

Aga Khan Academy Hyderabad

We look for outstanding educators whose work is characterised by passion, and the ability to inspire others, and who are excited by the opportunity to make a difference and committed to helping young people find their grand passion in life!

Set on a beautiful 100-acre campus south of the historic city of Hyderabad, the Aga Khan Academy is part of a network of Academies which will eventually form an inter-connected global learning community of 18 schools in 14 countries. Based on the vision of His Highness the Aga Khan, the Academy deliberately recruits young people from a diversity of backgrounds and irrespective of their ability to pay. Our holistic approach enables young people to become ethical leaders empowered to make a positive contribution in a changing world. Children's needs are at the heart of the Academy's focus and high quality pastoral care is paramount.

The Position:

MYP and DP Teacher of Mathematics (and Head of Department role for the right candidate)

The successful candidate will be an experienced educator who can bring high expectations, innovation and flair to this role. They will recognise the importance of creativity, collaboration and innovation and will strive to develop this in students through facilitating impactful learning.

Teachers at the Aga Khan Academy are:

1. committed to the vision of the Academy and our distinct educational philosophy.
2. excited about the opportunity to act as an Advisor to a small group of students as part of our emphasis on high quality pastoral care.
3. enthusiastically involved in the Academy's Enrichment Programme.
4. taking on an active role in the residential life of a thriving school community which values and celebrates the diversity of its staff and students.

Required:

- A recognised degree in an appropriate specialised subject from a reputable university.
- Proven experience with the IB Middles Years and Diploma Programmes.
- Experience of working successfully in a multicultural environment.

Valued additional assets:

- Successful experience as an IBEN member.
- Familiarity with the Indian context.

Applications must include a brief statement describing the key features of your philosophy of education and approach to working with young people. Please indicate clearly in your application how your experience and expertise might align with the expectations we have highlighted.
