

THE GREEN SCHOOL
TRUST

Teacher of Physics The Green School for Boys

Dear prospective candidate,

Thank you for your interest in applying for the above post at The Green School for Boys. The Green School for Boys opened in September 2017 with 120 boys in year 7 and is one of two schools run by The Green School Trust – a Church of England Multi Academy Trust serving the young people of West London. The Trust's core purpose is to develop schools which expand the hearts and minds of students. The motto for The Green School for Boys is "reach beyond your grasp" which is an adaptation of a line from "Andrea del Sarto, a poem by Robert Browning, which reads "Ah, but a man's reach should exceed his grasp, or what's a heaven for". This serves to illustrate the ambition we have for our boys.

This is a once in a lifetime opportunity to shape the delivery of the science curriculum in a new school, in collaboration with the Head of Department. Here at TGSB we have chosen to structure our curriculum into 10 big ideas, split across the three discrete sciences, with maths and practical skills embedded. The boys are taught science as discrete subjects from year 7, and this will continue at GCSE level with the majority of boys being entered for the three science GCSEs. Our co-curricular provision offers Science club, participation in projects like The Mayor's London Scientist Crest Awards, visits to the Salters Chemistry Festival, the Big Bang Fair and the Natural History Museum. The school has subscriptions to Kerboodle and Twinkl and the new permanent building will have purpose built Science rooms to reflect our STEAM specialism which we underpin with a focus on literacy, creativity and links to industry. The school's Christian ethos and enrichment in Sports, Arts and STEAM ensures that boys develop as well rounded confident and compassionate young men.

Staff will be involved in all aspects of school life in order to lay strong foundations for the future. We value our staff and we work collaboratively to provide professional support, C.P.D. and sharing of good practice across both The Green School for Boys and The Green School for Girls. Staff have the opportunity to teach across both schools and deliver A level at The Green School Sixth Form. This is an exciting time to join the school, as we prepare to move into our fantastic new school building, and presents a unique opportunity to contribute to a new school in its fourth year with a highly committed and professional team who have established a strong positive ethos where every child matters.

To apply you should complete the TES application form and write a supporting statement of no more than three sides of A4 (size 11) explaining how your professional experience has prepared you for the role with reference to the person specification.

If you would like to visit the school please contact my PA Julie Hart j.hart@tgstrust.com. I very much look forward to receiving your application.

Yours sincerely,

Mrs Sally Yarrow
CEO & Executive Headteacher
The Green School Trust
