THINK SMART | LOOK SMART | BE SMART

April 2026

Dear Applicant

Looking for a new challenge? Why not join us?

Re: Learning Manager – Science to start September 2026 with TLR2b Recruitment and Retention available for the right candidate.

Thank you for your interest in this post.

An energetic and committed Science teacher is sought to join our established and successful department. This is an exciting opportunity for an outstanding and aspirational candidate to develop their career.

The Science department is key strength of the school, staffed by a team of organised and dedicated specialists. It is a supportive environment and provides strong professional development. Please find enclosed the following documents:

- ◆ Job Description
- ◆ Person Specification
- ◆ Application Form
- ◆ Information about the School
- ◆ Information about the Science Department

Applications should be returned to the School Office via email to dpark@byrchall.wigan.sch.uk by **9.00am Thursday 7 May 2026**. Applications will be reviewed upon receipt.

If you have any questions about this post, or wish to visit the school, then please do not hesitate to contact Mrs Katrina Millward Director of Science:

kmillward@byrchall.wigan.sch.uk .

We strongly encourage all prospective applicants to browse our social media channels which provide an insight into school life.

Yours sincerely,

Mr P Paul
Headteacher

GENERAL INFORMATION

Formerly the Ashton Grammar School, Byrchall High School is now an 11-16 co-educational Comprehensive School of 1000 students. The school takes its name from Robert Byrchall, the original founder of the school in 1588.

The school is governed by the Makerfield Academy Trust, which is a charitable company. The members of the Trust agree its visions and values. The Board of Directors set the strategic direction of the organisation, ensure the vision and values are upheld and ensure financial probity. The school has a Local Governing Body who oversees the leadership and management of the school.

The current Byrchall High School is a modern, forward looking establishment. We aim to be at the forefront of teaching and learning developments and are highly committed to CPD. Our emphasis on learning and achievement is allied to a strong moral and ethical dimension that reflects our founding principles. The school was judged as 'Good' in all areas by OFSTED in September 2022. They noted that the school has high expectations of what pupils should achieve, and it has a clear and ambitious strategy for school improvement. It said the pupils behave well around the site and that they have positive attitudes to their education.

Byrchall High School has a truly comprehensive intake, ranging from students who will go on to study at top universities to those who require additional support. All students are valued equally. Byrchall High School has a strong academic record.

Our students participate and achieve in a wide range of academic competitions including Debating and Public Speaking, the UK Maths Challenge, The Big Book Quiz, Engineering and Stem Challenges.

The school is situated on a very pleasant site on the outskirts of the small town of Ashton-in-Makerfield in the Wigan Local Authority. The school is opposite Haydock Park Race Course and very close to the junction of the A580 and the M6 motorway; it is, therefore, easily accessible from any number of directions and within easy reach of Manchester and Liverpool. The school's substantial new build programme opened in September 2024. This includes new sports facilities, drama studios, classrooms, dining facilities, Learning Resource Centre, Administration offices, SEN suite and specialist teaching rooms for Science, ICT, Product Design, Food, Art and Music

WHY WORK AT BYRCHALL HIGH SCHOOL?

Working at Byrchall High School offers several compelling benefits and opportunities:

Modern Facilities

New Building: The school recently moved into a brand new, state-of-the-art building, providing a modern and well-equipped environment for both teaching and learning.

Supportive Community

Collaborative Environment: Byrchall High School fosters a supportive and collaborative atmosphere among staff, encouraging professional growth and teamwork.

Professional Development: The school is committed to the continuous professional development of its staff, offering various training and career advancement opportunities.

Student-Centred Approach

High Standards: The school emphasises high standards of attainment and behaviour, creating a positive and focused learning environment.

Diverse Curriculum: Alongside core subjects, the school offers a wide range of courses, including Music, Drama, Food, Business, Graphics, Art, Product Design, Spanish, French, and Engineering

Extracurricular Opportunities

Rich Extracurricular Program: Staff have the chance to engage with students beyond the classroom through various clubs, sports, and activities, fostering a well-rounded educational experience

Community Engagement

Local Impact: Being part of the Wigan community, the school actively engages with local organisations and initiatives, providing staff with opportunities to make a meaningful impact in the community

WORKING FOR MAKERFIELD ACADEMY TRUST

As the first Training School in the country Byrchall has a long rich tradition in providing high quality and bespoke professional development. The school takes great pride in the professional learning opportunities it offers staff at all levels. Joining Byrchall's learning community will provide you with full access to a well-established and forward-thinking network which strives to help you build a long and rewarding career across our Academy trust.

