INTERNATIONAL SCHOOL • BANGKOK

PREP & SENIOR SCHOOLS

In partnership with Brighton College, England's Independent School of the year 2019.

WELCOME

The Prep and Senior School team are thrilled to welcome you to Brighton College Bangkok, a place where children are excited about school, where they grow and develop as learners and leaders within our global community.

Our unique school gives every child a full and stimulating school experience. With outstanding teachers guiding them, the children achieve beyond their expectations and will develop the intrinsic motivation needed to really 'reach for the stars'. Individual goals and high aspirations challenge every child, while our exceptional pastoral care ensures a personalised and supportive atmosphere through all aspects of school life.

We encourage you to come and see our school for yourselves and look forward to meeting you and your children.

VANESSA ROBITAILLE,
DEPUTY HEAD OF COLLEGE

PREP SCHOOL CURRICULUM

Our Prep School curriculum, for pupils in Years 4-8, dares to look beyond the normal, inspiring and challenging children both within and beyond the classroom.

Uniquely, we introduce specialist teaching in Year 4; at this age children are ready for this additional rigour and depth, and the passion and knowledge that subject specialists bring enthuses children, sparking a broad range of life-long interests.

Based on the English National Curriculum, it also reflects our international location, preparing our pupils to be dynamic, curious and passionate young adults.

SENIOR SCHOOL CURRICULUM

From Year 9 onwards, pupils follow an academically rigorous curriculum, providing the depth of understanding required in order to prepare them for the academic challenges of IGCSE.

In Years 10 and 11, pupils concentrate on the core areas of English Language, English Literature, Mathematics, Physics, Chemistry and Biology plus four optional IGCSE subjects that reflect their individual strengths, interests and aspirations.

In the Sixth Form, pupils typically choose to concentrate on four subjects to study at A Level as they prepare for university entrance.

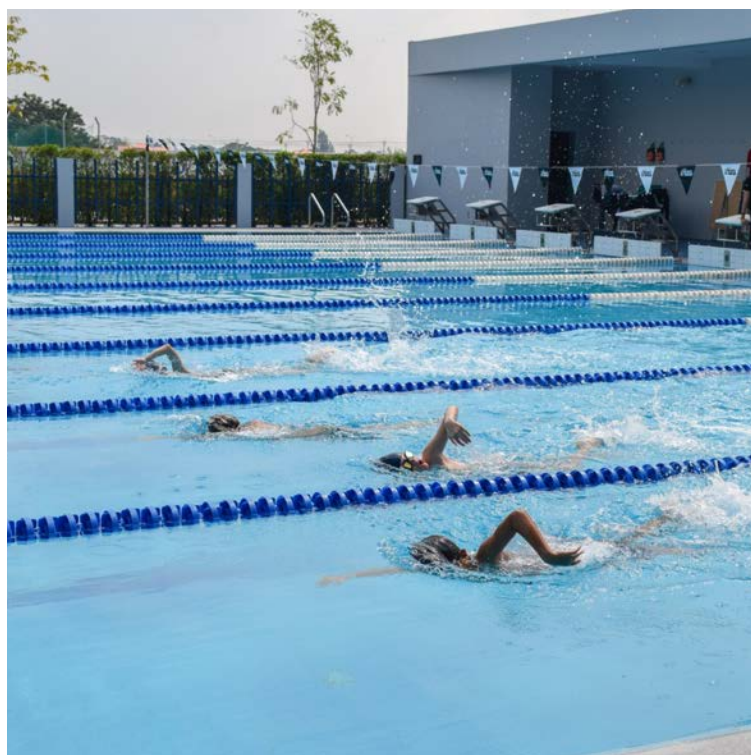

SPECIALIST TEACHING

Expert teachers inspire Prep and Senior School children in Science, Computing, Music, Art, Dance and PE, making the most of our exceptional facilities and innovative learning spaces.

Pupils have the choice to learn Thai, Mandarin, French or Spanish in the Prep School, ensuring they have an understanding of global culture and a strong platform in language learning.

SPORT FOR ALL

Brighton College Bangkok ensures that every child has the opportunity to enjoy a variety of physical and sporting activities, nurturing a love of sport for all.

Specialist PE and swimming lessons are provided to all pupils in the Prep and Senior School, and the most able children will compete in a range of sports against other schools in Thailand and the wider Asia Pacific region.

THE ARTS

Specialist arts facilities encourage pupils to express their own ideas and to experiment with a wide variety of media and materials, and to learn from the work of important artists through the ages.

Every child in the Prep and Senior School will participate in music and drama classes, and will be given the opportunity to perform in the theatre to pupils and parents at our regular events.

Pupils also have the opportunity for further tuition in the instruments of their choice, with one-to-one tutorial lessons in our purpose-built instrumental music rooms.

SPECIAL EVENTS

Our Prep and Senior School pupils are regularly challenged to broaden their horizons with special days and events including Languages Day, Science Week and Chinese New Year,

We also respectfully celebrate Thai festivals such as Loy Krathong and Songkran, with parents and guardians welcome to join the festivities in the College.
