## **"The Chalfonts Community College is a Good and Improving School." Ofsted June 2017**

Join an outstanding hard-working team totally committed to an innovative, caring and aspirational learning community for all!

**Required for January 2020 (or sooner)**

### **Teacher of Design and Technology and Engineering (Fringe – MPS/UPS) Fixed Term until October 2020**

We are looking for an exceptional teacher of Design and Technology and Engineering. The successful applicant will be passionate about teaching a full range of students from key stage 3 to key stage 4, and will be able to teach relevant and engaging lessons using woods, plastics, metals and textiles. The demonstration of strong classroom management and excellent organisational and ICT skills are essential. Experience in teaching vocational Engineering qualifications and AQA Design and Technology would be an advantage, but not essential.

This is a great opportunity to use your experiences and skills, and our well-equipped workshops and computer suite; to be part of a team that aims to inspire a new generation of Designers and Engineers. Interest in Design and Technology and Engineering is strong amongst pupils and both subjects are a popular choice at GCSE. The department has had good investment over the last few years and is well equipped with both modern and traditional machinery, including a 3D printer, laser cutter and other CNC machines.

Our students deserve nothing but the best and in return for giving 100% we provide support, effective career development, and a wonderfully supportive school community.
