The Leading Provider of World Class British international Education

Building on 450 years of excellence in education in Harrow School, London, Asia International School Limited (AISL) has over 20 years of experience, operating Harrow international schools in Bangkok (opened in 1998), Beijing (2005), Hong Kong (2012) and Shanghai (2016).

AISL is the holding company of Harrow International Schools (HISs), Harrow Innovation Leadership Academies (HILAs) and Harrow Little Lions Childhood Development Centres (HLLs).

From 2020, HILAs will commence operations in several tier one and two cities in China, providing outstanding K-12 bilingual holistic education to local students and assuring a successful pathway to the world's top universities.

We currently operate two HLLs, in Shanghai, adjacent to our HIS, and in Chongqing. There are advanced plans to open several more in the near future.

Harrow – 450 Years of Heritage

Harrow School was founded in London in 1572 under a Royal Charter granted by Elizabeth I. Over the four centuries since its inception it has developed into one of the world's most successful private schools, renowned for its traditions, academic rigour, holistic education and commitment to service learning.

Harrow has educated renowned world leaders and other influencers including Sir Winston Churchill, 'the Greatest Britain', Jawaharlal Nehru, the first Prime Minister of independent India, the poet Lord Byron and numerous Nobel laureates. It is these illustrious Old Harrovian 'Greats of Old' and the values they cherished - courage, honour, humility and fellowship – that have established Harrow School's global reputation and shaped the school as it is today.

HARROW INTERNATIONAL SCHOOL & INNOVATION LEADERSHIP ACADEMY (HAIKOU)

Harrow International School (HIS) and Harrow Innovation Leadership Academy (HILA) Haikou is a key project for the Hainan government as they transform Haikou into an international education hub. Harrow Haikou is the first world-renowned educational brand in the Province and will transform concepts of high quality education across the region.

Strategically located in Jiangdong District at the north of Jiangdong Avenue and south side of Linhai Third Road, Harrow Haikou will provide K-12 international and bilingual education for foreign and local day and boarding students. Both schools are planned to open in September 2020 with a maximum capacity of 1,800 students. The first phase of student admission will target children age 2 –13 (kindergarten to Year 9/ Grade 8).

Central to our educational ethos is a commitment to foster the values of ‘Courage’, ‘Honour’, ‘Humility’ and ‘Fellowship’ in our students. Beyond outstanding academic outcomes, Harrow’s holistic education nurtures in our students a strong Chinese foundation with a global outlook through a unique bilingual curriculum that distilled the 450 years of educational excellence of Harrow School with the wisdom and traditions of Chinese culture.

Our Haikou campus covers an area of 96,673 m², with a total internal floor area of 71,167 m². The school is designed by world-renowned architecture firm Aedas and Harrow’s specialists, introducing a fresh, modern approach to the traditional British architecture originated from ‘Harrow on the Hill’, with their renowned buildings in north London, using contemporary design concepts to create a truly British, ‘Harrowian’ environment, with an eye to the future.

The school’s design fully embraces Harrow’s requirement to put the students first when considering facilities. The site provides a vibrant and creative atmosphere with garden landscapes partitioning shared areas. The generous space of the campus allows the students to explore their learning in a safe and clean outdoor environment, both within and extra to the curriculum. The semi-open design of the school buildings draws on the architectural features of Haikou’s traditional ‘balconies’, allowing for the range of space types across the site makes the school unique.

Harrow Haikou represents an extraordinary step forward in bilingual and international education for boarding and day students in south-eastern China. The school will set a new benchmark for innovative, values driven holistic education in the region.

MESSAGE FROM THE HEAD MISTRESS

Harrow Haikou is one of the new schools within the Harrow group bringing the rich traditions and history of Harrow London into a new, vibrant and culturally rich Chinese context.

Our vision is to provide a high-quality education which blends British and Chinese educational philosophies and curricular whilst developing the next generation of 'Leaders for a better world'.

We understand that the best schools give their pupils *roots and wings* to be successful both academically and personally. Roots to know where home is and wings to fly away and use what they have learned. At Harrow Haikou, our pupils' *roots* will be in the Chinese and British cultures, history, traditions and language brought together in a way that is uniquely 'Harrow'. Our pupils' *wings* are both the unique Harrow educational experience and the leadership skills they will develop to help them serve the global community.

