

WUXI DIPONT SCHOOL OF ARTS AND SCIENCE

DIPONT INDEPENDENT SCHOOLS

As the Executive Principal, I will lead our entire faculty and staff to adhere to the founding mission of "establishing a future-oriented internationalized school" set by school board of governance ten years ago, uphold the "inheritance and exploration" development approach set at school five-year anniversary, and focus on the educational strategy of "supporting individual growth for excellence through holistic education." We will employ an international faculty team, optimize the processes and methods of international education, strengthen the academic outcomes and educational goals of international education, enhance the experience of international education for students and parents. With unwavering confidence, we will position ourselves in Wuxi and aim at the Yangtze River Delta region to build a private school that integrates multiculturalism and is highly internationalized. As someone who has benefited from international education, studying abroad has changed my education and life, enabling me to help more students pursue their dreams of international education. Every individual's passion for a profession is rooted in their own sense of mission, and my mission is to protect this campus and ensure every child benefits from international education and ultimately fulfill their dreams for overseas studies.

Executive Principal
Fiona You

Wuxi Dipont School of Arts and Science

DSAS & King's College International School, Wuxi are future-oriented and focused on empowering students to thrive in a rapidly changing economic and social environment.

About Wuxi

Canal town Wuxi boasts lovely lake scenery, ancient riverside streets and one of the world's tallest statues of Buddha, at Mt. Lingyan scenic area. Centrally located in Jiangsu province, Wuxi is only 45 minutes from Shanghai or Nanjing and very close to Suzhou.

The city has grown considerably over the last few years and is increasingly attractive for expats, with a growing variety of restaurants, bars and scenic areas such as Taihu Lake. There are many charming old-style streets in the city's downtown area many of which feature bustling street food markets.

About Dipont

Dipont Education is at the forefront of changing the way education is thought about and delivered in China. Driven by its mission to provide quality education that equips young people for success, Dipont has been a pioneer in the development and localization of international education since the 1990s.

Years of exploration, partnered with experimentation, have given Dipont a rich insight into China's K-12 educational landscape, and a unique and innovative approach.

Through establishing and managing schools with elite Chinese and international partners, Dipont has built a strong reputation for its ability to balance eastern and western educational philosophies.

In the years to come, Dipont will continue to offer quality international programs, engage partners and stakeholders in meaningful dialogue about education, and ultimately, drive positive changes in China's K-12 sector.

For more information about working at our schools, visit www.dipont.com, or get in touch with our recruitment team via careers@dipont.com.

Our Partners

King's College School, Wimbledon is an independent day school in London and is considered one of the most academically successful schools in the world. In 2014, Dipont began a partnership with KCS to establish a series of schools in China. This network includes the Wuxi Dipont School of Arts and Science, Hangzhou Dipont School of Arts and Science, and Dipont KCS Chengdu.

Our partner in Wuxi, Nanjing Foreign Languages School (NFLS or Nanwai) was founded by the first premier of the People's Republic of China, Zhou Enlai, in 1963. As one of China's most prestigious schools, entry to NFLS is extremely competitive and many school graduates go on to have high-profile careers and the school has educated about 200 Chinese diplomats, ambassadors, general consulates, and party and state leaders.

