

Headmaster T N M Lawson MA (Oxon)

Teacher of Chemistry

January 2019

Introduction

The College seeks to appoint an inspirational and energetic Teacher of Chemistry from January 2019. The right person will have a marvellous opportunity to work in a stimulating environment, where resources, buildings, colleagues and pupils all strengthen the process of teaching and learning.

The post could be full or part-time, depending on the skills and circumstances of the appointee. The position would suit an NQT, an experienced teacher wanting to put his or her experience to use in a different context, someone returning to teaching, or a high-calibre graduate without a formal teaching qualification but with the right skills and vision to inspire and motivate young people.

The College

Eastbourne College is a co-educational HMC independent school of just over 630 pupils, of whom half are full-time boarders. It is a strong community with excellent links with local schools and the remarkable town in which it is located.

Academic standards are very high with an average of 80% of A-level grades being awarded A*, A or B over the last ten years. At GCSE approximately well over half of all grades awarded are A*, A or equivalent. The College recruits from a wide ability range and value added outcomes are exemplary. The majority of College leavers enter higher education in leading universities at home or abroad.

The College is run as a seven day week, full boarding school. Day pupils share the same wide curriculum as boarders and enjoy equal access to the physical and human resources of the school. Day pupils can complete their prep in Houses; buses run at both 18:00 and 20:00 on weekday evenings.

We are proud of our rich cultural and sporting traditions. The recently built Birley Centre is a hub of music practice, performance, composition and recording. There is an established partnership with Glyndebourne and links with Ballet Rambert, local artists and musical ensembles. College artists exhibit in London, actors have appear at the Edinburgh Fringe and have starred in film and TV; the Design & Technology department wins an extraordinary number of Arkwright scholarships. We have an enviable reputation for sport both regionally and nationally. Eastbournians frequently represent the county in hockey, rugby, cricket, tennis and netball; several

old Eastbournians have gone on to achieve international honours. There are also thriving CCF, D of E and service programmes.

As we celebrated our 150th year, the College completed the most ambitious development project in its history. *Project 150* saw the delivery of over 30 state of the art classrooms, ICT suites, a new swimming pool, café, school shop, dance studio, sports hall, squash courts, dining hall and fitness suite. We believe that the College has some of the best facilities of any school in the UK. For further information about Project 150 and our future development plans, please visit the website:

<https://www.eastbourne-college.co.uk/about-us/our-future/>

Eastbourne College places great emphasis on the importance of developing a school in which education is built on core values and positive, supportive relationships. These central qualities will endure long after a student moves on from the College. The five key values of participation, the pursuit of excellence, integrity, courtesy and kindness are, it believes, the bedrock upon which every child's education should stand, providing them with the wherewithal to flourish both at school and beyond.

The Post

The successful applicant will be expected to teach Chemistry to pupils of all abilities throughout the school. Chemistry is a compulsory subject in years 9 to 11 with GCSE students following the AQA Chemistry or Science Trilogy courses. At A-level, sixth form students are also taught the AQA specification. The successful applicant will be expected to share their passion for Chemistry by offering enrichment opportunities to pupils outside of the taught specifications.

All members of Common Room are expected to play an additional part in the broader life of the College, e.g. by acting as a tutor in one of the day or boarding Houses, by offering their expertise in coaching team sports, or contributing to music, drama, debating etc. The Chemistry department has a long tradition of wide and varied contribution, recognising the value it brings to relationships with pupils in the classroom.

The College has its own salary scale and the successful applicant will be placed on the scale at a level commensurate with their experience and qualifications. Accommodation may be available for single or married applicants, including those with families. Teaching staff benefit from generous rates for the education of their own children both at the College and at St. Andrew's Prep.

The Department

Situated on the top floor of the Science Centre, the department has the benefit of some superb facilities. There are currently six Chemistry teachers, who are ably supported by a dedicated full-time

chemistry technician. Each full-time member of staff has their own fully-equipped laboratory, in addition to which there is also a project room that is suitable for seminars and individual research.

The department believes strongly in practical work as a vehicle for teaching and learning, and is very well equipped with the latest apparatus. There is also a well-stocked prep room and we aim to ensure that opportunities for practical work are not resource limited.

Each laboratory has separate teaching and practical areas with space for up to 24 pupils to work, although set sizes are normally below 20 at all ages, and much smaller in the sixth form.

Each laboratory is equipped with a Prowise touch screen and a digital presenter. The building is fully networked, with wireless technology providing mobile connections to laptops and other mobile devices. Networked printers and a photocopier/scanner are also located within the Science building.

Job Description

- 1. Job Title:** Teacher of Chemistry
- 2. Responsible to:** The Head of Chemistry
- 3. Job Summary:** To teach Chemistry to pupils of all ages and abilities throughout the school. To play a full role in the development of pupils by contributing to the academic, pastoral and co-curricular life of the College.
- 4. Duties and Responsibilities**

Academic

Salary and Conditions

The College has its own salary scale. Specifics of this can be discussed with the Headmaster at interview.

The College offers generous packages of additional benefits and pay; all staff are on a salary scale above the national average and have opportunities for salary progression. The College participates in the Teachers' Superannuation Scheme administered by the TPA.

Accommodation may be available. The successful candidate will also benefit from a generous rate for the education of their own children, both at the College and at St. Andrews Prep.

All appointments are made subject to a satisfactory medical disclosure, an enhanced check with the DBS and any other pre-employment checks deemed necessary by the College.

The College is a non-smoking establishment and an equal opportunities employer.

How to Apply

In order to apply, please send the completed application form, together with a letter of application (addressed to the Headmaster). Please also provide the contact details of three referees, one of whom should be your current employer.

Your letter of application should evidence your suitability for the post against the job description and person specification described above.

Electronic applications are welcome and should be sent to applications@eastbourne-college.co.uk

All applications must be received by noon on 26/09/18.

All candidates will be contacted shortly after the closing date with interviews taking place at the College thereafter.

Postscript

There are many attractions to teaching at Eastbourne College, not least its location on the south coast in the sunniest part of the country.

The College provides a safe urban environment in an attractive part of a peaceful town where pupils have easy access to shops, cinemas and theatres at appropriate times, and this strengthens the boarding experience. The railway station is close, with easy travel to Gatwick (one hour) and London (under 90 minutes). The beach and sea are a five minute walk away and the South Downs (the newest National Park) are literally on our doorstep.

The school is a strikingly happy, cohesive and coherent community. We look forward to meeting you.
