The Sacred Heart Language College is a highly successful, oversubscribed learning community for girls aged 11 – 16 with a strong tradition of academic success and active learning at its core. Our students achieve their best and are enabled to progress to further education. We were judged as outstanding by the Diocese of Westminster in 2019 and by OFSTED in 2014. We strive to continue to provide the best education for all our students.

We seek to appoint an enthusiastic, committed Graduate Intern to join our Inclusion Department. The ability to provide support in a core subject area will be an advantage. This post may suit those considering teacher training or youth work and wishing to gain experience in a school.
