Love hands-on work? Skilled in using tools, fixing things, or working with materials like wood, metal or electronics? We're looking for a practical, organised and enthusiastic D&T Technician to support a busy secondary school workshop. Ideal for makers, engineers, DIYers, model builders, or those from automotive, joinery, electronics or hobbyist backgrounds

You will support teaching and learning by:

- Preparing tools, materials and equipment for lessons
- Maintaining and repairing workshop machinery (e.g. pillar drills, bandsaws, laser cutters)
- Ensuring tools and machines meet health & safety standards (BS4163/CLEAPSS)
- Supporting teachers and students during practical activities
- Keeping the workshop clean, safe and well-stocked

The role includes working alongside teachers to support learning in practical lessons and demonstrations.

Candidates should:

- be able to communicate effectively with young people to support learning and development,
- be flexible, committed and possess sound administrative and IT skills.
- have experience of working in an appropriate technology or workshop environment and know how to operate and maintain machinery, tools and equipment.
- possess a working knowledge of health and safety requirements.

In return we offer:

- A supportive and values-led community where every staff member is integral to our collective success
- A vibrant and collaborative team
- A school where wellbeing is a core component of our everyday practice
- Excellent professional development opportunities
- Local Government Pension Scheme, including generous employer contributions.
- Free on-site parking
- Discounts at retailers, a cycle to work scheme and a free flu vaccination
