Mathematics Teacher

Welcome from the Principal

You are reading this application pack at an exciting time for our school.

Our latest Ofsted recognises the progress that has been made in recent months. Our students are getting experiences that are the envy of many other schools and our results were amongst the most improved in the region.

I am sure that you will do your research on the academy and see that in recent years the school has overcome challenges to get to this point. We do not shy away from that.

In fact, it is something that drives us on.

Our wider community is diverse and our students are respectful and confident learners who deserve the very best. Our £30 million state-of-the art facilities are, for example, a reflection of this.

Since my appointment I have been committed to building on this by recruiting, nurturing and recognising talented educationalists to help us build on the progress that is being made.

We have a culture that actively wants to embrace new ideas and best practice that will support and engage our students. We want to challenge the norm and set our expectations high.

That is what I believe makes this role so appealing. You will be able to have a real and demonstrable impact that will help transform the life chances of our students.

You will also be joining the wider Oasis Community Learning network, an organisation committed to the provision of high performing schools and healthy communities in a nurturing and inclusive system.

This means that the career progression opportunities for talented educationalists are enviable. You will be able to work with our partner schools, and we are in a relatively unique position of developing a secondary partner free school just a short distance away. The possibilities to develop your career are very clear.

To support this, we pride ourselves on a delivery of a high quality, bespoke extensive programme of professional development which is succeeding in rapidly raising standards of teaching and learning.

If you choose to join us I am sure you will find your working life rewarding, stimulating and fulfilling. You will find that there are great opportunities to contribute in a range of ways to the work of the academy and to your own personal and professional development.

Oasis

Oasis was established in 1985 and has now grown into a group of charities working to deliver housing, training, youth work, health care, family support and primary, secondary and higher education. In the UK we employ over 4,000 staff as well as working with thousands more volunteers. We also work in nine other countries around Europe, Asia, Africa and North America

Oasis Community Learning

Oasis Community Learning is an educational trust established in 2004 with the express purpose of transforming learning, lives and communities through the development of Oasis Academies. Currently there are 47 Academies in the Oasis family of academies across primary, secondary and post 16 phases.

Our Purpose

Oasis Academies exist to provide a rich and balanced educational environment which caters for the whole person - academically, vocationally, socially, morally, spiritually, physically, emotionally and environmentally. Our task is to serve our students as well as to provide a learning hub for the entire community. In this way we will raise aspirations, unlock potential and work to achieve excellence through encouraging a 'can do' culture which nurtures confident and competent people.

Our Ethos

Our ethos is an expression of our character - it is a statement of who we are and therefore the lens through which we assess all we do. This is encapsulated by the following five statements:

- a passion to include everyone
- a desire to treat everyone equally, respecting differences
- a commitment to healthy and open relationships
- a deep sense of hope that things can change and be transformed
- a sense of perseverance to keep going for the long haul.

Oasis Aims

Transform Lives - Every person matters and everyone is loved and valued

Transform Learning - We have a passion for learning and we want everyone to achieve their full, God-given potential

Transform Communities - We are committed to community development and the aim of all our work is to increase community cohesion, locally, regionally, nationally and globally

Oasis Philosophy of Education

Three important ancient Hebrew words underpin Oasis' whole life learning and philosophy of education:

Shalom (peace; completeness; nothing missing; nothing broken; wellbeing; wholeness)

Healthy Communities (peace; completeness; nothing missing; nothing broken; wellbeing; wholeness) Seeks to ensure that every classroom encounter, each piece of curriculum planning, each assessment experience are all shaped, informed and delivered in the light of our desire for wholeness and well-being in the widest sense of the word; for everyone at every level of their lives - academically, vocationally, physically, spiritually, morally, socially, economically, environmentally and culturally

Yada (to know; to see; to perceive; to understand; to experience; to have a relationship with)

Deep Learning (to know; to see; to perceive; to understand; to experience; to have a relationship with) Gives students the opportunity to encounter and experience learning personally and relationally. It is never an abstract, theoretical or academic idea simply to be contemplated but, rather, primarily about gaining wisdom – the practical application of knowledge to every area of life. Life is not straightforward; learning from failure and mistakes and being resilient is an important part of it. It is hands-on learning throughout life which can only be obtained through on-going active, intentional engagement with it and with others.

Rabbi (my teacher; my guide; my role model; a term of respect)

Inspirational Leadership (my teacher; my guide; my role model; a term of respect)

Through personal example and strong relationships, all teachers are encouraged to be inspirational role models for their students. In this way, a teacher is not simply a purveyor of 'knowledge', dropping it into the minds of those they teach. Instead, they are communicating and bringing knowledge, wisdom and understanding through their words, actions and whole lives, helping students to reflect and think for themselves.

Oasis Offer

Underpinned by our values and beliefs, all our work is designed to ensure each student receives the very best educational offer. Oasis operates as a national family of Academies, split into four regions.

The regional teams provide standards leadership and a professional governance service.

The Oasis family of Academies is led by empowered - and empowering – resilient leaders who, through their deeply held beliefs and values, always strive to make decisions in the best interests of the students and their communities.

Each Oasis Academy has its own identity and purpose and serves its local community by working with it to transform learning, aspirations and opportunities.

As a family, Oasis Academies work interdependently, benefitting from sharing best practice and inspirational pedagogy. Leaders and teachers build understanding of what is needed to secure the best possible sustainable outcomes for all learners.

Each Oasis Academy is committed to enabling children and students to become effective, enthusiastic, independent learners, committed to life-long learning.
