see signs of our confidence in the future with our modern Sports Centre and all-weather pitch, recently refurbished boarding accommodation, new assembly hall and theatre, and state of the art IT facilities. In 2008 we built a new North Wing to provide improved facilities for Sixth Form pupils and new facilities for the Health Centre. In 2013 we added two more science labs to bring the total to fifteen. All this situated on 200 acres in the beautiful, wooded Harestone Valley.

Caterham School enjoys an enviable reputation for producing highly successful individual and team performances in a wide range of sports.

Excellence is pursued wholeheartedly (with many pupils achieving county, national and international representative honours), but the aim is also to cater for every pupil, at his or her own level of ability and enthusiasm.

The co-curricular programme is extensive and covers a wide range of activities including, but not limited to: music, drama, dance, Duke of Edinburgh's Award, languages, circus club, science, outdoor pursuits, go-karting, kit car club, chess and Warhammer.

Latest News

CATERHAM'S TEEN TECH NATIONAL WIN!

Caterham School's Teen Tech team have been announced as national winners at a special ceremony at Buckingham Palace. The three-strong team were chosen as overall national winners for their design and prototype of 'SensoSafe' – a bike light that also detects vehicles approaching the cyclist from behind, alerting them to the potential danger. The young engineers were presented their award by HRH the Duke of York.

Teen Tech is a national competition that invites entries from across the UK in a multitude of different STEM disciplines. The event recorded its highest ever number of entries this year with an astonishing 1400 groups putting forward their innovative ideas.

NEW CENTRE FOR THE PERFORMING ARTS

Caterham School's new Centre for Performing Arts was officially opened by film and theatre actor and director Simon Callow CBE. The ceremony was opened by pupil musicians Hero Shimoji and Anastasia Kedrina who were followed by speeches from the Headmaster Ceri Jones and senior drama pupils.

OXFORD AND CAMBRIDGE PLACES SECURED

13 Sixth Form pupils from Caterham School received offers from Oxford and Cambridge Universities (Oxbridge) in the last year, taking to 49 the total Caterham pupils studying at the world-leading universities in the last three years alone. This year's results from Caterham saw the school

achieve an application-to-offer ratio of 57%, three times the national average

APPLE ACCOLADE

Caterham School has once again been recognised as a leading school for its application of technology in teaching and learning. The School is one of only a handful of schools in the UK to be formally accredited as an Apple Distinguished School.

The School has established a best practise programme to integrate the use of iPads by all students alongside traditional teaching methods. Since the launch of the programme, the School has received interest and visitors from across the globe, keen to learn from Caterham's experience and success.

BRITISH ASTRONAUT VISITS CATERHAM SCHOOL

Britain's First Astronaut, Helen Sharman OBE, visited Caterham School to inspire young scientists and share her experiences of space. Helen was the British person to go into space when she stayed on the MIR space station and remains the fifth youngest person to travel to space.

In the first of two packed-out talks at Caterham School, Helen addressed pupils who were full of questions about life in space. Helen's young audience was gripped as she explained complex science in an accessible and inspiring way; she also peppered her talk with anecdotes about life in space including how astronauts eat dinner, go to bed on the ceiling and even use a special space toilet!