Byrchall is a strategic partner of the Generate Teaching School Hub and Learning Futures Teacher Training partnership. The Alliance works with a range of primary and secondary schools across Wigan to lead and deliver training and development. Whether you aspire to become a middle or senior leader, or the ambition to become an outstanding practitioner in your area of expertise, our Academy trust will provide you with unequalled access to a range of bespoke courses and qualifications. These courses include a suite of National Professional Qualifications (NPQs), Lead Practitioner (LP) and Expert mentoring. The academy trust takes a lead role in delivering these programmes across the partnership enabling our staff to gain accredited facilitator, expert mentor and coach status with some of the lead National educational providers. In addition, the academy trust oversees the development and provision for Early Career Teachers on behalf of the Local Authority accrediting body and takes a lead role in delivering the Early Career Framework enabling staff to gain relevant accreditation for facilitation and mentoring.

The Academy trust is proud of the close partnership it has with Edge Hill University providing access to a Masters Programme, Research Projects, the National SENCO award and a range of Level 6 & 7 accredited programmes. Some of our staff alumni have even progressed their career via this partnership going on to secure leadership roles within the Faculty of Education. In addition to these exceptional accredited programmes, the school leads Secondary Networks across each of the Subject Disciplines creating the opportunity to collaborate with teachers and leaders across Wigan, sharing up to date research, resources and working together to grow subject expertise, professional practice and personal development. This high impact model of professional development is replicated in school where all staff have protected timetabled time to meet. The trust actively encourages and organises best practice visits across all educational settings including primary, secondary, special and colleges sector.

Our aim is to help you achieve your ambitions more quickly. Our staff CPD programme is underpinned by the most recent and relevant educational research. The excitement of our new build will enable staff to continue to develop Modern and Innovative practice across all aspects of education.

We have a highly experienced team of leaders, mentors and subject specialists, who are all committed to supporting your career and develop. We look forward to receiving your application and discussing your career aspirations further at interview.

SCIENCE DEPARTMENT

Ethos

'Inspiring young scientists of the future, atom by atom'.

Vision

Science surrounds us. It is everywhere in our daily lives - all day, every day! We want Science to inspire students to explore the world around them and recognise and understand this. We aim to excite and enrich with the practical applications of the subject, teaching students that doing science develops our ability to ask questions, collect information, organise and test our ideas, problem-solve and apply what we learn. We want students to experience a personal sense of awe and wonder when understanding and explaining the natural world.

Science is a platform for building confidence, resilience, developing communication skills, and making sense of the world around us.

Science department

This is an exciting opportunity for a well-qualified, ambitious and inspirational teacher to join a team of experienced, professional and forward-thinking Science teachers. The team consists of ten full time Science specialists who are passionate about bringing Science to life in the classroom. The team meet every fortnight during dedicated professional development time which is focused on research and pedagogy.

The department has a suite of eight well resources laboratories which are supported by an experienced laboratory technician. As part of the new build we will have 4 newly built laboratories. We have the benefit of a Science learning resources centre equipped with a 3D cinema. ICT is bookable by Science teaching staff and is used regularly to support and enhance the curriculum. Staff work collaboratively to develop high quality teaching and learning resources that challenge and inspire students.

The department is well organised with well-structured schemes of work following a five-year progression pathway. Key ideas are revisited at regular intervals with increasing complexity according to the learner's cognitive ability and new learning is built upon previous learning. In year 7 and 8 we offer a broad and balanced curriculum that supports, challenges and excites our students. Each scheme of work is planned to meet the needs of the national curriculum and provides opportunities to build on prior knowledge and skills from KS2 science.

During year 9, 10 and 11 students study the key concepts developed in lower school in more depth. The design of the spiral curriculum ensures students access the same key concept in different contexts to provide the opportunities to explore and delve deeper into their understanding. Students go on to study either combined science or three separate sciences.

BYRCHALL HIGH SCHOOL

In joining the team, you will be given the opportunity to contribute to the wider development and enrichment of science. Our students embrace a wide variety of STEM activities, clubs and workshops with industrial and college partners.

If you are an ambitious, enthusiastic, skilled classroom practitioner who is innovative and can demonstrate a real passion for science, with a commitment to make a difference to the lives of our students by raising standards, achievements and expectations, then we would welcome your application.

To support the successful candidate, we have a personalised and bespoke CPD program tailored to individual aspirations and needs.

THINK SMART | LOOK SMART | BE SMART