As a founding school, we seek qualified staff who are passionate about education and who have a 'can-do' attitude. Teachers who are determined and go above and beyond to support the pupils in their academic and personal development. Teachers who are dedicated to delivering rich and varied curricular and co-curricular programmes and who are committed to close personal tutoring. We seek teachers who understand the importance of challenging each child to be the best they can be, who value new ideas and who encourage the development of skills needed for pupils to become creative, innovative, compassionate and confident adults.

As a Harrow teacher, you will be provided with industry-leading benefits not only in package and salary, but also in the excellent facilities provided on our outstanding new campus, in our comprehensive continuous professional development programme and in working collaboratively within the prestigious Harrow family of schools. Working for Harrow Haikou will provide each faculty member with not only a sense of professional achievement, but also a chance to work and live in an exciting new environment.

Living abroad, working in a new school and experiencing new challenges requires resilience and determination. If you are willing to go the 'extra mile' to support the school to thrive and to become a *happy, proud and vibrant* community where young Harrovians learn and develop, then I encourage you to apply.

HARROW INTERNATIONAL SCHOOLS

Leadership for a better world

The motto of the Harrow International Schools is 'Leadership for a better world', a phrase that draws on the great tradition of the Greats of Old who have benefitted from a Harrow Education over the years and centuries.

Successful leadership requires the desire, skills and resilience to make a difference; whether leading from the front or influencing from within as an effective team player. In educating 'Leaders for a better world' we work with our young people to develop six attributes as habits of behaviour:

- Contributing positively to community
- Applying knowledge with compassion
- Solving problems collaboratively
- Solving problems creatively
- Making just choices
- Facing challenges with determination

It is the intention of the Harrow International Schools to reinforce these behaviours throughout the school life of our students in a number of ways.

Academic Progression

Early Years (PK, K1, K2, K3)

Our Early Years 'Little Lions' settings encourage pupils to be happy, independent and motivated. The teachers plan for learning using the Early Years Foundation Stage Curriculum Guidance of England. Additional to their home room lessons, our children enjoy specialist sessions in Physical Education (PE), Music, Computing and Chinese.

Pre-Prep Phase (Years 2-5)

Within this Phase teachers plan from the Chinese National Curriculum (CNC) and continue to develop essential literacy, numeracy and digital skills. Great emphasis is placed on the enjoyment of books and the teaching of writing. As they progress through the phase, students are introduced to a greater range of specialist subjects including Art, Chinese Studies and Science.

Prep Phase (Years 6-8)

Continuing the learning progression within the CNC and drawing upon the best practice of British Preparatory Schools, our Prep Phase is a blend of specialist-taught core subjects such as English, Mathematics, Science, Computing and Mandarin alongside a varied curriculum including Art, History, Geography, Music, PE and Sports. Prep provides an important bridge between the security of the primary classroom and the greater independence needed for the specialist teaching of seniors. Teachers start to focus on IGCSE courses in the core subjects of English, Mathematics and Science.

The Senior School (Years 9-13)

Year 9 builds on the skills and content students have developed in the Prep Phase and equips them for success in the Chinese public examinations in Year 10. This preparation is supplemented through taught IGCSE courses in a range of subjects with examinations taking place in Year 11 that, hopefully, enables access to the Sixth Form.

In Year 12, students move into the Sixth Form and start to prepare themselves for university life through higher academic endeavour, increased specialism and growing independence. They will complete a two-year A-Level programme regarded as the gold standard in the British education system and recognised worldwide, not solely by UK universities. Within the Sixth Form, strong working relationships with teachers, enhanced by smaller class sizes, help improve the students' depth of knowledge and boost their passion for their subject.

The vast majority of Harrow students successfully enrol at their university of choice, closely supported by experienced specialist careers councillors. Our higher education destinations are impressive and include high ranking universities such as Oxford, Cambridge, Stanford and Yale. That said, the most important outcome is success and fulfilment at the university of choice, regardless of status.

Sports, Drama, Music, Arts

Harrow International Schools offer students a bewilderingly diverse range of competitive opportunities in team games, endurance sports, and other physical endeavours. Our drama enrichment programme teaches students performance skills and various aspects of production. Every student will learn at least one musical instrument taught in dedicated practice rooms where students can join a variety of instrumental and vocal ensembles. Visual art is also an integral part of our education. Students will explore a wide range of arts media and techniques, learn to use art as a vehicle for expression and a means to understand themselves and the world around them.

