About us

Operating world-wide, we are the largest online school group in the UK, delivering a fully personalised education online. Our curriculum structure is based on the key stages, with IGCSEs offered at KS4 and A Levels at KS5. We teach students online, through a digital platform and are looking to expand our offering to the Middle East.

We offer a genuinely 21st century education and the opportunity for teachers to develop professional skills. Our teachers teach exceptionally well-behaved students from their own home and all teachers are provided with high quality computer hardware.

About the group

Wey Education plc is the AIM listed holding company of an educational group providing services online worldwide. Using state-of-the-art digital technology, Wey operates two established divisions – InterHigh, a non-selective fee-paying online secondary school, established in 2005 and a B2B division including Academy 21, serving other educational providers, schools, local authorities and other public bodies.

Our teachers are encouraged to seek new ways to positively engage and motivate our students through online learning and are fully supported by our IT team.

Job Description

Wey Education PLC is a leading online provider of primary, secondary and college education in the UK. With over 3,900 students, Interhigh and alternative provision division Academy 21, make up the two entities of the AIM listed public company. We are an ambitious company with quality education and student engagement at the heart of everything we do.

The successful candidates will join a talented team providing excellent online educational experiences for our students whose ages range between 7 and 18. The successful candidates will demonstrate expertise and experience of delivering Maths from Key Stage 2 up to and including Key Stage 4 (Key Stage 5 would be advantageous) and come from either a state school and/or independent school background. Passionate about ensuring the students are at the centre of learning, the successful candidate will be used to deadlines, have experience of creating effective learning resources and having a key focus on the academic monitoring and progress of the students.

The Maths Leader of Learning will work as a teacher in the Maths team with other Leader of Learning's under the direction of and reporting to the Senior Leader of Learning. Sharing ideas and best practice approaches are key factors in the online environment. Also, working together with the Senior Leader of Learning and Head of Faculty towards the school's Education Strategy and the success of our students.

The successful candidate will:

- Inspire, motivate and provide purposeful subject knowledge for students within the school
- Be up to date on current research and emerging pedagogy and disseminate this to staff through active engagement in professional development with the learning community
- Take a leading role in maintaining a positive and inspirational learning climate in the subject specialism and, where appropriate, the integration of your subject learning across the curriculum
- Support the self-evaluation of the school's effectiveness and the development of priorities for improvement
- Assist in maintaining and developing a high-quality school environment and profile and act as a role model by their professional conduct and disposition
- Promote the general progress and well-being of individual students and any class or group of students
- Provide guidance and advice to students on educational matters
- Provide or contribute to assessments, reports and references relating to students in a timely manner
- Participate in Wey Education Services meetings and staff CPD opportunities
- Undertake any other work as specified by their line manager

QUALIFICATIONS AND EDUCATION REQUIREMENTS

Ideally the candidate will be qualified up to degree level in a related subject area and have a recognised teaching qualification, a PGCE with Qualified Teacher Status.

SKILLS AND ATTRIBUTES - ESSENTIAL

- Excellent written and communication skills
- Knowledge of the correct Safeguarding procedure
- Knowledge of the education sector in a teaching profession or above
- Ability to work well in teams
- Change and business improvement-focused
- Able to work effectively in dynamic and changing environments
- Experience of working in the primary, secondary or college sector
- Experience of working in state or independent school sector
- Experience with creating resources and the ability to review and enhance our current course delivery
- Computer Literate with the ability to teach online using technology applications

SKILLS AND ATTRIBUTES – DESIRABLE

- Current or previous experience in a pastoral role
- Ability to teach more than 1 core subject
- International teaching experience

Specifically, you will have: –

- Excellent subject knowledge.
- Knowledge of best ways to engage students in your subject of expertise.
- The capability to drive best practices and have a reputation for delivering high quality material.
- The ability to work well within a team, while having the courage to raise new ideas and support the implementation within the department, with the Leaders of Learning.
- A keen interest within the online teaching and learning environment, with a passion for the learning and development of students.
- A flexible, highly energetic approach and the ability to thrive in a business with a fast changing, collaborative, delivery culture.
- Considerable interpersonal communication skills with the ability to form good relationships both internally and externally.
- The ability to work independently where necessary but in a collaborative team environment where appropriate.
- An ambition to place Wey's offering at the forefront of the marketplace.