One team, many talents

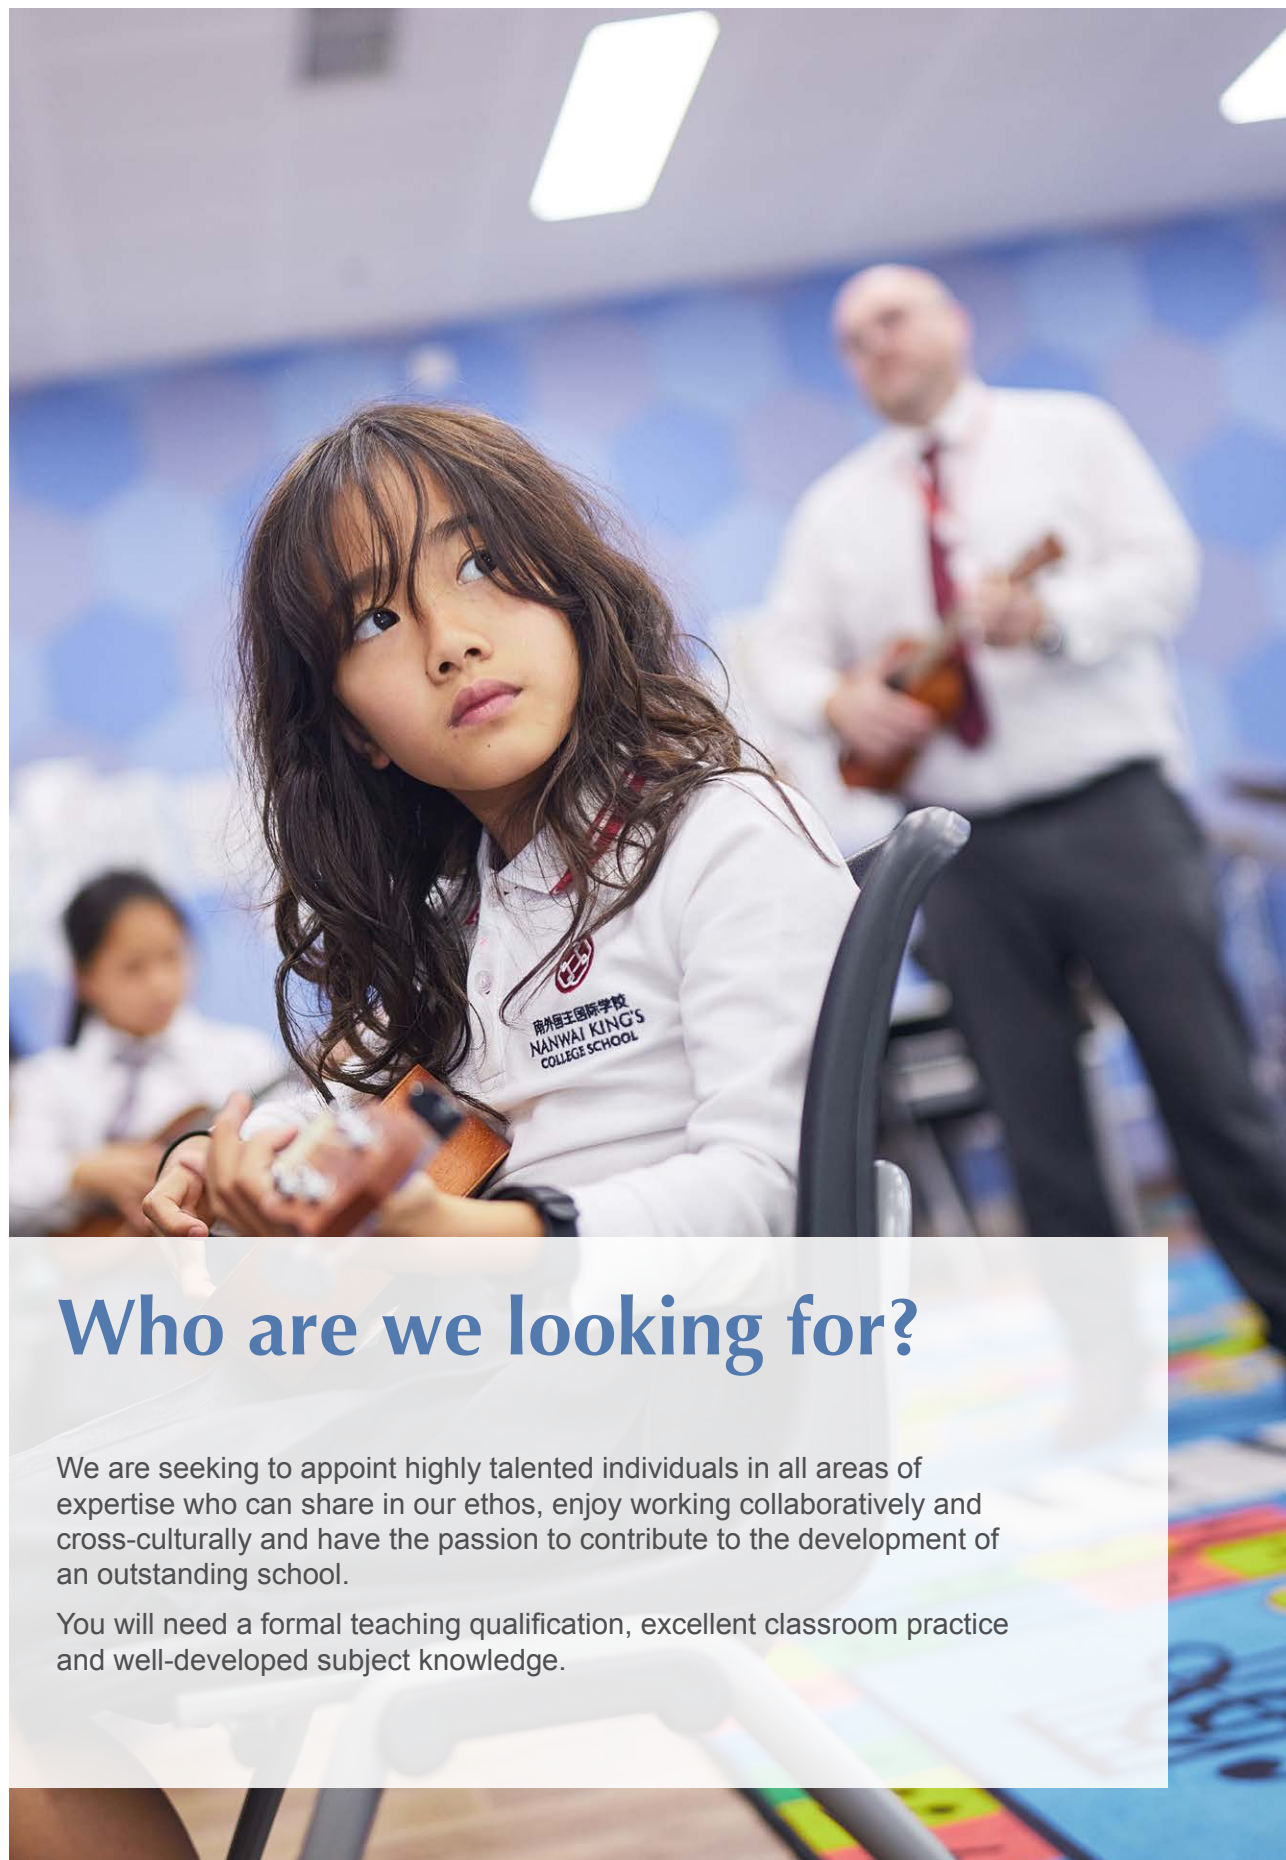

Our curriculum encourages students to explore and discover through their natural sense of curiosity. It aims to help every pupil reach his or her potential through developing a love of learning and by helping them become lifelong learners.

Building on the success of our partner schools, we aim to develop a community that is vibrant and open. A place where pupils are exposed to a wealth of experiences, are surrounded by teachers and students of diverse backgrounds, and are challenged to excel. We support each pupil to reach his or her full potential through the foundation of three systems: academic, co-curricular and pastoral.

Our state-of-the-art facilities include a large multi-purpose sports hall, a 50 metre indoor swimming pool, fitness centre, playing fields, 400m running track, well-equipped laboratories, art rooms, drama studios, performing arts auditorium with capacity for 800 people and extensive boarding facilities. A river runs alongside the campus and a boat house has been incorporated into the campus design.

Wuxi Dipont School of Arts and Science & King's College International School, Wuxi recently earned membership of the Council of International Schools.

- **Kindergarten:** Bilingual curriculum based on Chinese and international education systems
- **Primary School:** Chinese National Curriculum, UK Curriculum
- **Secondary School:** IGCSE, A-level, IBDP

Why you will love working with us:

Time for quality: A reasonable teaching workload, allows time for planning, student support, and collaboration

Wonderful students: Almost all students are impeccably behaved, age to learn, a joy to teach, and actively support and care for each other