Boarding

Our carefully designed boarding houses provide the 'real Harrow experience' of a 24/7 engagement in their school that results in more individualised support from academic and pastoral staff and deep friendships that will go on to last a life time and create relationships and networks across the globe. Our boarders swiftly grow in independence and have greater exposure to the English if they are speaking English as an additional language.

LEADERSHIP VALUES

In the spirit of the school's motto, *Leadership for a better world*, all teachers are expected to enthusiastically embrace the following:

1. The school's community – being involved in the full life of the school and facilitating opportunities to give all stakeholders a sense of belonging and purpose
2. Servant leadership – treating all members of our community with respect, listening to them and giving them a sense of being cared for and valued

3. Collaborative leadership – seeking and considering the opinions of others and effectively mentoring those for whom one is responsible
4. A commitment to develop interpersonal skills
5. A willingness to make difficult decisions with transparency and accountability
6. Determined pursuit of the ethos and strategic goals of our school

THE BENEFITS OF WORKING WITH THE HARROW FAMILY IN ASIA

The Harrow family is dynamic. We have been operating international schools in Asia for over 20 years, longer than any other UK independent schools' group and have taken our time to be ready for further expansion. Our evolution has been cautious and successful.

With high levels of teacher retention, strong investment in talent management and gradual development in leadership capacity in recent years, our family is now well placed to expand further, using its drawing on its experience. Teachers joining us will benefit from the capabilities already available within our schools whilst, at the same time, bringing fresh ideas and expertise from previous professional lives.

Becoming part of the Harrow family offers real benefits for teachers. Professional development links are already flourishing and there are established pathways for career progression within the family.

Binding Links

Each Harrow international school has its own Harrow Agreement, a legally binding relationship that outlines the roles and responsibilities of the Harrow Foundation (London), AISL and the individual school.

Each Harrow Agreement has important appendices that define the accountabilities for the operation of the individual school. AISL is the operating company for the Harrow International Schools, providing strategic oversight, co-ordination and quality assurance for the existing schools and establishing new Harrow international schools.

Functional Ties

There is significant interaction between the schools within the Harrow family; for instance:

1. Old Harrovians sit on the Governing Boards of all our schools.
2. At one time a former Head Master of one of the Harrow Foundation's London institutions, The John Lyon School, was Head of Harrow Bangkok.
3. A former Deputy Head Master of Harrow School (London), was the founding Head of Harrow Hong Kong and returned to London as Head Master of Harrow School (London).
4. A Master (Beak) taught mathematics at Harrow School for 16 years before going on to teach at all but one of the Harrow International Schools.
5. Graduating students from both Harrow School and The John Lyon School have worked in Harrow international schools as gap students.
6. At Speech Day each year, teachers win travel awards and may travel to Harrow

School for a week to experience 'the mother ship'.

7. A Year 9 student exchange takes place between Harrow international schools.
8. Selected students from all schools in the family attend Harrow School's, 'Family Fifth Form Conference' each June.
9. There are several annual inter-Harrow school student competitions (e.g. Coding, Mathematics, Swimming).
10. All newly appointed international Heads of School are inducted at Harrow School.
11. AISL senior management and all Harrow international school Head Master/Mistresses work closely with the Harrow Foundation (London) throughout the year.

WHAT WE ARE LOOKING FOR

We are seeking teachers who genuinely love working with young people and care about their attainment, who go out of their way to spend time with children and who will go the extra mile, seeing teaching as a vocation.

We wish to appoint teachers who embrace a high degree of integration between their personal and professional lives; teachers who young people like being with and who enjoy the fellowship of colleagues. Those we appoint relish being part of the wider school community and give generously and willingly of their time.

Successful Harrow Shenzhen teachers will have a passion for the craft of teaching. They are reflective and are risk takers, willing to try new ideas if they think it will benefit their students. They have all-round abilities and interests that support excellence both in the classroom and our Leadership and Service (extra-curricular) programmes. They will be confident users of digital technologies.

We are looking for experienced, dynamic teachers who believe in an education that ensures each child reaches their academic potential through outstanding teaching and individualised pastoral support, a widely enriched school life and learning through service, and who passionately want to be part of it.
