From the Headmaster, Guy Baker

Welcome to Riverston School and College. Our unique setting supports students with a range of backgrounds, abilities and experiences through secondary school and beyond. Our holistic and therapeutic approach to education allows us to successfully support young people who can struggle with the traditional school journey, but with the right support and care can and do really thrive.

Riverston specialises in working with neurodiverse young people, and so brings together a community of unique, tolerant, kind and welcoming students. We are committed to providing a nurturing environment that supports the whole family. Our fundamental focus is students' happiness and future success; in whatever form this takes.

We cater for secondary school students with a wide range of needs including autism, ADHD and social, emotional and mental health needs. We offer support from on-site therapists and intervention services to ensure that children's Education, Health and Care Plan targets are achieved. Our specialist teachers, small class sizes and high levels of adult support allow for students to access and enjoy a more traditional school experience at the level and pace that works for them. All of our staff are highly skilled with the very best up-to-date training in an ever-evolving field. We are committed to inclusion, innovation and to inspire all of our students to success.

At Riverston, children are nurtured and will in grow in confidence. They will join our unique learning community, in which everyone feels safe, cared for, challenged, and inspired to succeed.

We look forward to welcoming you to Riverston School and College.

About our School

At Riverston, we believe that every child has talents and abilities that should be nurtured and developed. We will stretch and challenge every child, whilst supporting and encouraging them to achieve more than they might believe possible. Multi-disciplinary, our highly qualified and experienced teachers work alongside speech and language therapists, an occupational therapist, drama therapist, and learning support specialists to meet any additional learning needs that a child may have at specific times in their development and school career.

We recognise that every child is different, and that they will develop, grow and learn at different rates and in different ways. Therefore, our teaching, and our support, encouragement and motivation for each child recognises these differences and is personalised and individualised for them. We welcome children of all backgrounds, talents and faith, to learn and develop together as a close-knit 'family' community. If we feel that we can meet the individual needs of a child, and this is based on their ability to access the curriculum on offer, and behave in such a way that the unique dynamics of our nurturing and caring setting is not affected, we will consider a placement for the pupil. It is crucial for the school to maintain a calm and non-disruptive environment, which enables pupils to have the opportunity to progress academically, pastorally and socially, in safe and caring surroundings. In this respect, we will not consider pupils with social, emotional and behavioural difficulties (SEBD) for placements or with a global development delay, which restricts their access to a mainstream curriculum.

Our intake for pupils with additional educational or SEND needs and who have an EHCP from a local authority has a starting point in Year 7 and continues all the way up to Sixth Form. After careful consideration, successful candidates are invited to visit the school and participate in school-life for taster days when we observe and monitor their activities for suitability. This allows us to understand the very unique qualities and needs of each child and develop a bespoke Riverston plan for them.

Our aim for Riverston is to provide a wholly child-centred, integrated and inclusive educational setting for children and young adults whose needs might not be fully met within a mainstream school, and yet wish and need to have appropriate access to a wide ranging, 'mainstream' curriculum. Riverston is poised to extend its provision with the further development of our post-16yrs provision and potentially adding a small feeder Year 6 class.
