Dear Candidate

Thank you for your interest in Heathfield Community College and I am delighted that you are considering joining our team at this exciting stage in our journey. The opportunity to be an important part of our development as we move this very good school into the outstanding future it deserves, is exciting.

As the Headteacher I am privileged to lead such a fantastic school. Heathfield Community College is a high performing secondary school with an outstanding Sixth Form, providing an inspirational community where young people excel. Our success is based on partnership and a clear focus on excellent progress for all students.

This is a school going from strength to strength. There is a sense of positive momentum at Heathfield, previous Ofsted Inspections noticed: ***“a good school that is determined to keep improving. there is a tangible sense of pride, ambition and community within the college.”***

Our most recent inspection in May 2016 confirmed ***“the school is rapidly improving...there is a sense of pride in the quality of learning”*** Students ***“develop very high aspirations”*** and there ***“is a strong community spirit ... a warm and welcoming place to be”***

Achievement has continued to improve and 2019 has again shown exceptional success for our students of whom we are very proud. Students here are expected to apply themselves fully to their studies and reap the rewards of hard work as a result.

Our students have a strong sense of belonging to Heathfield’s community. A warm and collaborative ethos means students are well known to teachers and are supported by their peers; students develop a firm identity with college values and a sense of responsibility for one another.

Heathfield is a positive, innovative and collaborative professional environment where you can trust that you will be inspired, challenged and supported as you take the next steps in your career. Therefore, I am totally focused on ensuring that we handpick the very best staff to join our team and help us fulfil our goals.

If I can help or advise you as you consider your application, please do not hesitate to contact me at cbarlow@heathfieldcc.co.uk.

CAROLINE BARLOW
Headteacher

Our College

About the School

Heathfield Community College serves the local community from a pleasant 26 acre site on the edge of Heathfield. Our size offers us many advantages: we have excellent facilities, allowing us to offer a wide and varied range of academic and vocational courses at all levels. The Heathfield campus has been steadily improved in recent years. We have both a Library and a dedicated Sixth Form Learning Resource Centre, we also enjoy large open space and a floodlit all-weather astro-turf pitch.

A rolling programme of refurbishment means we continue to upgrade and improve our site and facilities including Science rooms, Music Technology and ICT facilities, including our very own Apple-esque Genius Bar. There is also a fitness centre (adjoining the school site and run by Freedom Leisure), and multi-use games areas.

Our commitment to an innovative digital curriculum ensures a well-resourced college across all areas. 18 individual rooms offer a breadth of ICT provision ranging from Microsoft PCs for all subjects, Apple Macs for Media, Graphics and Music Technology. The iPads ensure that creative and innovative approaches to teaching and learning transform experiences across the college. All teaching rooms are equipped with IWBs and a high-speed wireless across the site ensures reliable functionality. Full remote access for staff and students ensures high quality access to resources and dialogue about learning. We seek to constantly review and adapt our practise to ensure the most efficient and effective ways of working and promoting learning. It is highly likely teaching staff will require an iPad for their role. There are limited iPads available for staff use which can be loaned during term time.

Autistic Spectrum Facility

Heathfield Community College has a designated Specialist Facility for students on the Autistic Spectrum, including those with Aspergers Syndrome. There are twelve places within the Specialist Provision, although there are many more students with a diagnosis of Autistic Spectrum Disorder (ASD) in the college. The College has previously achieved Autism Accreditation from the National Autistic Society.

Students with ASD have significant, core difficulties in the areas of:-

- Social interaction; social relationships.
- Social use of language; communication skills.
- Social understanding; imagination and theory of mind.

These are known as the Triad of Impairment.

As with all students with Special Educational Needs and/or Disabilities, at Heathfield Community College, we believe that the first important step towards Inclusion happens in subject classrooms through quality first teaching.

Our Learning Support Department is committed to supporting students, staff and parents to ensure that all students make progress and achieve their potential. Training is offered on a formal and informal basis and all new staff are expected to attend at least the three part ASD training, or the ASD Online Training during their first year.

Heathfield Community College offers all students:

- A well-planned, broad and balanced curriculum.
- A record of excellent examination results.
- Well qualified specialist staff combining innovative and traditional methods in the classroom.
- A secure, supportive, encouraging and happy environment.
- A wide range of extra-curricular and residential activities.
- Access to a digital curriculum with iPads for all KS3 students through a lease scheme.

Our Vision and Ethos

Heathfield Community College is committed to fulfilling the potential of each of its learners. The College achieves outstanding results for students of all abilities and aspires to meet the needs of all who live within the Heathfield community. We are a fully inclusive College with outstanding provision for the whole range of students from our most vulnerable to our most gifted.

From the moment that students join the College they are embraced into an ethos, which is widely recognised as aspirational with a strong community spirit **“the school is a warm and welcoming place to be”** (Ofsted 2016).

Students play an active role in the College, develop leadership skills and support each other extensively including Sixth Form support for Year 7 reading and Year 10 Buddies to support the transition from Primary school.

Our Prefects, College Council and other representative bodies play a significant role in shaping the future of the College. A real and developing strength of the school is the broad range of leadership opportunities for students.

The school has a palpable **“culture for learning where students engage happily in their work and succeed well”**

The journey from Year 7 through to the Sixth Form is a rich experience. There is an extensive range of clubs, opportunities to perform in concerts and productions, sporting success, and engagement with the community locally as well as more widely across East Sussex or even nationally.

