Intrinsic parts of life at Allerton Grange:

- Inspiring confident, creative and independent learners.
- Celebrating our diverse school community, fostering tolerance and respect.
- Developing active and responsible citizens within and beyond the school community.

We believe that excellent teaching transforms the lives of our young people, and therefore, we are determined to provide the best quality of education for our students.

Every student is unique and given the support and guidance they need to reach their academic, creative, sporting and career goals.

# CURRICULUM VISION:

A successful curriculum empowers students and ensures they are able to understand the changing world around them.

A rigorous and knowledge-rich curriculum provides students with cultural literacy and allows them to understand the context of their learning.

Accordingly, students do not just learn a list of facts. Through a focus on powerful knowledge, students also read widely and learn a range of crucial subject specific terminology.

Lessons at AGS are characterised by relentlessly high expectations and levels of challenge for all students. We believe that the teaching of broad knowledge to all children is the single most effective way to narrow the gap between demographic groups. We believe in developing the whole child.

Our curriculum, therefore, encompasses the wide range of enrichment opportunities available at AGS - from the performing arts and sports clubs to trips abroad. Ultimately, the AGS student aspires, grows and succeeds, going out into the world as a confident and intellectually curious member of society.

This curriculum vision forms the basis of what we refer to as the AGS cornerstones (KLAS).

- Our KLAS curriculum model is central to supporting students in addressing social justice.
- This curriculum ensures that students have the **K**nowledge, **L**iteracy skills, **A**spirational enrichment and **S**ervice and Leadership to address **Social Mobility**.
- Our reading programme is innovative, and as a result, a typical Year 7 student will have read 28 books by the end of their first year with us.
- There are many opportunities for students to learn outside of the classroom and all students have access to a range of enrichment activities through lectures, debates and workshops.
- We organise cultural trips to the theatre, museums and music venues throughout the year.
- Our Music and Drama departments showcase our students' talents through termly performances.
- The Duke of Edinburgh scheme is very well established in school. Students enrol for Bronze Level in Year 9, Silver Level in Year 10 and Gold in Year 12.
- There are many leadership opportunities for students to engage with from Year 7 onwards.

## CURRICULUM VISION:

### KNOWLEDGE

- Curriculum is the progression model
- Progress - what do students know and what do they remember?
- Subject as a discipline through both substantive and disciplinary knowledge
- Sequential layered knowledge acquisition
- Responsive teaching

### LITERACY

- Explicit teaching of both Tier 2 and subject-specific vocabulary
- Oracy – students express themselves confidently using academic vocabulary
- Students write sophisticated answers in each subject discipline
- All students develop a love of reading, including the great works of classical literature
- Knowledge organiser homework – mastery of key definitions and spellings

### ASPIRATIONAL ENRICHMENT

- Relentlessly high expectations inside and outside of the classroom
- An unashamedly aspirational culture and ethos
- A rigorous programme of PSHE and SMSC (including British values)
- Clubs, tailored mentoring, and sporting excellence
- An inspirational and engaging physical environment

### SERVICE AND LEADERSHIP

- Access to a wide range of opportunities via our enrichment electives of Service, Leadership and Creativity.
- A timetabled enrichment curriculum ensures our students really can Aspire, Grow and Succeed.
- Students develop their resilience, self-belief and communication skills.
- We grow leaders of the future who understand and support the wider AGS community.

**We are true to our core values and enable our employees to engage in challenging and rewarding work, whilst at the same time supporting them to Aspire, Grow and Succeed.**

**We believe that engaged, motivated and happy staff are the foundation of a successful school community.**

## Our Staff:

Our team of teachers, teaching assistants, pastoral staff, administrators and support staff work together to make a real difference to our young people and their families.

Allerton Grange is a welcoming and inclusive community for staff and students alike. Every student is cared for as an individual, and our staff team works hard to ensure all students are safe, secure and happy. Our most important partnership is with our students and their families.

We care for our staff, and we want them to enjoy working at Allerton Grange. Our Culture Code, commitment to our [RED award framework](#) (respect, equality, diversity) and Workload Charter set out how it feels to be a member of staff at Allerton Grange, but we are also committed to minimising unnecessary burdens on staff – this enables our teachers and support staff to focus solely on planning and delivering on work that matters.

Our staff have a high level of job satisfaction and would recommend the school to their families and friends as a great place to work.

## Workload and CPD Charter:

We are committed to minimising unnecessary workload to ensure that delivering our KLAS curriculum remains the main priority for teachers.

We achieve this in a number of ways:

- We have a staff forum and a teacher workload task group who meet with senior leaders termly to discuss how to improve further working conditions.
- We have only one Pre Public Exam cycle for Year 10 through to Year 13.
- We only have two data drops in the year.
- There are no central expectations in terms of marking – feedback strategies are shared within departments as part of CPD.
- Every teacher is assigned a subject specialist coach who will support them, through incremental coaching, in better developing their specialist pedagogy.
- Staff training is wholly devolved to departments and focuses on developing each individual teacher's subject knowledge.

# DEPARTMENT INFORMATION

## Finance & Facilities at Allerton Grange School

Allerton Grange School is one of the largest and most diverse secondary schools in Leeds, with over 1,700 students aged 11–18 and a thriving Sixth Form. Our vision is to be recognised locally, regionally, and nationally as an exceptional school and a beacon of best practice. Achieving this ambition depends on strong financial management and a safe, inspiring environment, both of which are a crucial part of this post.

The postholder plays an essential role in ensuring the school operates efficiently, sustainably, and in line with our high aspirations. It oversees:

- **Financial Management** – Responsibility for the school’s multi-million-pound budget, including strategic planning, forecasting, and reporting. This post ensures resources are allocated effectively to support teaching and learning, while maintaining compliance with local authority and national regulations.
- **Facilities & Compliance** – Management of our extensive site and building maintenance to provide a safe and inspiring environment for students and staff.
- **PFI & Contract Management** – Acting as the key link with external partners, including Mite (PFI) and Chartwells (catering), ensuring contractual obligations are met and value for money is achieved.
- **IT Services** – Line management of the IT department to maintain robust digital infrastructure and support innovation in teaching and learning.

In addition to its core responsibilities, this role embraces the wider life of the school, contributing positively to a range of operational and pastoral priorities, from managing compliance to handling day-to-day challenges. This makes the position unique: it is not just a finance role, but an integral part of the school community.

The Director works closely with the Headteacher, Senior Leadership Team, and Strategy & Resources Committee of the Governing Body to ensure financial sustainability and operational stability. The role includes managing one finance assistant and collaborating with external auditors and local authority finance teams.

As the current postholder prepares for retirement, we are committed to providing a supportive handover to ensure a smooth transition and continuity of leadership. This is an exciting opportunity for a strategic thinker who combines financial expertise with practical leadership, and who wants to make a tangible impact on the success and sustainability of our school.
