

CANDIDATE INFORMATION BROCHURE LANGER PRIMARY ACADEMY

To inspire young people to make their best better

Dear candidate,

Thank you for your interest in the KS2 Teaching role at Langer Primary Academy. We are very proud and privileged to serve the young people in and around Felixstowe. We place learning at the core of everything we do and we have a great team of staff and governors to help achieve improving outcomes for our students.

Langer Primary Academy is part of Academies Enterprise Trust network of 63 primary, special and secondary academies. We are passionately committed to inspiring children and young people. We firmly believe that all young people deserve to become world class learners - to learn, enjoy, succeed and thrive in a world class educational environment, which has the best facilities, the best teaching and the most up to date resources available to them.

Being part of the Trust has enabled us to work closely with our 'Essex and Suffolk Cluster' of primaries all of which have been judged to be at least 'good' by Ofsted. The Trust provides a high degree of support and expertise to the whole school community and we enjoy significant partnerships with other primary and secondary academies across the school network.

We warmly invite you to look at our website and read through the information about what we do, our achievements both inside and outside of curriculum time and the other accolades the academy has achieved.

In the meantime, we very much look forward to hearing from you. We appreciate the amount of time that goes into an application, so thank you in advance.

If you share our vision and values then we would be very excited to hear from you.

Yours sincerely

The Talent Team

Langer Primary Academy

Langer Primary Academy is a small primary school with big ambition. We provide places for pupils from Reception to Year 6 arranged in three Key Stages, the Early Years Foundation Stage (EYFS), Key Stage 1 and Key Stage 2. We, at Langer Primary Academy, firmly believe that children only get one chance at a quality education and are, therefore, a school that is committed to raising standards for children in all areas of school life. We promise you that we will do our best to ensure that your children receive the best whilst they are with us.

Langer Primary Academy is a mere stones-throw from the sea front, situated in attractive grounds with a large playing field, which includes climbing apparatus for the children to play on, and dedicated space for children in the Reception class to use. We also have a wildlife area for use in our science lessons.

The school celebrated its centenary in September 2012 and has 7 classes. We have a main hall; a purpose built Early Years setting for Reception; a library; an ICT suite; a Nurture room; activity areas and administrative offices. There is disabled access to the building. There are currently 164 children on roll, meaning that the academy is large enough to offer a range of exciting opportunities for the children, but small enough for the staff to get to know the children and their individual needs very well.

At Langer we have high expectations and provide a rich, broad and balanced curriculum. In addition to the acquisition of skills, knowledge and understanding, importance is placed on developing the child as an individual, capable of independent learning and self-discipline. We pride ourselves on our positive, friendly atmosphere and caring attitude. The whole school works together to create a positive environment and a sense of community.

Google for Education

Google for Education is an exciting and innovative way of learning, introducing easy tools to engage students whenever, wherever on any device!

In summer 2012, AET adopted G Suite for Education, the free web-based communication and collaboration suite available to education establishments.

With products including Gmail, Google Calendar, Google Drive, Google Sites and Google Classroom, AET recognised the potential it would bring to classroom learning, knowledge sharing across the academies, improvements in administrative efficiency and providing access from home for all.

This enables all our students and staff to have access to the most up-to-date technology. Our academies have also rolled out many class sets of Google Chromebooks, affordable browser-based laptops that provide quick, simple access to the web!

The latest innovation in an increasing number of our academies includes access to Chromebook Flip for all teachers with the ability to cast the screen from anywhere to the large format screen at the front of the classroom. Where students have access to Chromebooks, teachers can also allow students to cast their work to the screen as well to support with peer assessment, group projects and collaborative working!