Students from Heathfield Community College leave the College as well rounded young adults ready to be responsible citizens of the future with strong values, strong principles and ambition for success. This is achieved by a clear focus on the skills and attributes that we know are essential for future success in life.

The exceptional exam results achieved by our students will open doors but the key to sustained future success and happiness is the ability to demonstrate the qualities that rarely appear on an exam paper.

We call them our **Heathfield Habits** and we promote, recognise and reward them every day.

Heathfield Habits:

Ambitious & Confident
Compassionate & Considerate
Determined & Reflective
Engaged & Enthusiastic
Honesty & Integrity

Our Values, Beliefs and Habits

Staff Wellbeing

All staff and students at Heathfield work hard. As a result, we achieve impressive outcomes and enjoy a clear sense of purpose and belonging.

As part of ensuring we are all able to continue to give our best we prioritise the well-being of colleagues through continual review of our structures, practices and policies, ensuring that we remain focused on the things that will make a difference. Through discussion and feedback we seek to reduce and remove the aspects of college life that impede or prevent effective working.

Equally a commitment to varied and personalised staff development ensures that colleagues are coached, challenged and supported to stay interested and keep refining their professional skills throughout their time at Heathfield.

In addition, the following offer routes for staff feedback, support and wellbeing:

- Staff Voice, active staff governors and healthy positive links with unions to ensure all voices are heard.
- Supportive governors with clear links to and positive engagement with all areas of the college.
- A thriving Staffroom Association that plans social and charitable activities.
- Commitment to healthy practices such as #teacher5aday.
- Access to staff counselling free and confidential services and other East Sussex support and entitlement packages.

Teacher of Design Technology

Scale	Main/Upper Scale
Commencement	September 2020
Commitment	Permanent

Application Process

You are invited to read the following:

- Information and details about the College and department in this pack and via jobs.heathfieldcc.co.uk

If you are keen to join us then please complete and return the following:

- East Sussex County Council application form which should be returned (CVs will not be considered), including the names of two referees and the Equal Opportunities Monitoring Form, by post or email to Ms Caroline Barlow, Headteacher - jobs@heathfieldcc.co.uk

The deadline for submitting an application is midday, 20 April 2020. Any applications received after the closing date may not be considered. If you are shortlisted you will be contacted by letter or telephone inviting you for an interview. It is not our policy to acknowledge applications or to contact candidates if they have not been shortlisted. No discourtesy is meant by this.

Interview Procedure

If a candidate is selected for interview the procedure will test how the candidate fulfils the requirements of the post. The selection process will include consideration of the candidate's suitability to work with children and young people. We also aim to give candidates suitable opportunity to determine for themselves the extent to which Heathfield is the right location for the next step in their career. The procedure is therefore likely to include:

1. Tour of the college with students
2. Student panel interview
3. Lesson
4. Opportunity to meet colleagues both in the department and across the school
5. Panel Interview with Head Teacher/Senior Leader and a Governor

The Governing Body is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. Successful applicants will need to undertake, or currently hold, a DBS enhanced clearance for this authority. We are also required by law to ensure that any prospective employee is legally entitled to live and work in the UK. You will be required to provide documentation as evidence. Other conditions of employment may apply. We are committed to equality of opportunity and positively welcome applications from all sections of the community.

For an informal discussion regarding this post, please contact Sarah Connelley Curriculum leader for Technology on 01435 866066 or email sconnelley@heathfieldcc.co.uk

Design Technology Department

We can offer you an opportunity to join a highly supportive team who are both enthusiastic and excellent practitioners.

The department are committed to creating opportunities for students to:

- Work independently and in teams to produce creative and innovative design solutions to real world problems.
- Apply knowledge and theory from DT and other related subjects (STEM) linking to the design and development of ideas.
- Develop practical skills working with a range of tools, equipment and machines and with a variety of materials.
- Use evaluation skills to critically assess their own work and that of others whilst considering the impact of these designs in the current world and the future.

The department is led by the Curriculum Leader for Technology. Currently, we have 7 specialist teachers and are very well resourced; we have 4 fully equipped workshops, two food rooms and a CAD suite with laser cutter and 3D printer.

The Year 7 curriculum teaches the foundation knowledge and skills needed within the subject and Year 8 focuses on creativity and application of skills and knowledge in a range of contexts. Students complete three units in rotation, two Design Technology and one Food and Nutrition

GCSE Design Technology prepares students to participate confidently and successfully in an increasingly technological world. Students gain awareness and learn from wider influences on Design and Technology including historical, social, cultural, environmental and economic factors. Students will get the opportunity to work creatively when designing and making and apply technical and practical expertise. Students study core technical and designing and making principles, including a broad range of design processes, materials, techniques and equipment. GCSE Design Technology and Food are both very popular with 50% of students opting to study at least one of these subjects.

Studying Product Design at Key Stage 5 is also extremely popular at Heathfield CC with a balance of internal and external applicants. We offer A-level Product Design and a one Year DT Extended Project Qualification. There are always opportunities for members of the Department to teach at KS5 and we work closely with our staff to help them develop their subject knowledge and confidence in approaches to teaching at Key Stage 5 if they haven't had previous experience.

At all Key stages there is emphasis on links to the wider world, other subjects, careers and extra curricular opportunities.
