## PRE-PREP SCHOOL

*In partnership with Brighton College, England's Independent School of the year 2019.*

# WELCOME

The mark of a truly great school is the happiness of the community that uses it. Speak to any of our staff, pupils and parents and they will testify to the fact that our pupils love coming to school on a daily basis. They are challenged and rewarded, supported and encouraged and above all, they are inspired to take control of their own learning. By understanding their own strengths and weaknesses they are able to effectively drive their own progress, leading to outstanding academic performance. This academic excellence is supported by full support for the creative arts and sports, allowing our pupils to grow into well rounded individuals.

Brighton College Bangkok is a place where your child will be valued as an individual and crucially, feel safe. We know that when children are secure they take risks in their learning and use those magic words, 'what if...?'

We ensure that the first few years of school are filled with exciting and memorable learning experiences as well as opportunities for children to find out who they are. Above all else, we make sure the first steps on a child's learning journey are positive in order to create life-long learners.

MATT WOODHEAD,  
HEAD OF PRE-PREP

## EARLY YEARS

Our Early Years consists of Pre-Nursery, Nursery and Reception classes, for children aged 2- 5. They are taught by a classroom teacher.

As young children learn best through play, our classrooms and outdoor spaces have role-play areas for themed learning, modelled on the developmental needs of every child. However, this focus on learning through play is not at the expense of the basics, as children are introduced to the Read, Write, Ink programme to develop the foundations of early reading, writing and maths.

## UPPER PRE-PREP

Children in the Upper Pre-Prep (Years 1-3) build on the solid foundations of the Early Years, enjoying the challenge of developing their phonics into spelling skills alongside grammar and punctuation. Reading and writing come alive through thematic approaches that continue across subject boundaries.

Maths is related to real world experience with problem solving strategies combining to empower pupils to adapt to unknown and new problems. Science is introduced through enquiry-based learning and practical experiences.

And the pupils' curriculum is enhanced by co-curricular activities and theme days. Residential experiences in Years 2 and 3 also help to promote independence and a sense of adventure.

## SPECIALIST TEACHING

Expert teachers introduce the children to computing, music, art, dance, PE and swimming, making the most of our exceptional facilities and learning spaces.

Thai and Mandarin is taught to all children in the Pre-Prep School, ensuring they have an understanding of local culture and a headstart in language learning.

## SPORT FOR ALL

Brighton College Bangkok ensures that every child is introduced to a variety of physical and sporting skills, nurturing a love of sport for all.

Specialist PE and swimming lessons are provided to all pupils in the Early Years and Pre-Prep School, where children are also given their first taste of competitive play. These solid foundations will be developed further in the Prep and Senior Schools, where children compete in a range of sports against other schools in Thailand and the wider Asia Pacific region.

# THE ARTS

Specialist arts facilities encourage pupils to express their own ideas and to experiment with a wide variety of media and materials, and to learn from the work of important artists through the ages.

Every child in Pre-Prep will participate in music and dance classes, and will be given the opportunity to perform in the theatre to pupils and parents at our regular events.

Pupils also have the opportunity for further tuition in the instruments of their choice, with one-to-one tutorial lessons in our purpose-built instrumental music rooms.

## Co-Curricular Activities

Our Pre-Prep children are invited to stay for an extra hour after school to enjoy a wide range of co-curricular activities. Free clubs include Messy Play, Drawing Club, and Tag Rugby, with professional partners offering clubs such as Ballet, Gymnastics and Learn to Swim.

## APPLYING FOR A PLACE

If you would like to apply for a place in our Pre-Prep School, our admissions team will be delighted to help with any questions you may have.

For more information and to arrange a meeting with our Admissions team, please contact our Registrar, <name> on +66 (0) 2 136 7898 or via email on [admissions@brightoncollege.ac.th](mailto:admissions@brightoncollege.ac.th)

We look forward to welcoming you to Brighton College Bangkok.