Thriving Community: Regular events, whole-school house activities, and over 300 co-curriculars

Excellent facilities and services: Enjoy daily buffets, an on-site coffee shop and noodle bar; 50m pool, fitness room and sports fields; aquatics centre, extensive landscaped gardens and canalside

Vibrant staff and family activities: from sports to music, to culture and fun events, our faculty choose to spend time with colleagues outside of work

Ideal location: Wuxi, an internationally welcoming city, offers a beautiful seeing, abundant food, entertainment and leisure options, short commutes (5-15 minutes), an international airport (20 minutes from school), and fast, comfortable trains to many parts of China (e.g. Shanghai - 44 minutes)

Competitive salary and benefits: highly competitive salary levels, housing allowance, full tuition support for school-age children and an annual return airfare and medical insurance for employee and dependents

Who are we looking for?

We are seeking to appoint highly talented individuals in all areas of expertise who can share in our ethos, enjoy working collaboratively and cross-culturally and have the passion to contribute to the development of an outstanding school.

You will need a formal teaching qualification, excellent classroom practice and well-developed subject knowledge.

A highly experienced operational team exists in each school that will support every aspect of the move to your new school, including visa application and accommodation.

Professional development includes a thorough orientation for new staff and ongoing contact with experts in the field. Internal career path opportunities are open to capable and high performing educators, with the potential to move into curricula or program management roles.
