

Why Teach at DSB ?

DSB is a small, friendly school where teachers are valued and encouraged to be innovative. Class sizes are small, which allows for personalised teaching. Teaching loads are around 3/4 of the timetable. We are proud of our German heritage and work hard to strengthen our links with German organisations and schools. Our student population is diverse and represents numerous different nationalities and communities. Our staff members also come from many countries, bringing with them an international perspective that is at the heart of our identity as an international school. We strive to make our students internationally-minded change makers of the future.

At DSB, salaries are competitive and the cost of living in Mumbai is low. International teachers are provided accommodation in south Mumbai, within proximity of the school. Mumbai is a safe city: a centre of entertainment, culture and, of course, great food! Teachers are encouraged to explore Mumbai and India through school excursions and field trips. We have a 'can do' environment, where our staff is encouraged to challenge themselves. Teachers are supported through a diversity of professional development opportunities.
