

Astrea Academy Trust

INSPIRING BEYOND MEASURE

Catering Assistant

CANDIDATE PACK

Open Letter from our CEO

Dear Candidate,

Astrea is an ambitious, dynamic and young trust with a mission to tackle historic educational disadvantage. Our academies are based across South Yorkshire and Cambridgeshire, often in areas which have experienced generationally poor educational opportunities. Our role is to change that. We want to play our part in the social regeneration of these areas.

We have grown rapidly over the last four years and now educate around 14,000 students in 27 academies. Whilst our educational outcomes have improved over the last 4 years, they are not yet as strong as we would like them to be, nor as strong as our students and communities deserve.

With this in mind, we are entering a new period in our development. We are increasingly clear and specific about our vision for behaviour, curriculum and teaching quality, but our sense of what defines us is still evolving. With this in mind, we are looking for leaders who:

Want to be part of our journey to outstanding, shaping our vision, and helping us to unlock the collective power of our system. If you're a solo flyer, our Trust is not for you.

Share our commitment to an inclusive, aspirational and academic education for all pupils.

Believe that in a Multi-Academy Trust, the whole is greater than the sum of the parts and that it is our collective responsibility to get the best outcomes for all our pupils.

Bring expertise, aspiration, courage, and a collegial approach. We are brave for our communities and we welcome challenge and ambition.

Are authentic, visible and driven.

Bring an academic perspective to their work, supported by well-researched, well-evidenced approaches that make us think and push the trust's practice forwards

Want our schools to be joyful places to learn, underpinned by expert teaching, brilliant curriculum, broad opportunities for learning and excellent consistent behaviour in every classroom.

For our part, we commit to challenging you, inspiring you, supporting your development and giving you access to leadership opportunities not only within your own school, but also across our Trust as your role develops.

Best Wishes

Rowena Hackwood

CEO at Astrea Academy Trust

About Astrea

Astrea is an ambitious, dynamic and young trust with a mission to tackle historic educational disadvantage and raise quality standards across all of our schools. Our academies are based across South Yorkshire and Cambridgeshire, often in areas or at schools which have experienced generationally poor educational opportunities. Our role is to change that. We have grown rapidly over the last four years and now educate around 14,000 students in 27 academies and settings. Whilst our educational outcomes have improved over the last 4 years, they are not yet as strong as we would like them to be, nor as strong as our students and communities deserve. With this in mind, we are entering a new period in our development. We are increasingly clear and specific about our vision for behaviour, curriculum and teaching quality.

Key Characteristics of our academies:

- High aspirations, with a firm emphasis on academic attainment
- A knowledge-rich curriculum that develops a general knowledge of the world not simply for progression for the workplace, but for the love of the acquisition of knowledge
- A calm and purposeful learning environment built on mutual respect and centralised behaviour systems
- Outstanding pastoral care with the provision of specific trust delivered SEMH services where appropriate to the pupil
- Standardised reading and arithmetic catch-up programmes for pupils where this is relevant that are taught by specialists
- Active parental and community involvement
- A broad range of extra-curricular activities including sports, music, performing arts and academic clubs

Objectives for pupils:

- Encourage all children to be confident, hard-working and ambitious, regardless of background
- Transmit a core body of knowledge to all pupils and the ability to think for themselves in order to be aware of the world around them
- To be active and thoughtful participants in their local community
- To be successful in achieving their qualifications at both GCSE and A Level

A knowledge-rich education:

- By a knowledge-rich education we mean a rigorous and extensive, knowledge-based education that draws its material and methods from the best and most important work in both the humanities and the sciences.
- The aim of a core-knowledge education is not primarily to prepare pupils for a job or career, it is more to transform their minds so that they are able to make reasonable and astute judgments and engage fruitfully in conversation and debate – not just about contemporary issues, but also about the universal questions that have been troubling mankind throughout history.
- We want children to leave our schools with the confidence that comes from possessing an essential general knowledge. A knowledge-rich education should not confine itself to the Western canon, but should embrace other cultures and traditions. What that canon includes will be subject to review, but will always be closely connected to the history and the present nature of the society in which we live, including our international connections.
