

ANFIELD SCHOOL

The British Curriculum School in Hong Kong

EARLY YEARS PROSPECTUS

The environment is the 3rd teacher.

THE KINDERGARTEN ENVIRONMENT

Anfield has two kindergarten campuses.

Kowloon Tong Campus is an attractive building set in a delightful garden with mature bamboo and trees. The light, airy classrooms are well resourced and organised in a way to stimulate inquiring minds. There is a beautiful, dedicated music room and the campus boasts a fitted children's kitchen, where children bake weekly. The lovely, inviting library is well-stocked and children choose books to read at home weekly. Children attend Playgroup, Pre K, K1, K2, K3.

Whampoa Campus is a purpose built kindergarten within the popular Laguna Verde complex. The attractive kindergarten is light and spacious and has an indoor studio in which special events and celebrations take place. Well-defined learning bays support cooking and Mandarin lessons and there is a dedicated music room. The campus has a well-resourced library that children use regularly, selecting books to share at home. Children attend Nursery, K1 and K2.

Anfield prides itself in providing a most attractive learning environment which is fit for purpose, and encourages independence and creativity.
