

Dyatkika School  
Bali, Indonesia

Employment Information  
Economics and  
Business Studies  
Teacher

Dyatkika is a not-for-profit school that reinvests its income back into the school and lives its guiding principles on a daily basis. Established by a group of National and International parents in 1995, over the years this school has grown steadily from 27 students to almost 600 students, from the youngest in Playgroup to the oldest in the graduating Class 12.

Dyatkika offers a unique blend of local and international education. Our students follow the highly regarded international Cambridge curriculum which prepares them for any future they may wish to follow. We also meet the requirements of the Indonesian National curriculum that provides a strong understanding of, and connection to, Indonesia's history and culture.

## **Business & Economics at Dyatkika School**

The knowledge and lifelong skills developed through the subjects of Business Studies and Economics prepares students for the modern, globalised world they will be participating in.

The Business & Economics department strives to enhance learning by providing opportunities for students to participate in field trips and providing guest speakers.

Economics is offered at both the IGCSE and AS/A Level. Students study both micro and macroeconomics. They learn to analyse economic issues and arguments and critically evaluate economic information, arguments and policies.

Business is one of the most popular subjects at both the IGCSE and AS/A Level at Dyatkika. Students gain knowledge and understanding of topics that include Marketing, Human Resource Management, Operations Management and Finance. They also develop the skills needed to be able to analyse business problems and make recommendations for action and implementation.

# CAMPUS, CLASSROOMS & FACILITIES

The school is situated on one large, attractive campus that overlooks rice fields and the ocean. All buildings are purpose built and take advantage of the views and fresh sea breezes.

There are specialised areas for sports, IT, Art, and Music. Classrooms are fitted with teaching and learning technology, for example interactive whiteboards and projectors. Students have access to a well stocked library and all-weather play spaces.

*“Education for a better world”*

Dyatmika is unique in Bali in offering a bilingual education to all Primary School students, from Primary Prep through to Class 5. Each class is taught by one international teacher in English and one National teacher in Indonesian.

Mathematics, Science and Social Sciences are taught in both languages. Our teaching teams work closely together to create a stimulating learning experience.

## COMMUNITY GARDEN

The Dyatmika Community Garden represents a unique opportunity for our students to actively engage with their environment.

Our permaculture garden allows them to be involved in growing all manner of fruit, vegetable, herbs and flowers. The garden provides lots of opportunities for learning to be brought outside the classroom.

# \$1,000,000

Over one million US\$ offered to our graduates in scholarships during the past 2 years.

**90%** have enrolled in their first choice of higher education institution.

## EXTRACURRICULAR

At Dyatmika we are dedicated to providing opportunities for students to discover and pursue their passions.

Students are involved in sports clubs, foreign language classes, music, art and a host of other activities. Students may take part in as many different activities as they choose.

## Job Description Teacher of Business Studies and Economics: High School

Cambridge Assessment  
International Education

Cambridge International School

### Reports to: The Head of Economics and Business Studies

#### Professional expectations

It is the expectation of the school that the Economics and Business Studies teacher will demonstrate commitment to the vision and ethos of the school, as expressed in Dyatmika's Charter, and to the strategic development of the school.

Teachers at Dyatmika are expected to be respectfully collegial, enthusiastic, flexible and innovative in their approach to their work. They should be a forward-looking person committed to providing quality education and should have the highest possible expectation of students. They must be committed to the development of effective teaching and learning in the subject area and to his/her own professional learning.

#### Key responsibilities of the Teacher of Business Studies and Economics

Specifically, the Economics and Business Studies teacher will work with High School students within the framework of the Cambridge curriculum, ensuring that students have access to a high quality, effective teaching and learning experience. The following areas are essential responsibilities for the role of Economics and Business Studies teacher:

#### Teaching and learning

Teachers at Dyatmika:

- promote high expectations in all areas of teaching and learning. They demonstrate exemplary planning and teaching of lessons, using pedagogical strategies backed up by research and results;
- ensure that lessons are engaging, enjoyable and probing, while providing support and extension through a wide range of activities, questioning and differentiation. Student-teacher relationships will therefore be maintained as positive and productive to allow achievement at the highest level;
- collaboratively plan and teach together with National teachers where appropriate. Such mentoring is carried out in a systematic and supportive manner. Teachers must be reflective and able to give and receive constructive feedback on teaching and learning;
- follow, and update schemes of work that provide structure and clarity to teachers, students and parents. These will be maintained in line with the curriculum and will promote skills and attitudes in line with the Dyatmika Learner Profile;
- conduct systematic assessments linked to schemes of work to provide clear feedback on progression to teachers, students and parents.

## **Resources**

The Economics and Business Studies teacher should:

- prepare appropriate teaching and learning materials;
- ensure that all resources are safely, securely and conveniently stored;
- use non-renewable resources economically;
- maintain an attractive and stimulating learning environment;

## **Communication and record keeping**

The Economics and Business Studies teacher should interact with all members of the school community in a respectful manner, being particularly responsive to cultural and religious sensibilities. Specifically, the Economics and Business Studies teacher should:

- inform the Head of Department and / or Academic and Pastoral Leaders (as appropriate) about any students making excellent progress/effort or encountering difficulties
- ensure that issues regarding student welfare, health and safety are raised with appropriate colleagues;
- maintain current schemes of work and supporting resources in the correct folders;
- use the Engage MIS as required;
- establish/maintain links with parents that will promote effective collaboration between home and school;
- prepare grade updates and reports for parents in line with school requirements and deadlines;
- carry out parent-teacher conferences during the school year as scheduled.

## **Professional learning**

Economics and Business Studies teachers are expected to actively improve their own skills and expertise and are expected to share ideas with international and national colleagues regarding good practice and teaching strategies. The mentoring of national colleagues is an important aspect of the ongoing improvement of provision at Dyatmika.

## **Additional responsibilities**

Teachers at Dyatmika can expect the full support of his/her line manager and of the Whole School Executive. They are invited to openly discuss matters of concern, areas of interest or other relevant matters with them and with colleagues.

An Economics and Business Studies teacher should attend all applicable teacher meetings at school.

A teacher at Dyatmika contributes to the extra-curricular activities programme as required.

Teachers are required to attend some calendarised school community events outside of the regular school day, including the occasional Saturday.

## **Confidentiality**

At all times the Economics and Business Studies teacher must respect the confidentiality of any information belonging or relating to the school, including, but not limited to, the business, finances, dealings, transactions or affairs of any school employees, parents or students.

## **Conduct**

The Economics and Business Studies teacher is expected to meet expectations found in the Handbook for Teachers.
