

November 2019

Dear Colleague,

**Part-time Teacher of Science from January 2020**

Thank you for your interest in this post. We are looking to appoint a new colleague who is well-qualified and able to teach all three sciences at KS3 and GCSE level. The post is a part-time (0.6 FTE) temporary position from January until July 2020.

The science department achieves fantastic results and last year we scored ALPS 1 which means that our value added in science was the highest in the country. Science is a hugely successful part of the school and we hope that you will be able to help it become stronger still.

Balcarra is an excellent place to teach. We have friendly staff, pupils who are keen to learn and supportive parents. We work in attractive buildings, superbly-equipped, on a beautiful site. We are a teaching school, a maths hub and a host school for STEM, and professional development is one of our major strengths.

I hope that having read all the details and perused our website you will be keen to apply. Please submit your application by Monday December 9<sup>th</sup> 2019, at **9am**. Interviews will then take place shortly afterwards.

I look forward very much to hearing from you.

Yours sincerely,

Headteacher
